## Speakers Club

Founded Evening School January 26, 1932

The Speakers Club was founded at the University System of Georgia Evening School for the purpose of serving the school and better fitting the Speakers Club members for successful life work; by promoting interest in public speaking among its members; by affording to those already interested in public speaking an opportunity to improve their abilities; by encouraging participation in inter-collegiate debating; and, as a result, furthering the development of a high standard of education.

# Division of General Extension

## UNIVERSITY SYSTEM OF GEORGIA

**T**O meet the needs of those unable to attend college two types of courses are offered by the Division of General Extension of the University System of Georgia. In one, members of the faculties of the several institutions of the University System of Georgia doing extension work meet groups in their home towns once a week for lectures and discussion. In the other, correspondence courses are offered for those who cannot meet with extension groups in home study.

THE Division of General Extension cooperates with all institutions of the University System of Georgia doing extension work either by correspondence or in extension classes. These institutions offer through the Division of General Extension instruction in a large number of courses by which credit may be earned to meet both degree requirements and professional standards. Several hundred courses are available in more than one hundred subjects in

Agriculture	Journalism
Art	Latin
Commerce	Mathematics
Economics	Music
Education	Philosophy
English	Political Science
French	Physical Education
Geography	Psychology
Health	Science
History	Sociology
Home Economics	Spanish

A student may register for correspondence instruction at any time. Extension classes may be organized anywhere in the state.

A student may apply through the Division of General Extension for enrollment in the institution of his preference, for any course offered by that institution which he may be qualified to pursue with profit.

SPECIAL plans and terms have been arranged by the Division of General Extension in cooperation with the State Department of Education for validation of curriculum study under local leadership in home communities, and for aiding graduates of high schools who may not be able to attend college, details concerning which may be had upon request.

For information concerning any phase of extension work of any institution of the University System of Georgia, or bulletin, application form, etc., write directly to the institution concerned, or address:

Nearly a quarter of a century of service and devotion to American Colleges and their students who are members of various organizations is a distinction in which we take great pride. That we have demonstrated our integrity and proved our dependability is attested by the fact that today we serve with few exceptions all of the Greek letter fraternities and sororities as sole official jeweler.
