UNIVERSITY EXTENSION

Today—1944—our dedication is not to a person, but rather to a spirit. Not a ghostly phenomenon that glides through the halls of school, making weird sounds and clanking rusty chains, but a spirit in the hearts of each of us who are a part of our school. It was this feeling that prompted one of our soldiers, now in Italy, to write, "When I think of home, I think of talks we used to have down at school . . ." Perhaps it's not the material things. Those COULD be destroyed. Maybe our boys want to come back to laugh and cry and sit up all night cramming for finals. What we are talking about is the spirit of free men and happy men. That is the spirit that is making us plan for when the boys come home, and what a wonderful world we are going to make for them! Maybe Sir Arthur Pinero was right. He said: "The future is only the past again, entered through another gate." The doorway to a bigger and better GEORGIA EVENING COLLEGE.

## THETA CHAPTER

Since the installation of Theta Chapter, June 9, 1931, Delta Mu Delta has done much to promote a higher standard of scholarship in the Evening College. This fraternity is to promote higher scholarship in subjects set forth in the curriculum of the Evening College; to stimulate interest in the advancement of scholarly ideals; and to recognize and reward scholastic attainment in the studies as set forth above.

The election of members, selected from the Graduating Seniors, together with two under-graduates, honors those students who have successfully passed the rigid requirements for this, the only national scholarship fraternity in the Evening College.

The Kappa Theta Sorority was founded January 24, 1937, by Mrs. Nell H. Trotter who, realizing the need for another social organization for women, banded together a small group of girls, and formed the sorority which is now in its seventh year.

The organization is composed of members who realize their responsibility to our school, our community and the world of today.

by ETHELYN CANTRELL, '40

### I

*That we may nobler, richer grow  
In concepts of the mind—  
That we may lend to all we know  
A grace entirely thine.*

### II

*That we may to each other show
