The Beautiful World Of Our Minds

Wish I was A Kellogg's Cornflake
Floatin' in my bowl takin' movies,
Relaxin' awhile, living in style,
Talkin' to a raisin who

Simon & Garfunkel

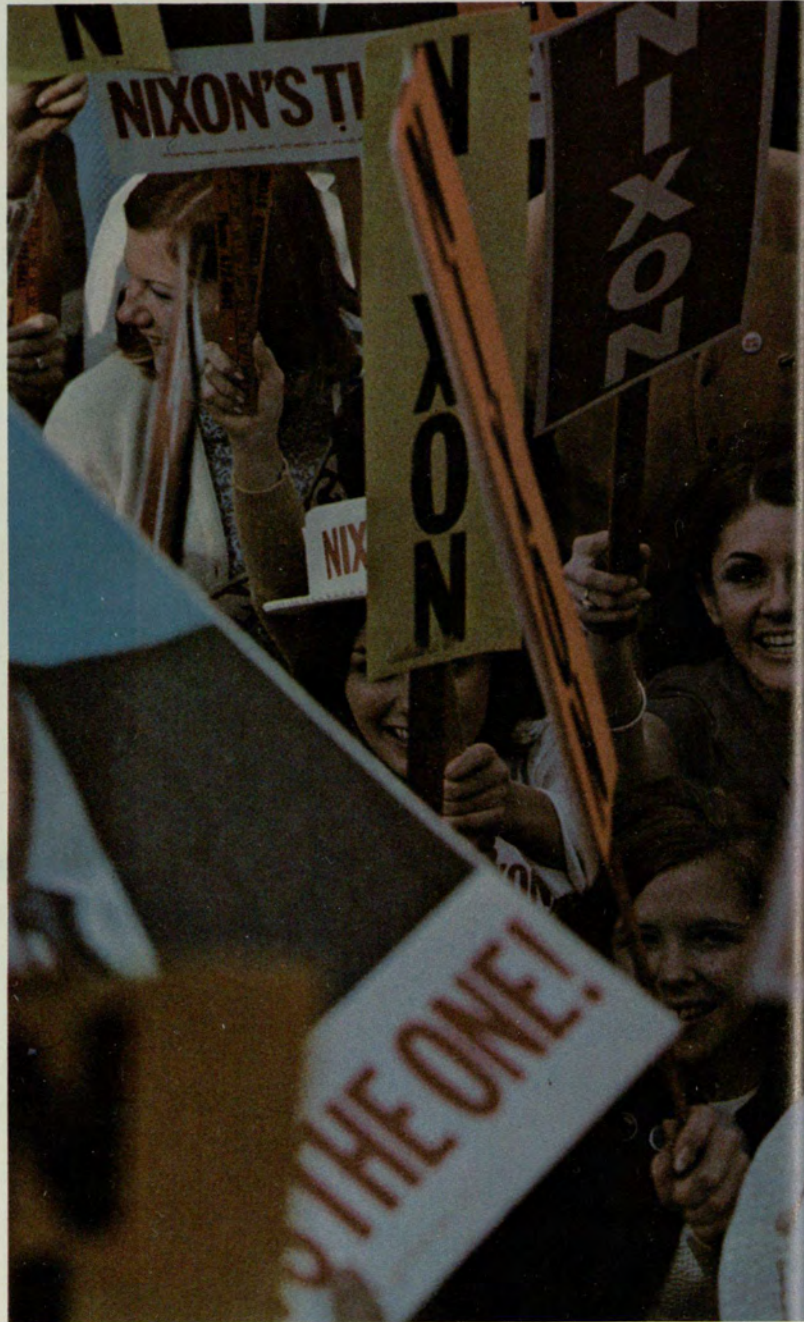

Grass, Goofballs, speed, sugar cubes, pot,
beauties, dolls, bananas.
I am a dreamer, I face reality.
I exist ... I know not where.
I see the wind, but I don't feel it.
Nothing concerns me ... beyond death.

Ah, South California.
If I become a first lieutenant
Would you put my photo on your

Simon & Garfunkel

Someone told me
It's all happening at the zoo.
I do believe it,
I do believe it's true.
It's a light and tumble
journey
From the East Side to the
park;
Just a fine and fancy ramble
To the zoo.
Simon & Garfunkel

We'd like to know
A little bit about you
For our files.
We'd like to help you learn
To help yourself.
Look around you. All you see
Are sympathetic eyes.
Stroll around the grounds
Until you feel at home.

Simon & Garfunkel

The sounds of the city,
Sifting through trees,
Settle like dust
On the shoulders
Of the old friends.
Can you imagine us
Years from today,
Sharing a park bench quietly?
Simon & Garfunkel

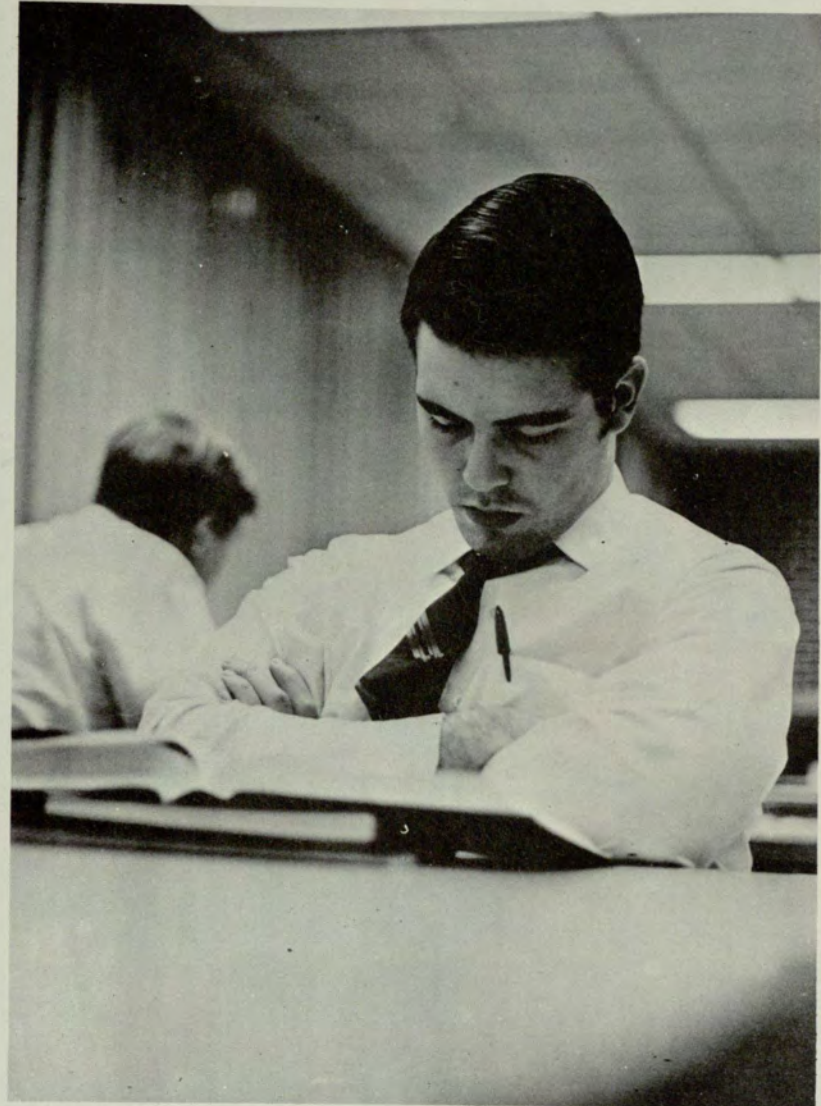

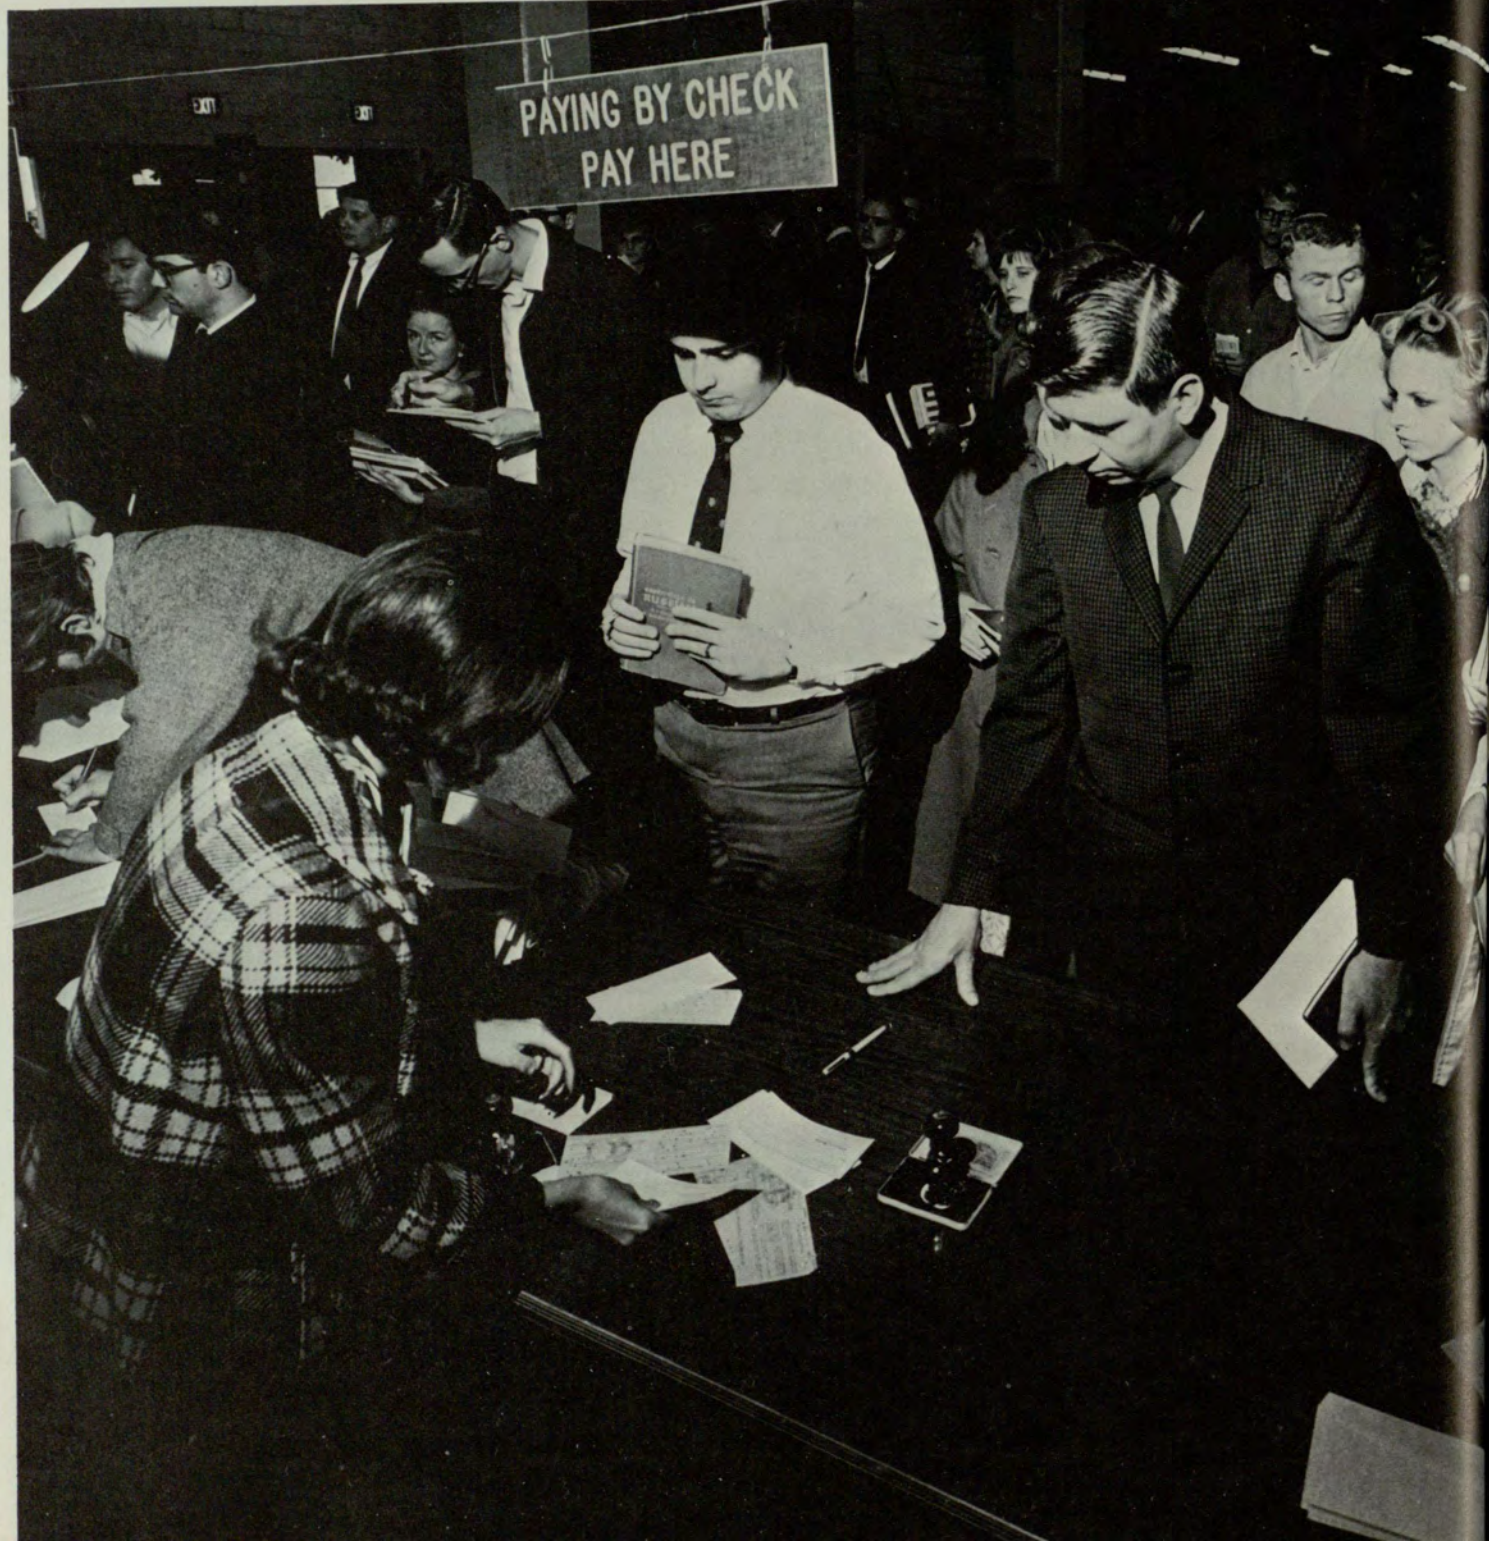

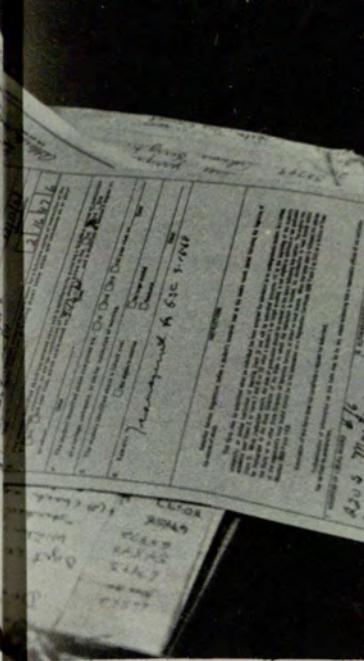

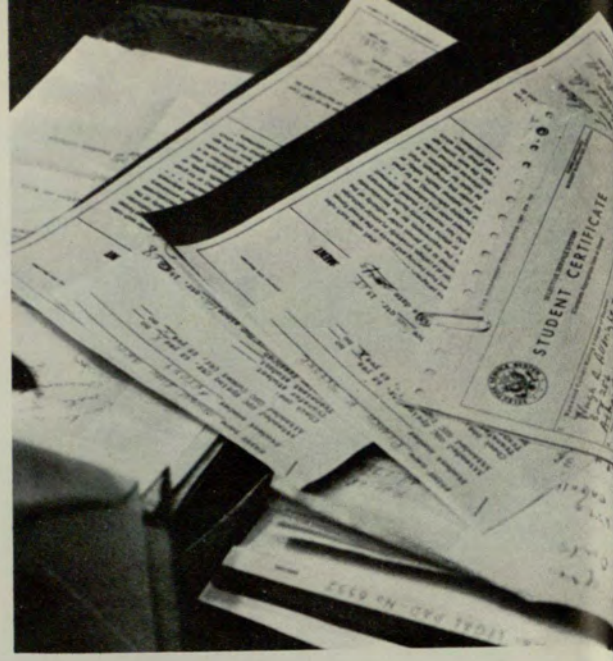

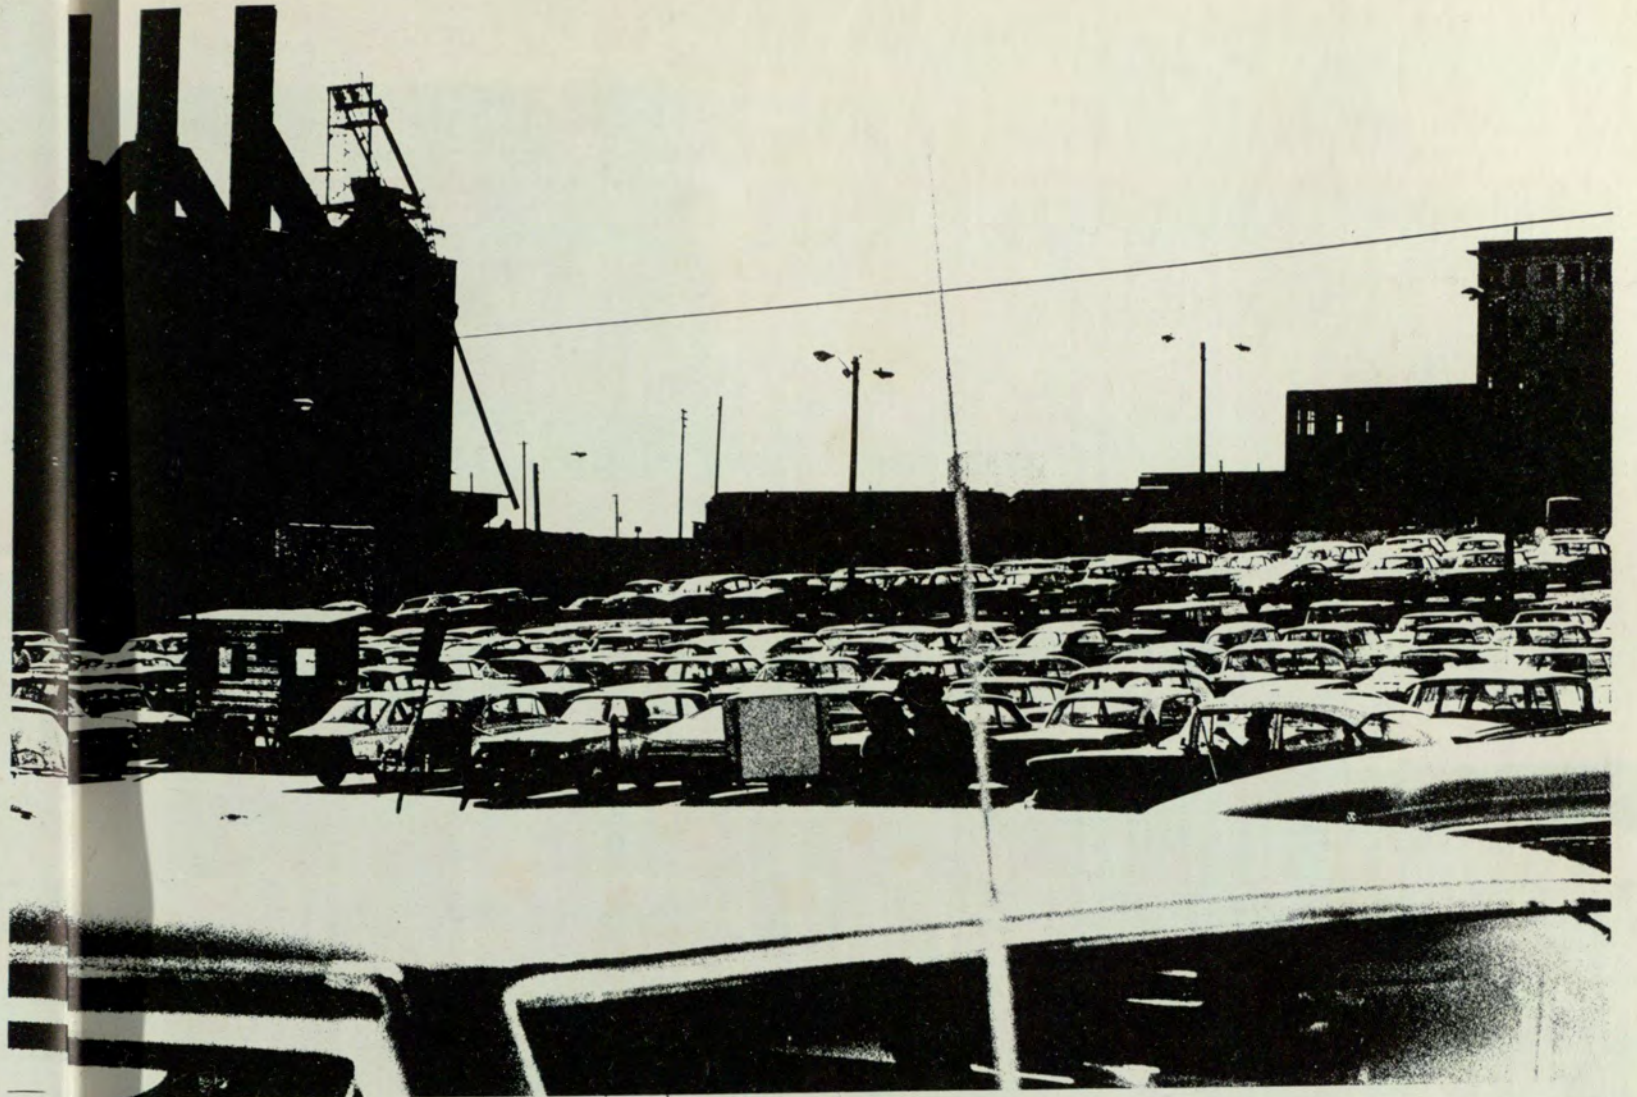

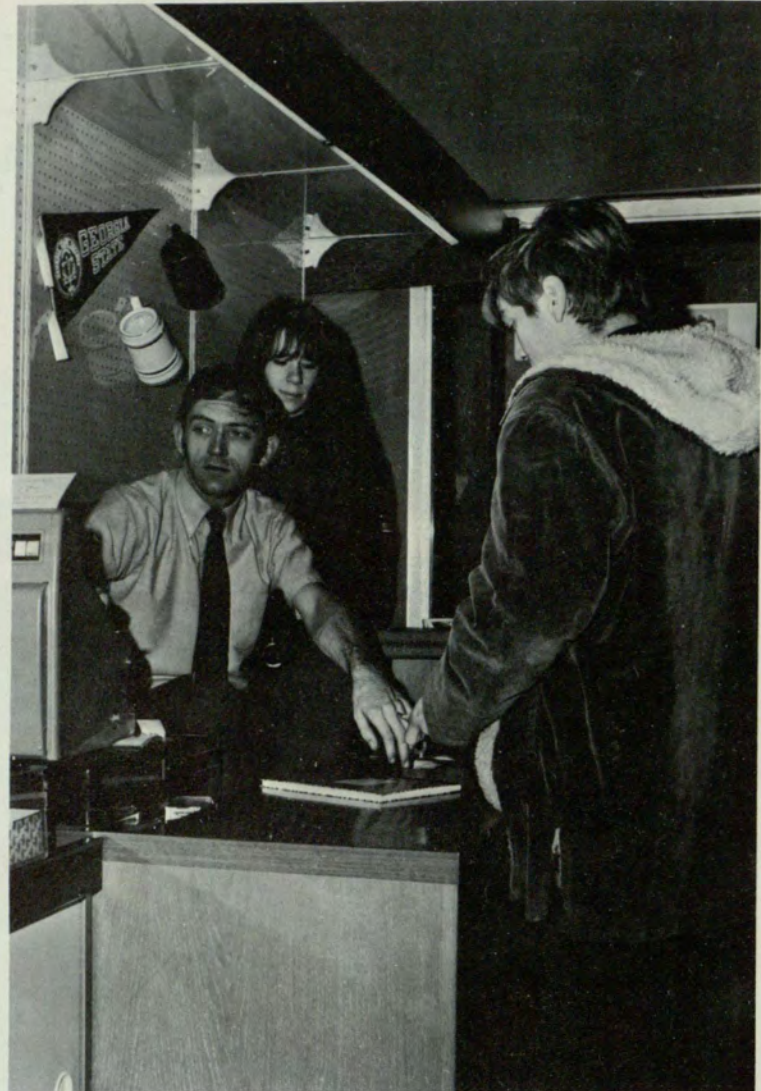

No good times, no bad times,
There's no times at all,
Just The New York Times,
Sitting on the windowsill
Near the flowers.
We might as well be apart.
It hardly matters.

The Who Ain'ts

The disposition of mankind, whether as rulers or as fellow-citizens, to impose their own opinions and inclinations as a rule of conduct on others, is so energetically supported by some of the best and some of the worst feelings incident to human nature, that it is hardly ever kept under restraint by anything but want of power; and as the power is not declining, but growing, unless a strong barrier of moral conviction can be raised against the mischief, we must expect, in the present circumstances of the world, to see it increase.

John Stuart Mill

Two Can Live As Cheaply As One

I need so much the quiet of your love
 After the day's loud strife;
 I need your calm all other things above
 After the stress of life.

I crave the haven that in your dear heart lies,
 After all toil is done;
 I need the starshine of your heavenly eyes,
 After the day's great sun.

Charles Hanson Towne

It has been said that a man gives up more than a woman does when he marries. When a woman marries, her home, her children and her husband become the most important things in her life. But what comes first to a man is his education, his career, his work, the development of his talent.

No work of beauty can be more beautiful than the mind which designed it. I do not think a painter can produce a painting more beautiful than the thought of his mind which led up to it.

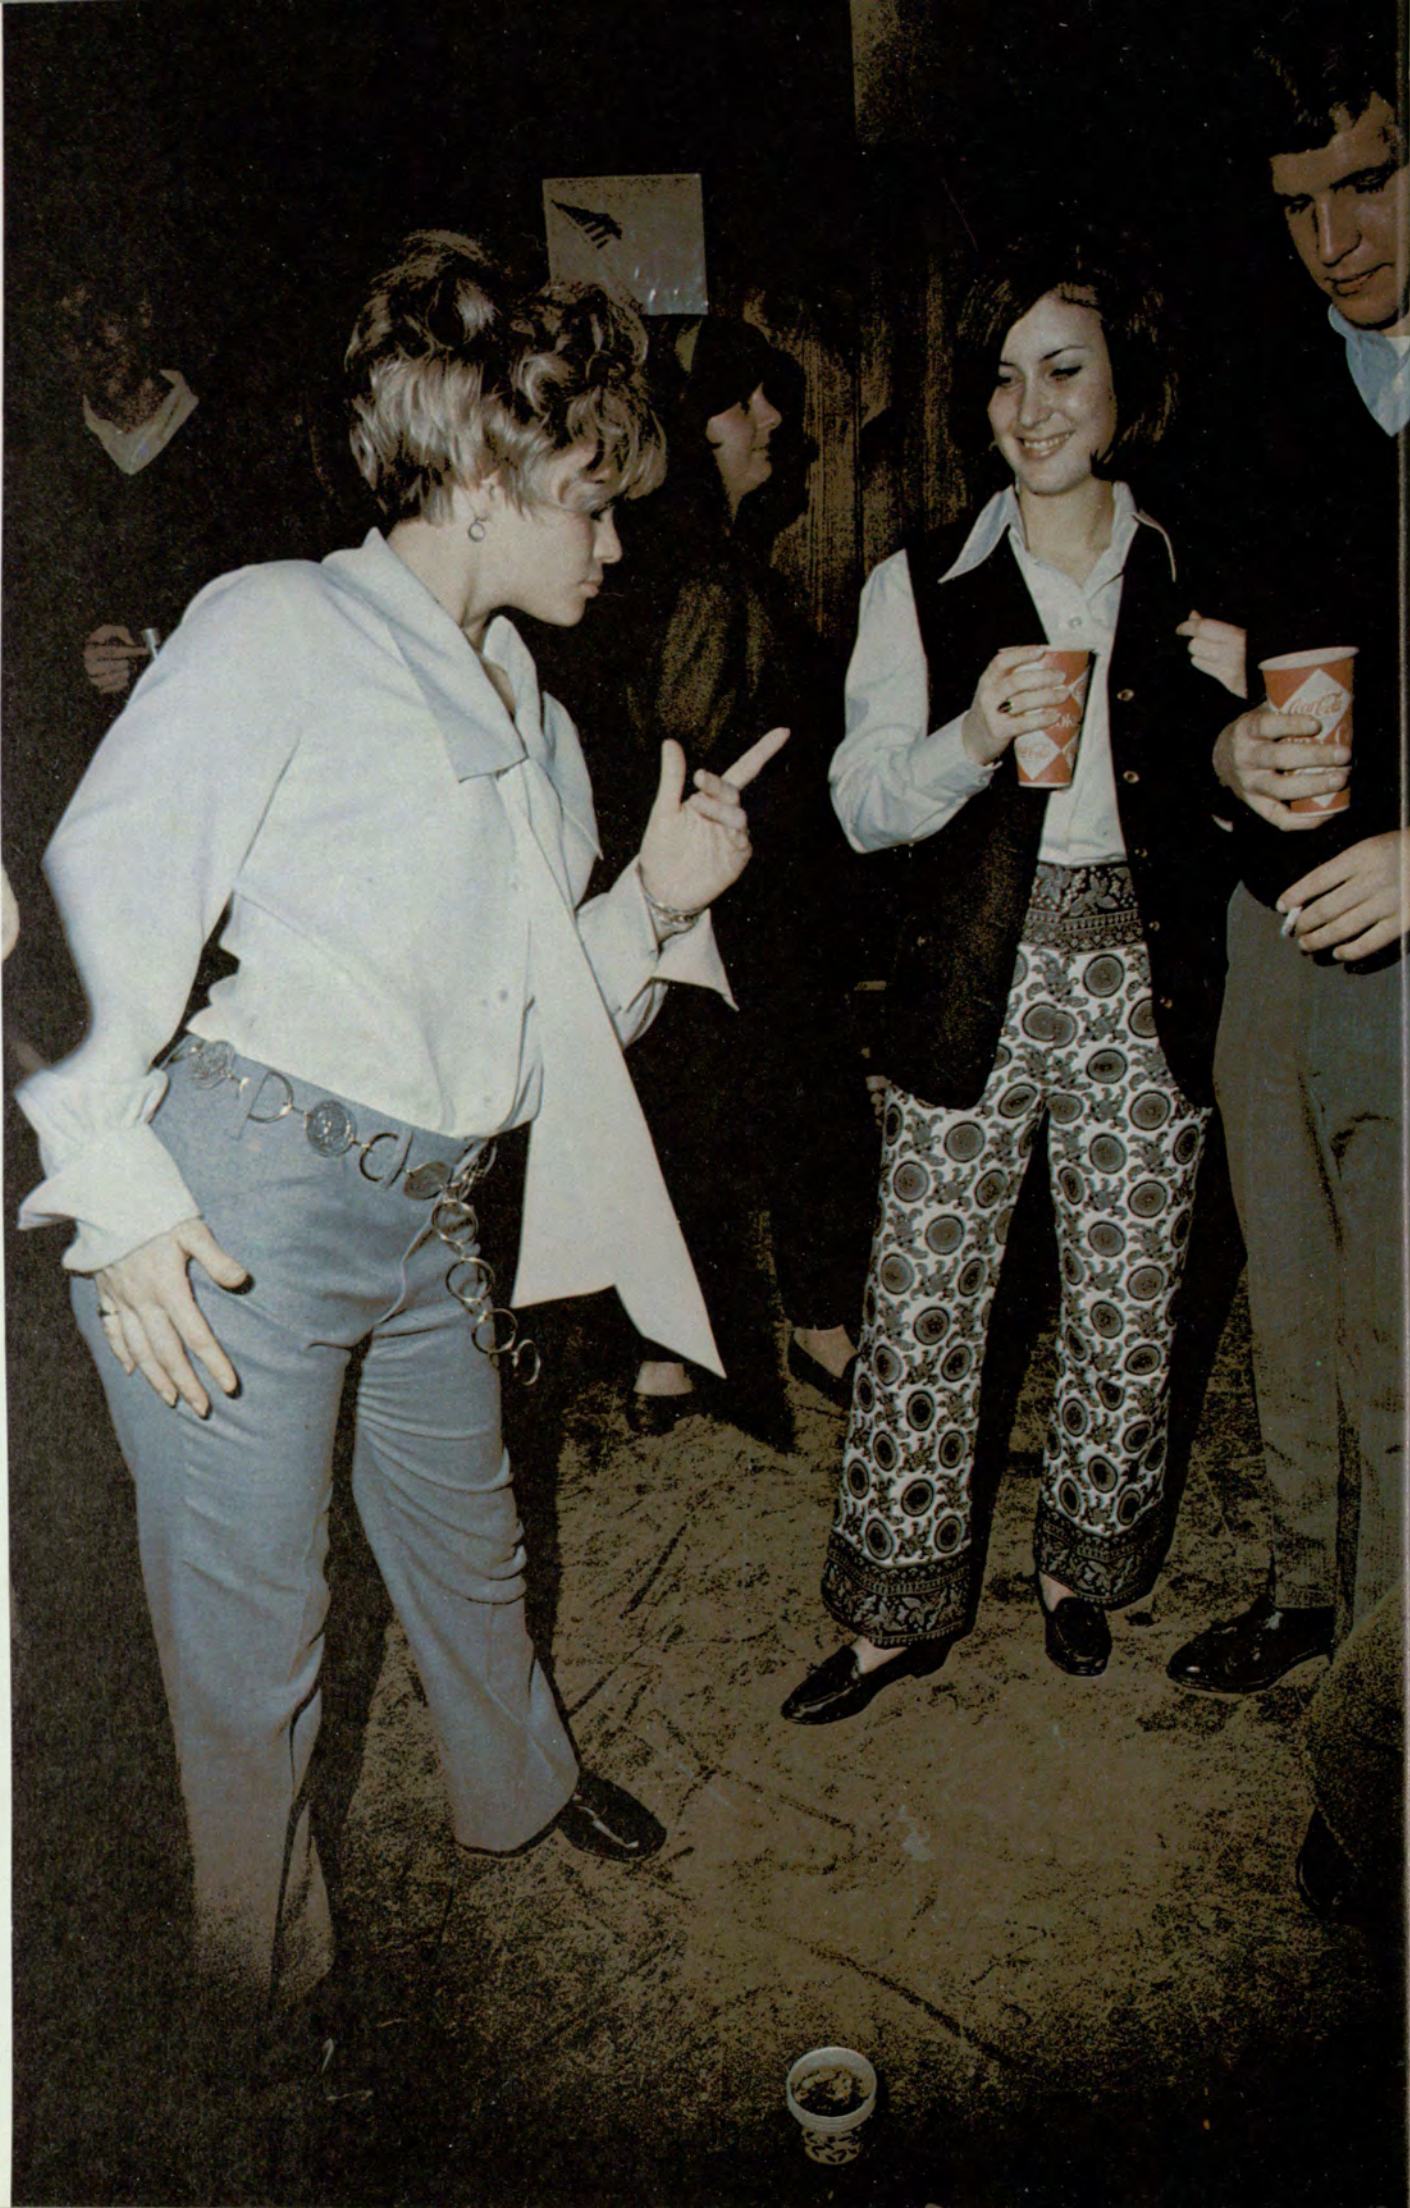

E. H. Bickersteth

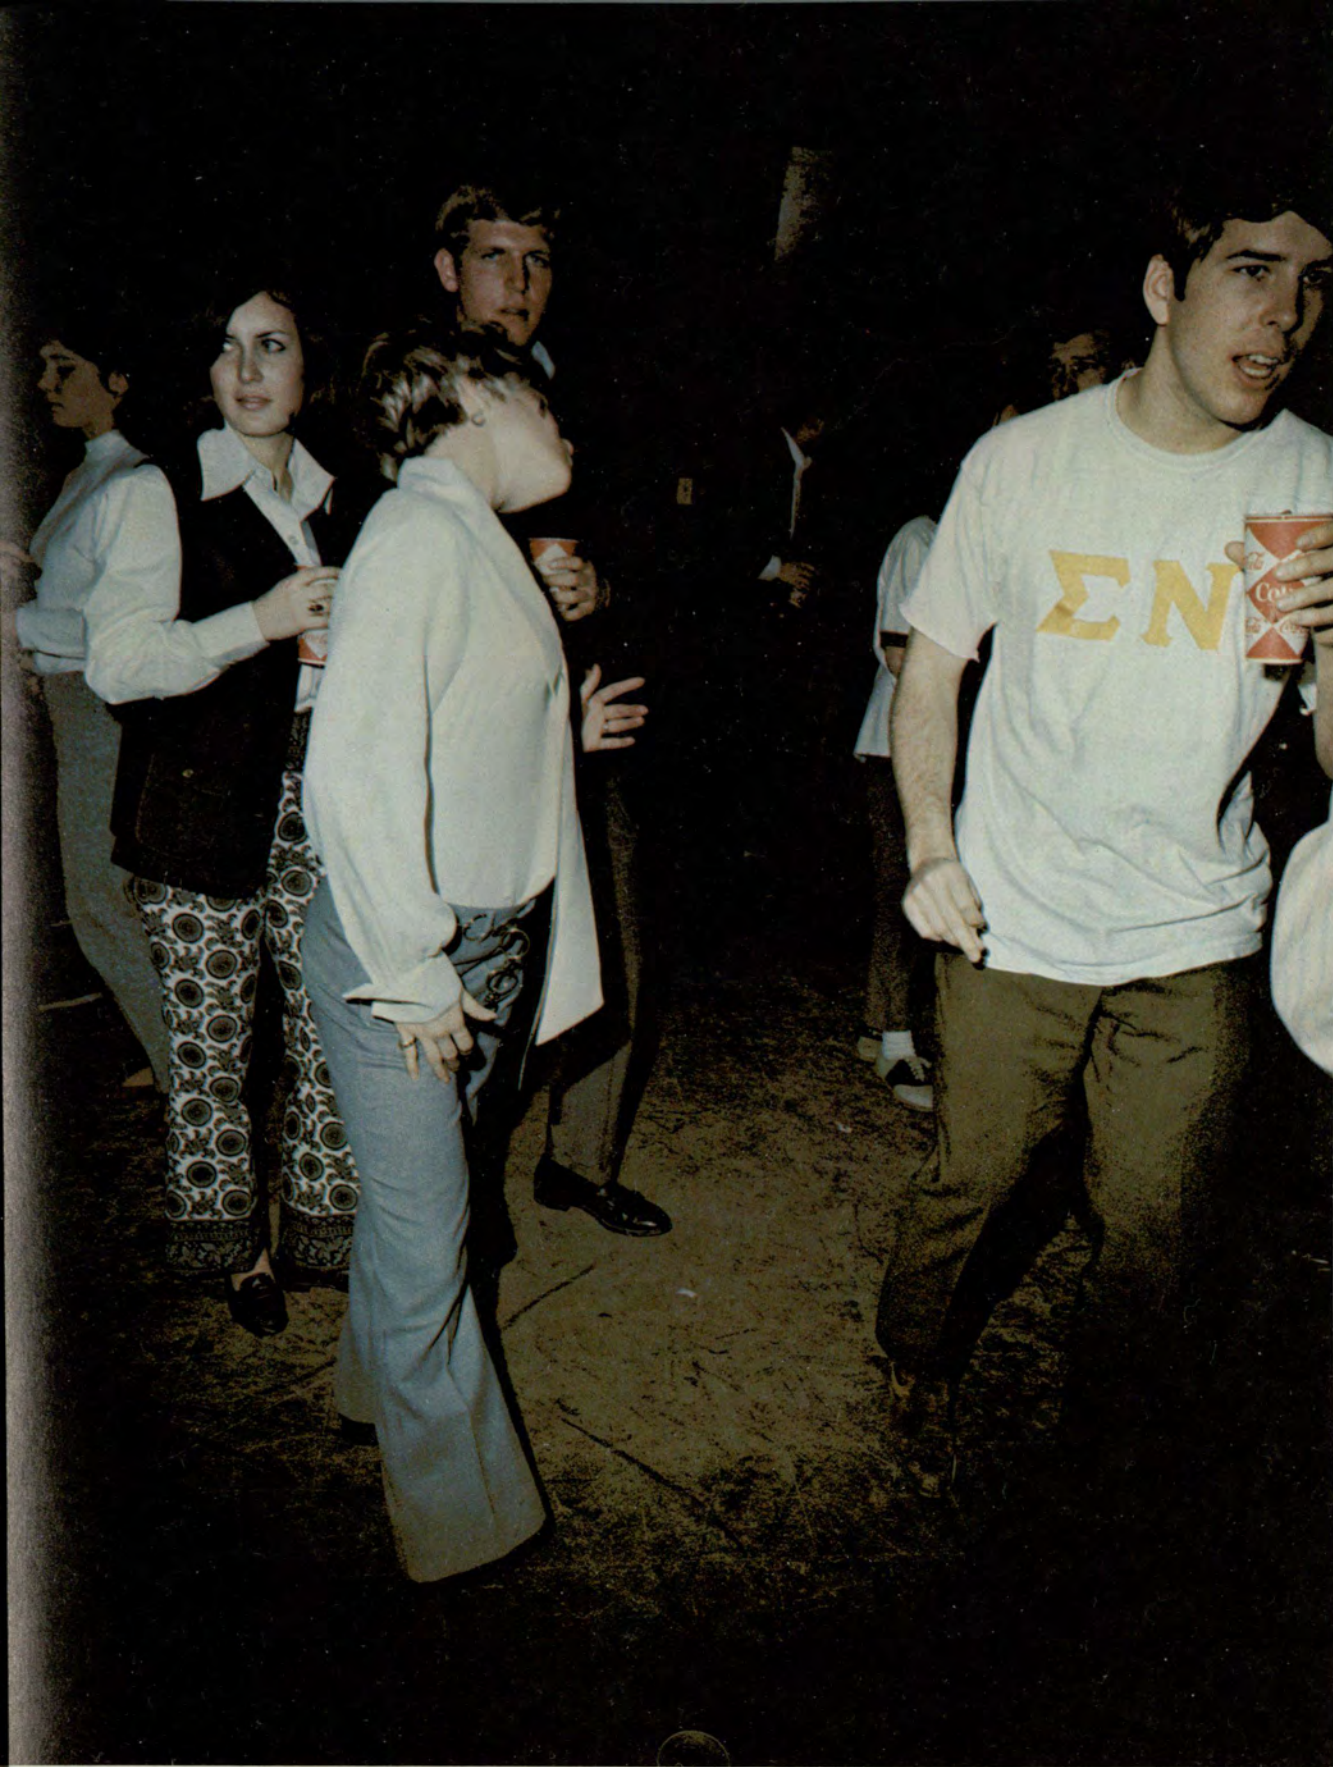

Emotion And Motion

Modern dance is what modern painting and modern music are—a new development of an old art—a creative manifestation of our time.

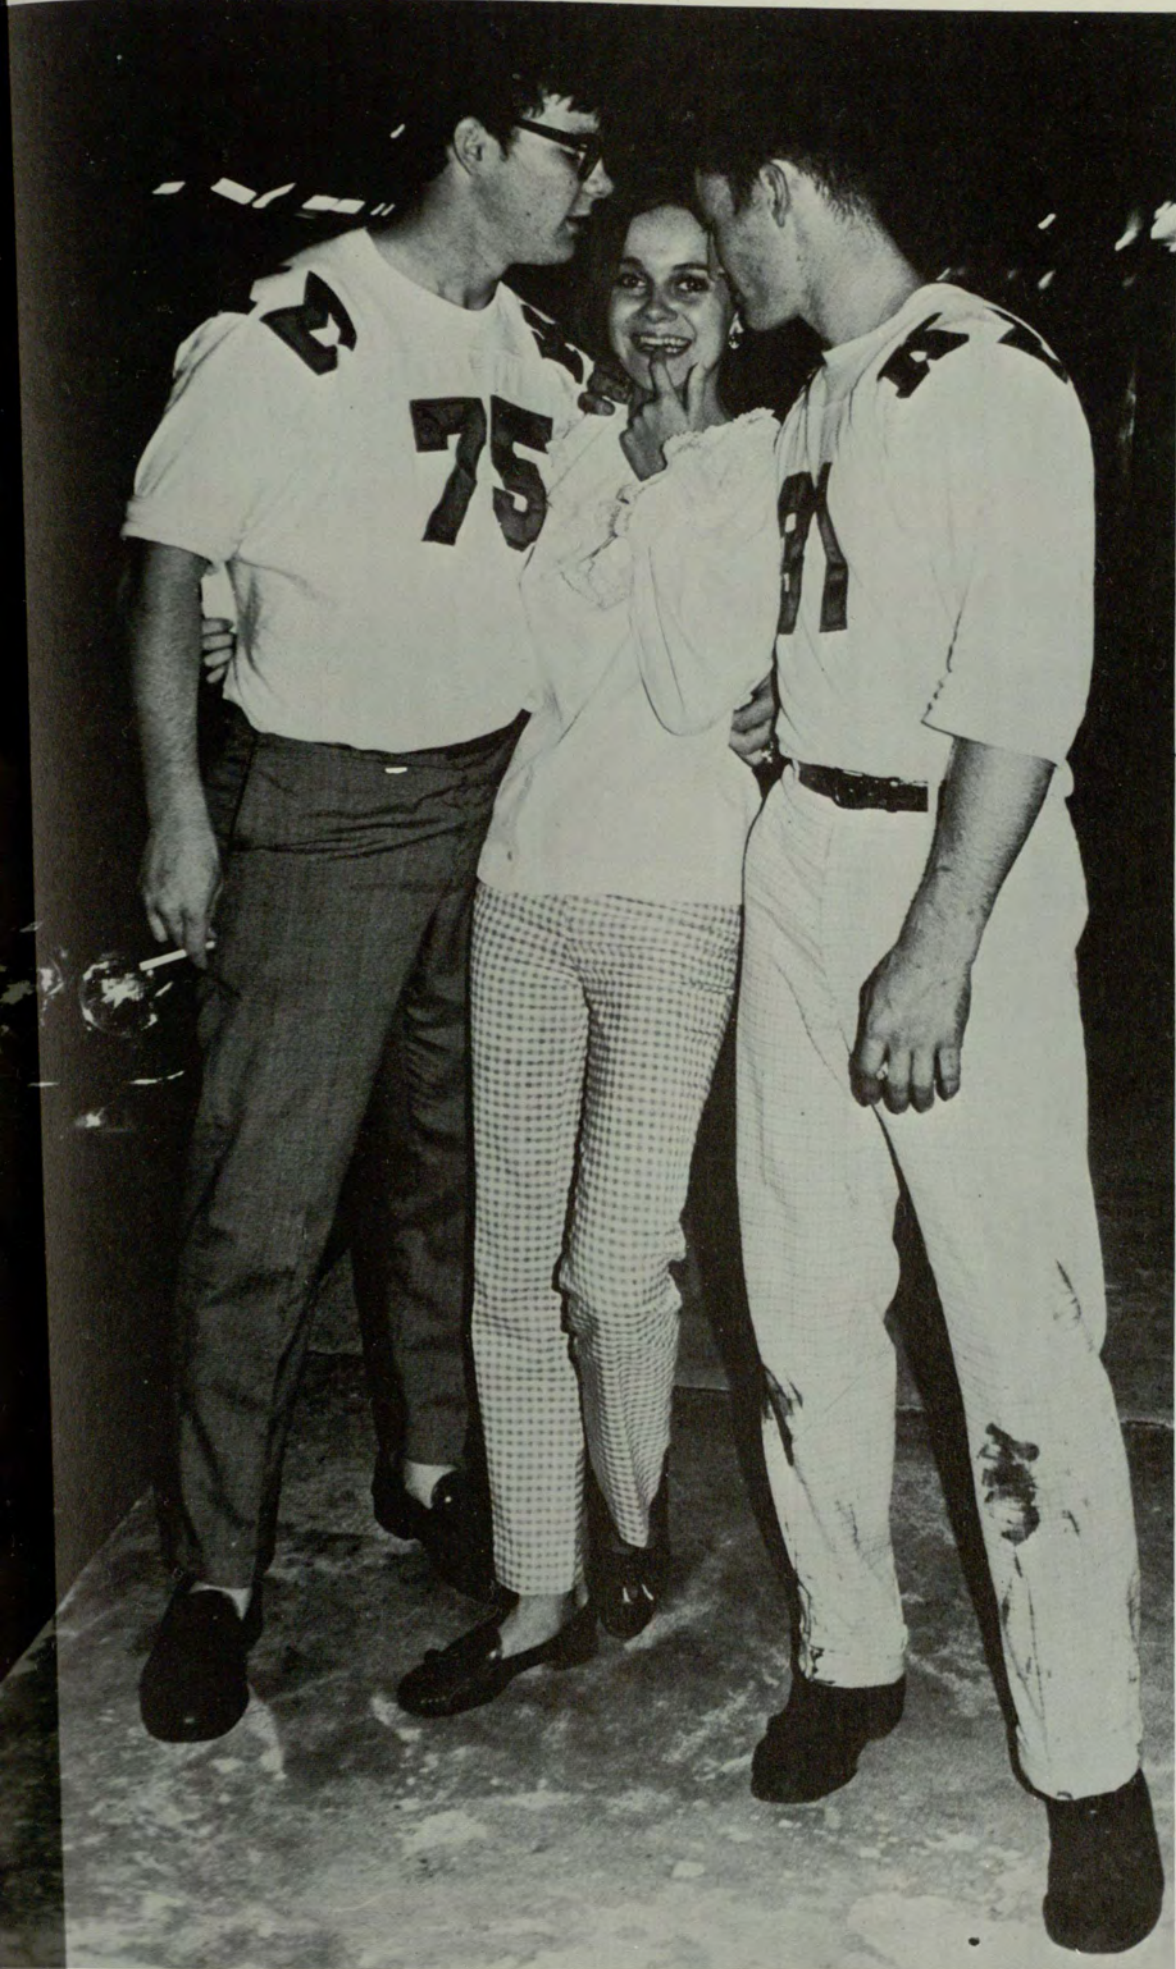

It has not reached a blessed state of perfection—it is a new growth of art as old as man. Like every growing thing it is very much alive.

Smoking, Drinking, And Wild Wild Women

Hang Outs

The city reaches out just as spider.
The tentacles are the streets stretching out to the
people
Growing wider with their interests.
Each sidewalk leads to another side of life.

We have places to go and
We have people to meet.

I know a place where the music is fine and the lights are always low. I know a place where we can go.

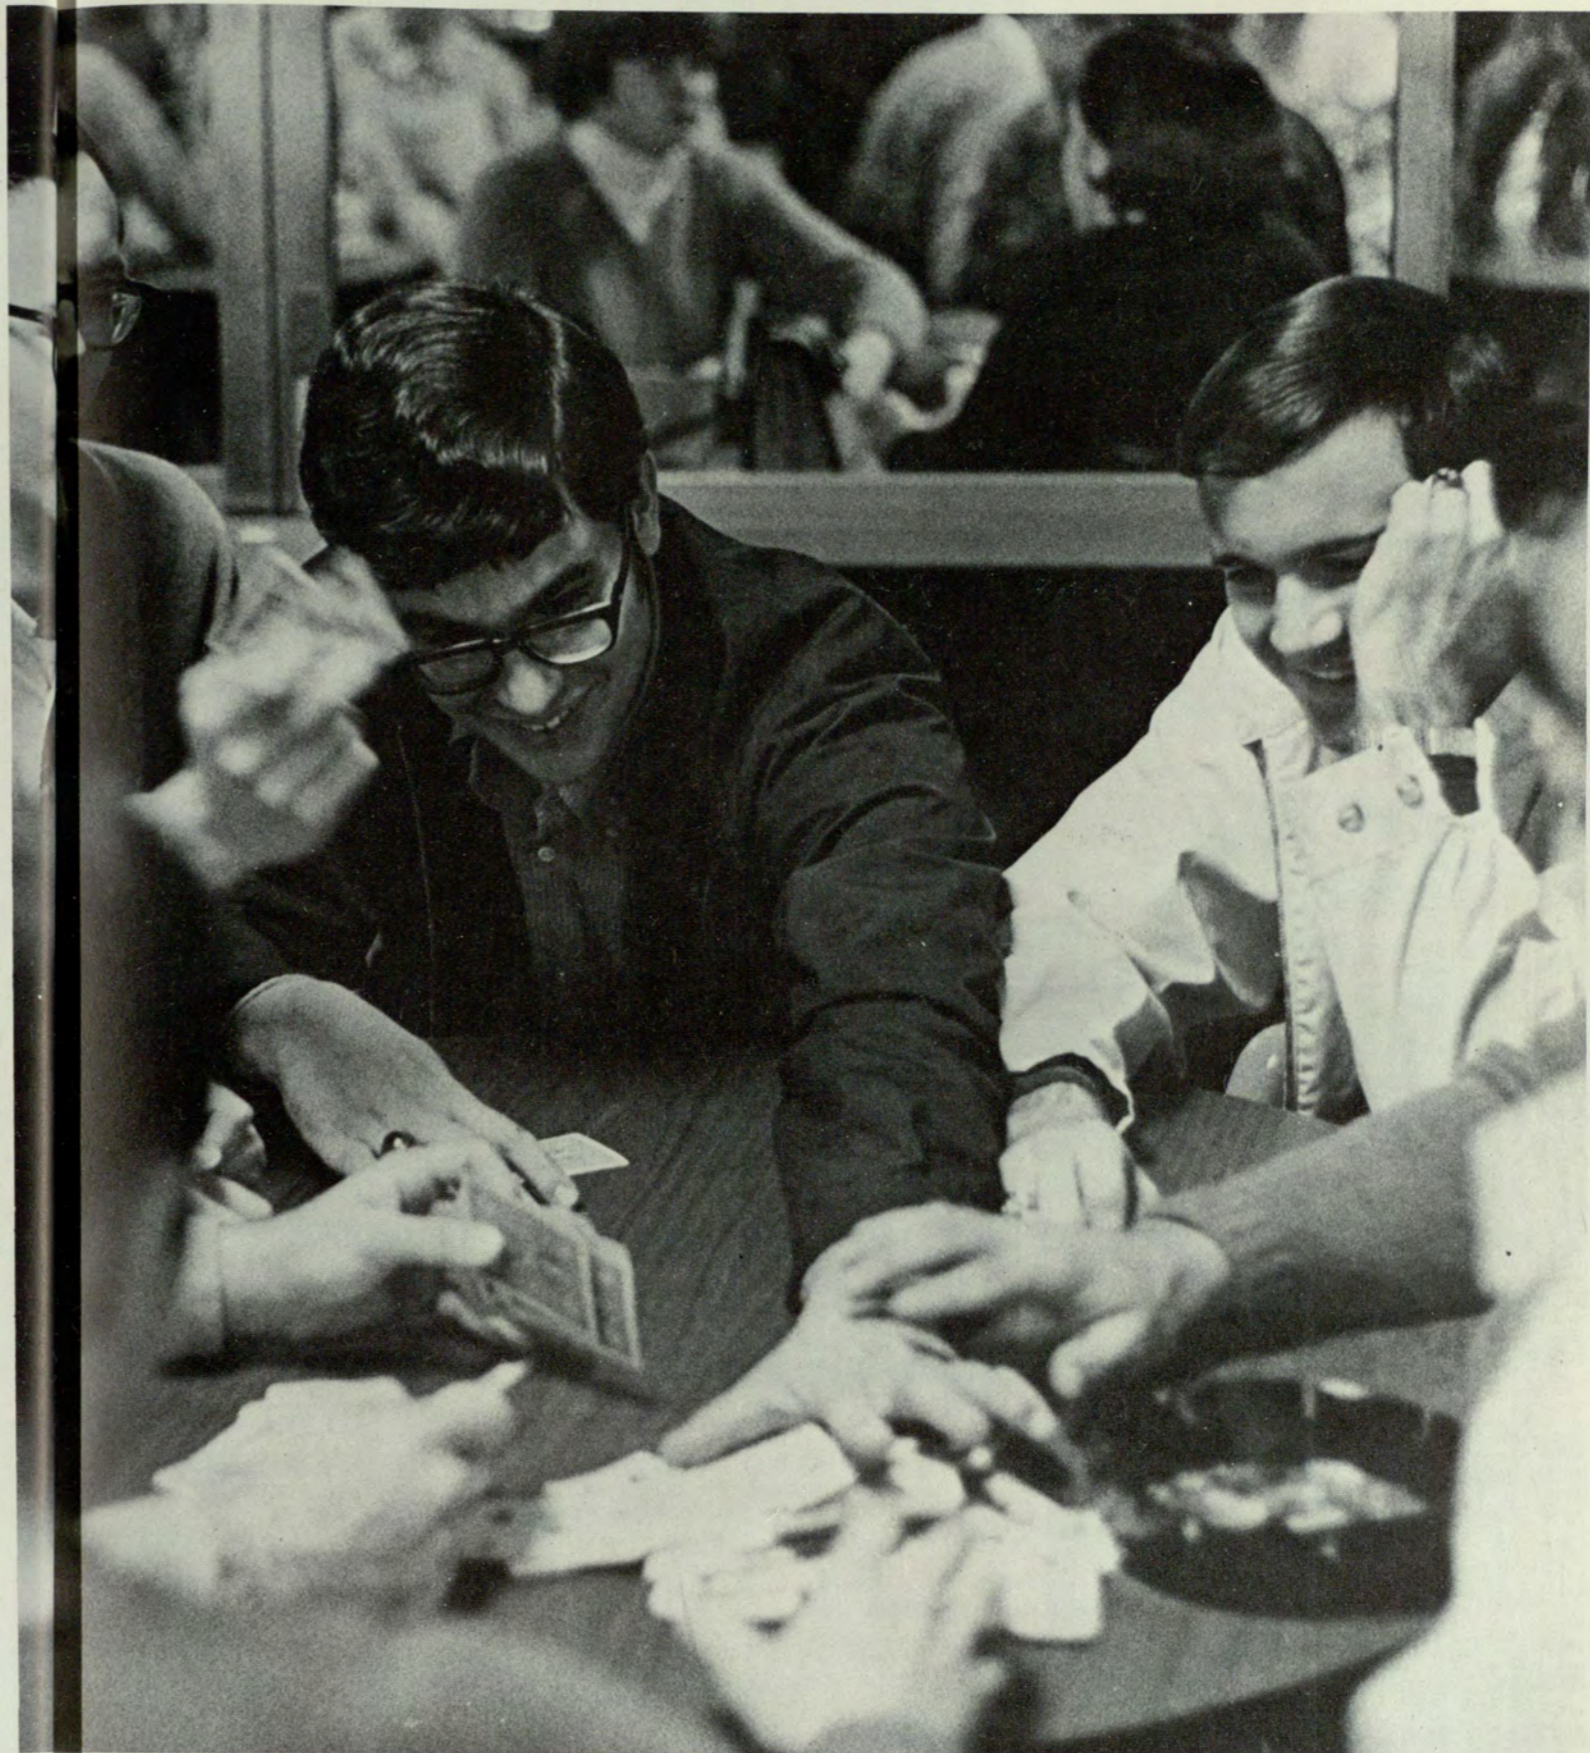

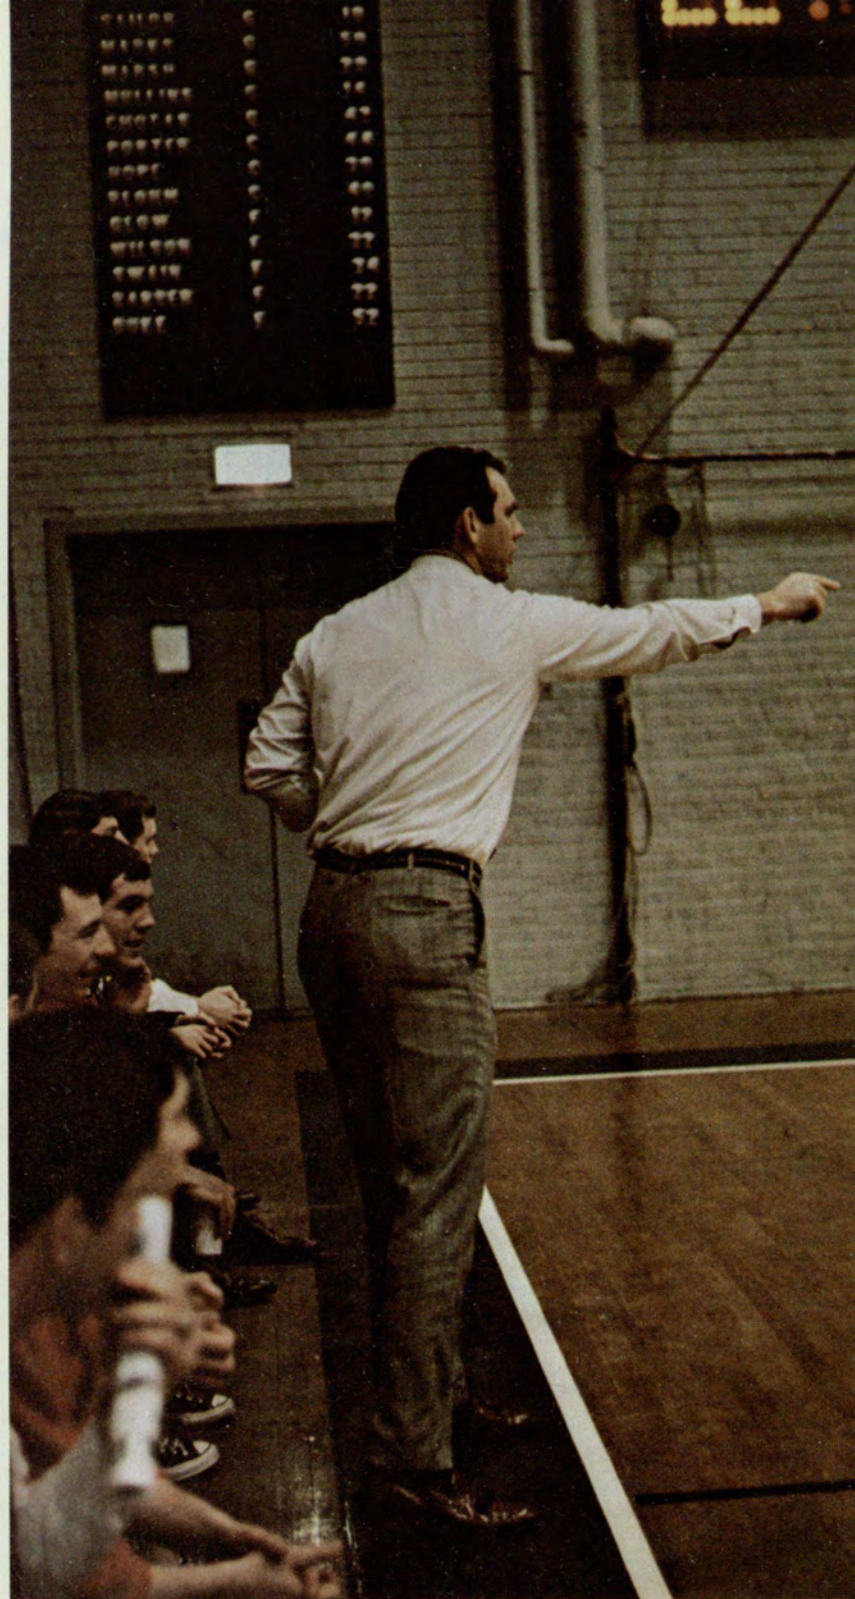

Goren On Bridge

Our Hope

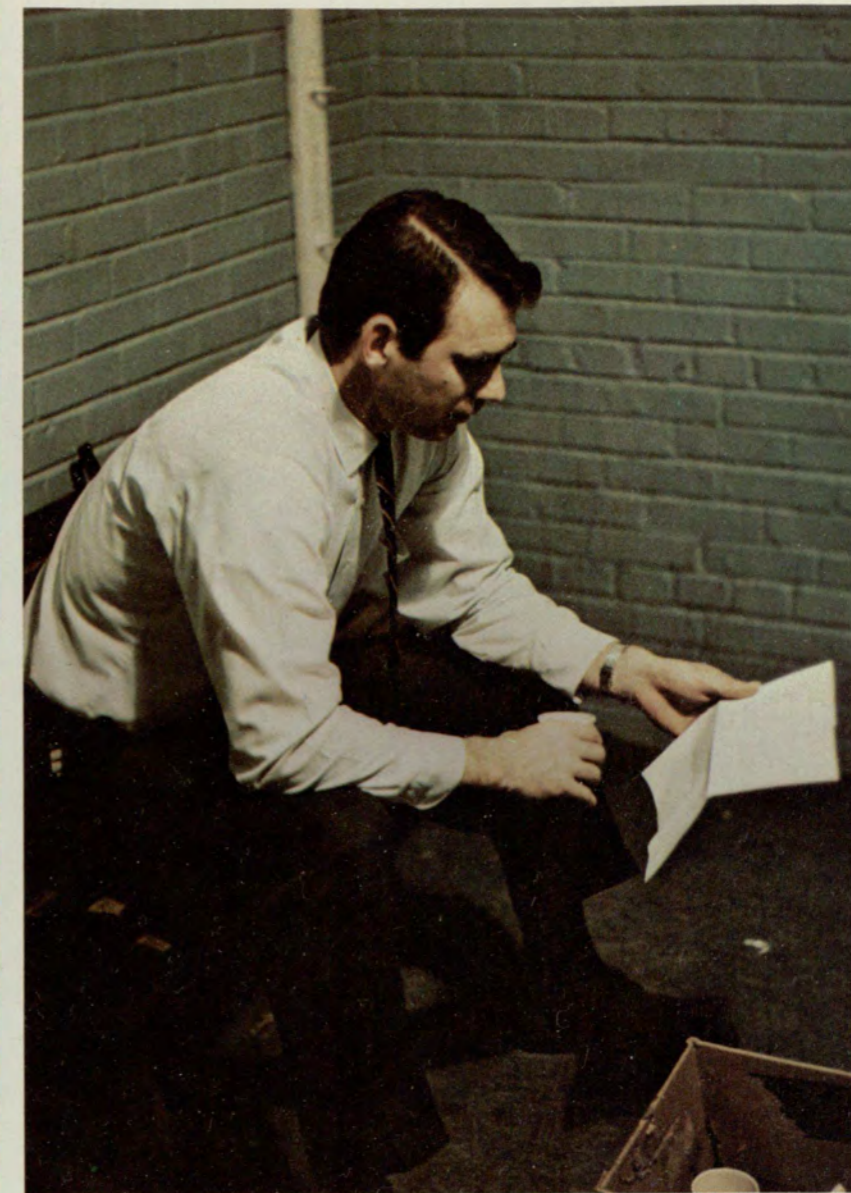

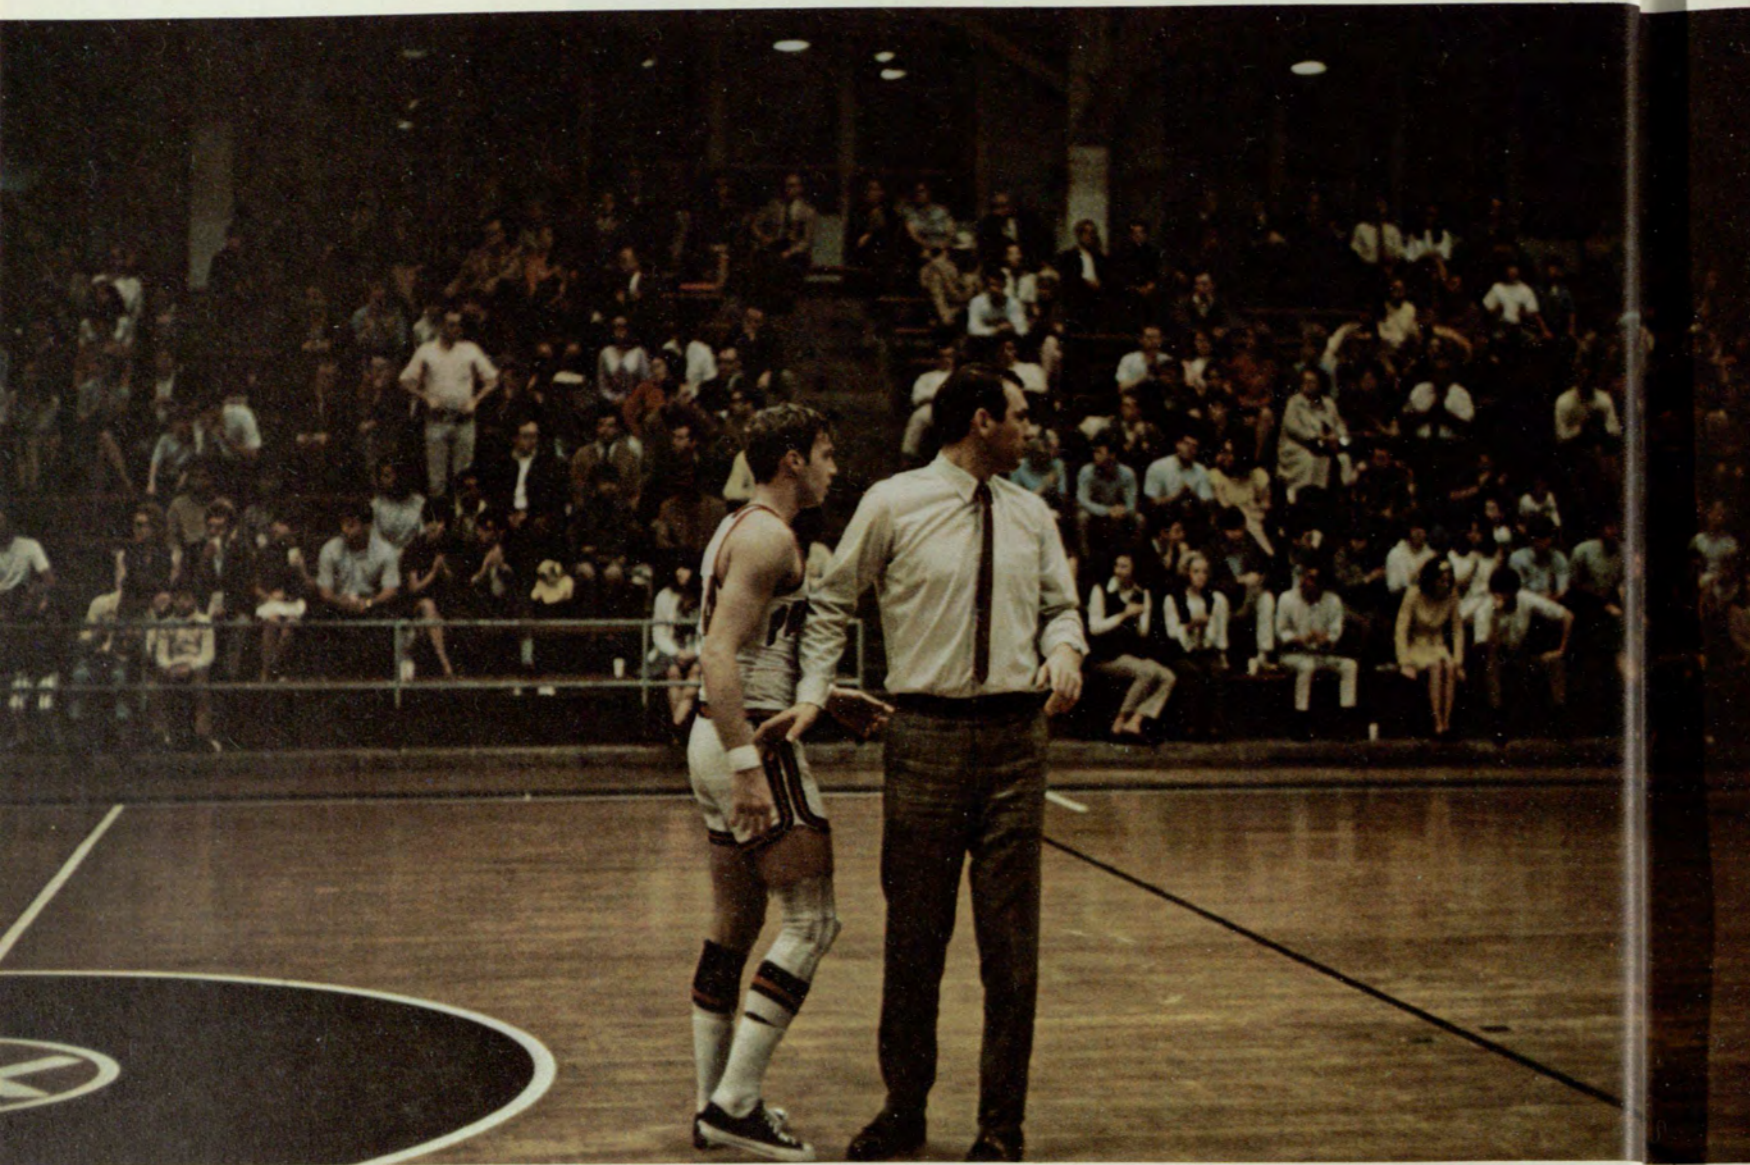

Human emotions stir deeply in the fierce maelstrom of sports. For it is here that our peoples play at war. Out of athletic competition come the conjoined stimuli of exaltation and depression and fierce rivalries—but in all, much more of the pleasures than of the pain.

A coach must feel the spirit of his players just as an artist must feel the color in his painting. The coach must be an inspired being. He must rise to the occasion so that he can give to his men in the few minutes of half time enough of the super-human to carry them through the grinding toil to victory.

A coach must come before earnest men. They will watch his face for the assurances of victory. Many times he must stand alone face to face with certain and imminent defeat staring at him. However, he must develop an expectant and fighting spirit in all the players and himself. For hope and will are the stepping stones to success.

Concerts

Ray Charles And The "Rayettes" Draw A Capacity Crowd

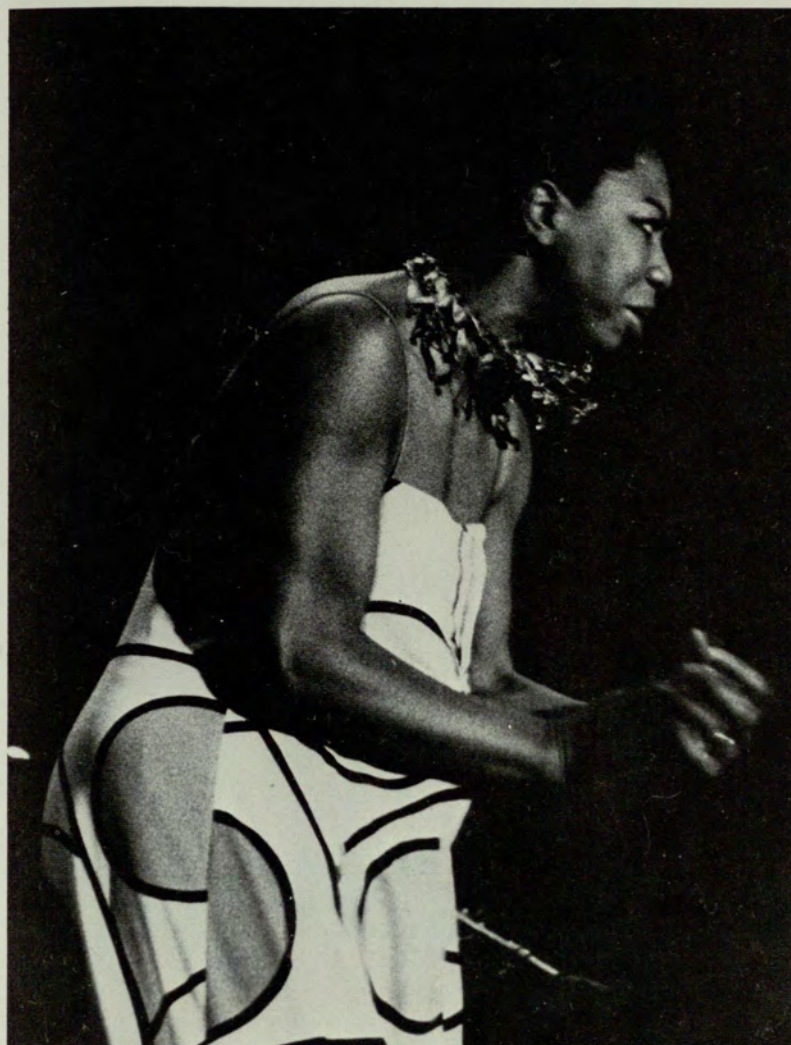

A most successful concert, given by Ray Charles, was held in the new Atlanta Civic Center. Approximately 4600 people, the largest group to ever turn out for a concert at Georgia State, crowded in to hear the Rayettes, the Ray Charles Orchestra, and the "King of the Blues" himself.

Mainly a specialist in Blues, the artist performed many of his old favorites as well as some popular tunes such as "Yesterday." The Rayettes provided a change with the jazz arrangement of "Eleanor Rigby."

Josh White, Jr. performed during the week of Homecoming with his various arrangements of current hits, while Nina Simone was the star of the Spring Concert.

TOP: The Ray Charles Orchestra was well received by forty-six hundred students. BOTTOM: The "King of the Blues" plays for Georgia State's first concert of the fall quarter.

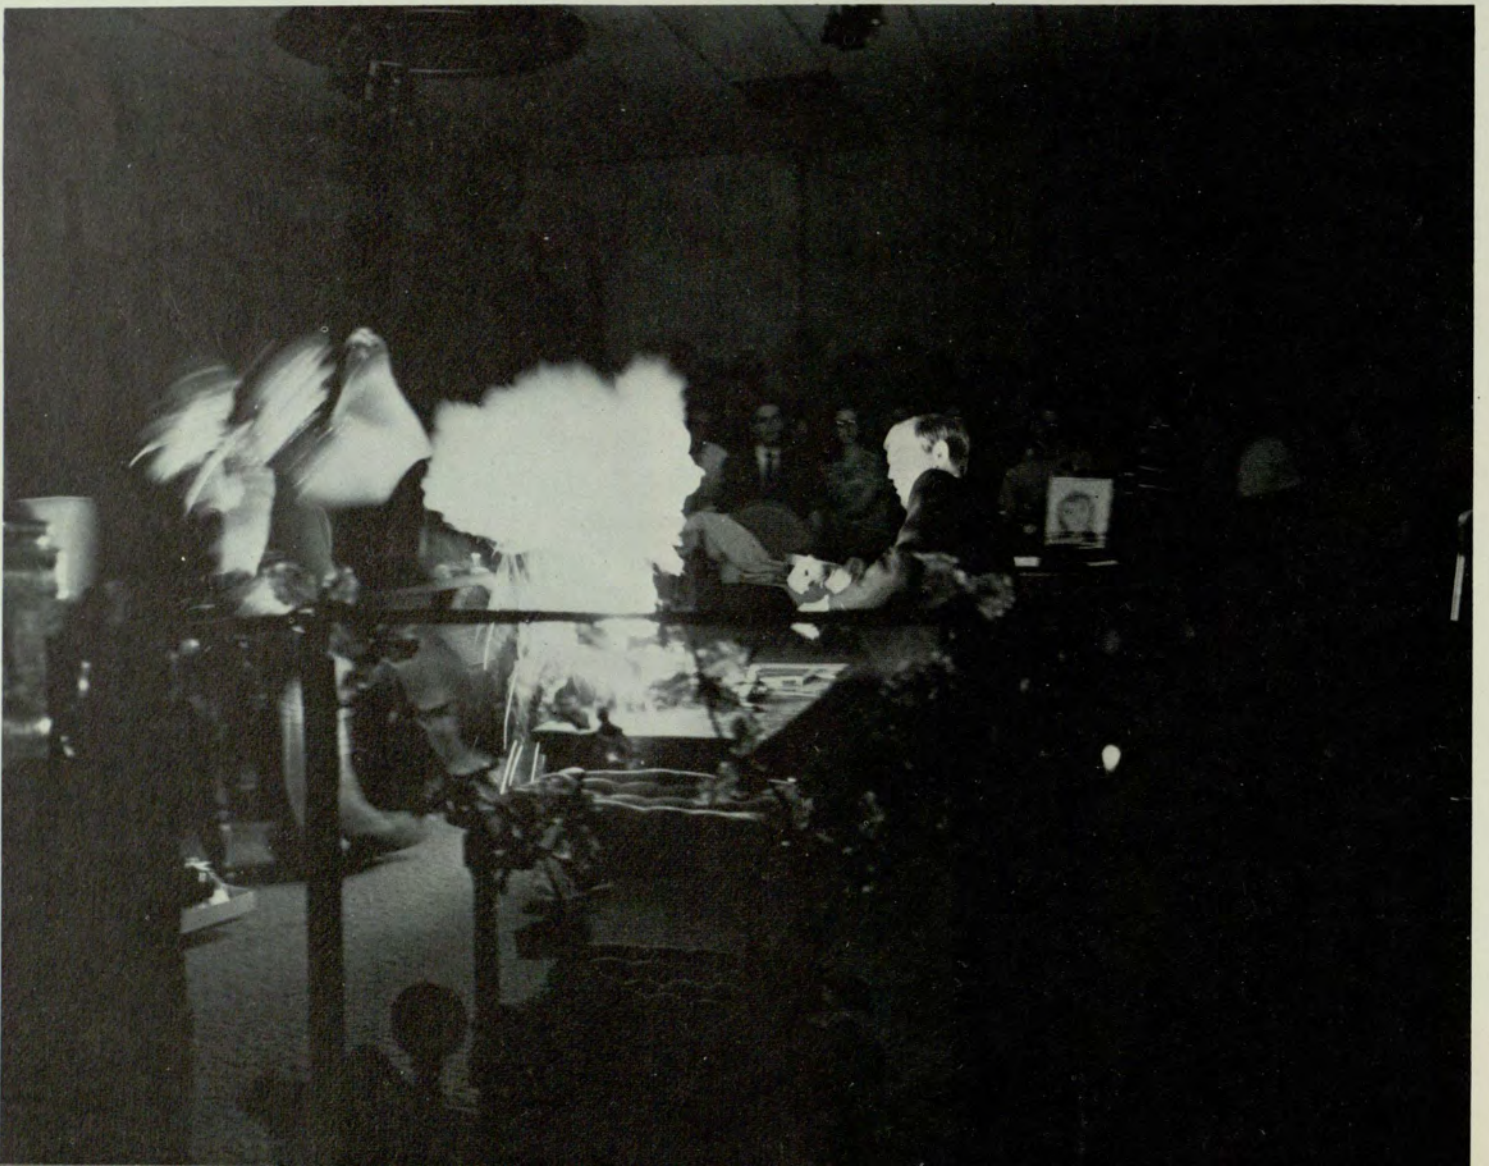

ABOVE LEFT: Josh White, Jr. makes the week of Homecoming something special. CENTER: The Rayettes, a change of pace to the blues, set the audience in motion. BOTTOM LEFT: Nina Simone and her orchestra provided unique entertainment for last spring quarter.

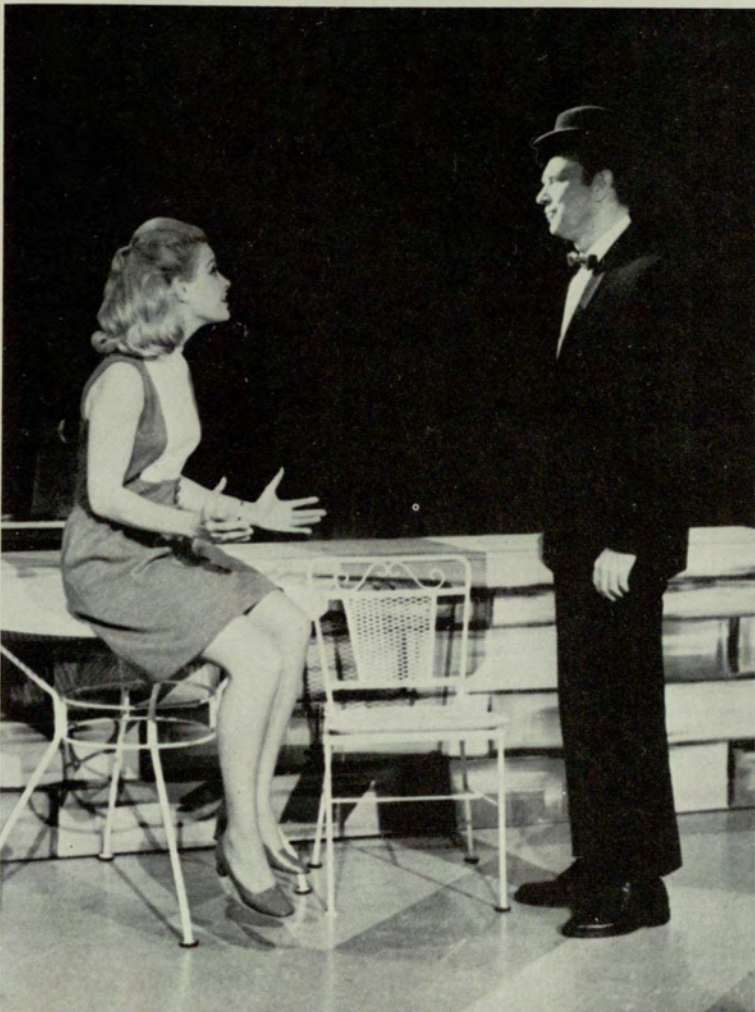

Plays

Players' Productions Were Varied And Outstanding

The productions of the Players for 1968 have run the gamut from Christopher Fry's medieval comedy, *The Lady's Not For Burning* to Jean-Paul Sartre's thought provoking "No Exit." Under the able direction of James E. Sligh, the Players coupled Tad Mosel's "Impromptu" with "No Exit" for an interesting evening's entertainment. The summer quarter production, *Bell, Book and Candle* by John van Druten was a delightful comedy about modern day witches. The fall production of *Sabrina Fair* was a well attended completion to the list of plays performed by the Players during 1968.

Speakers

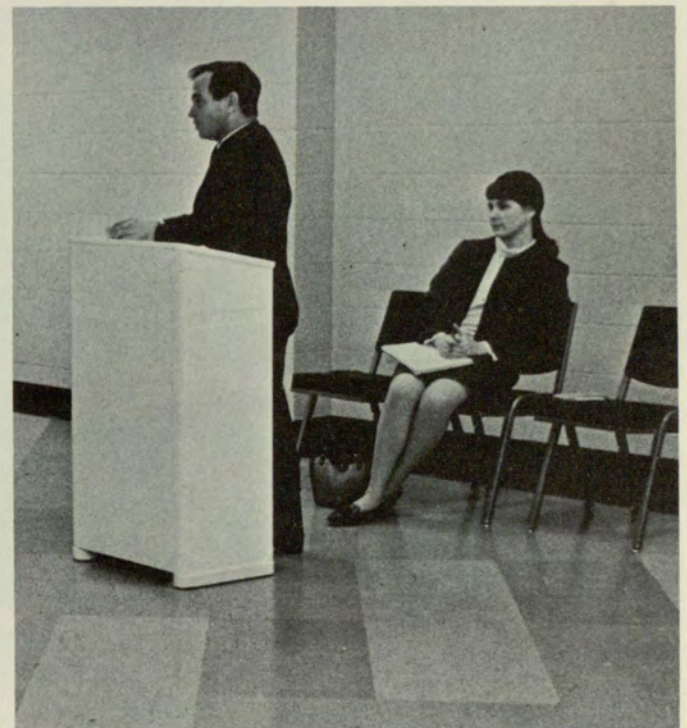

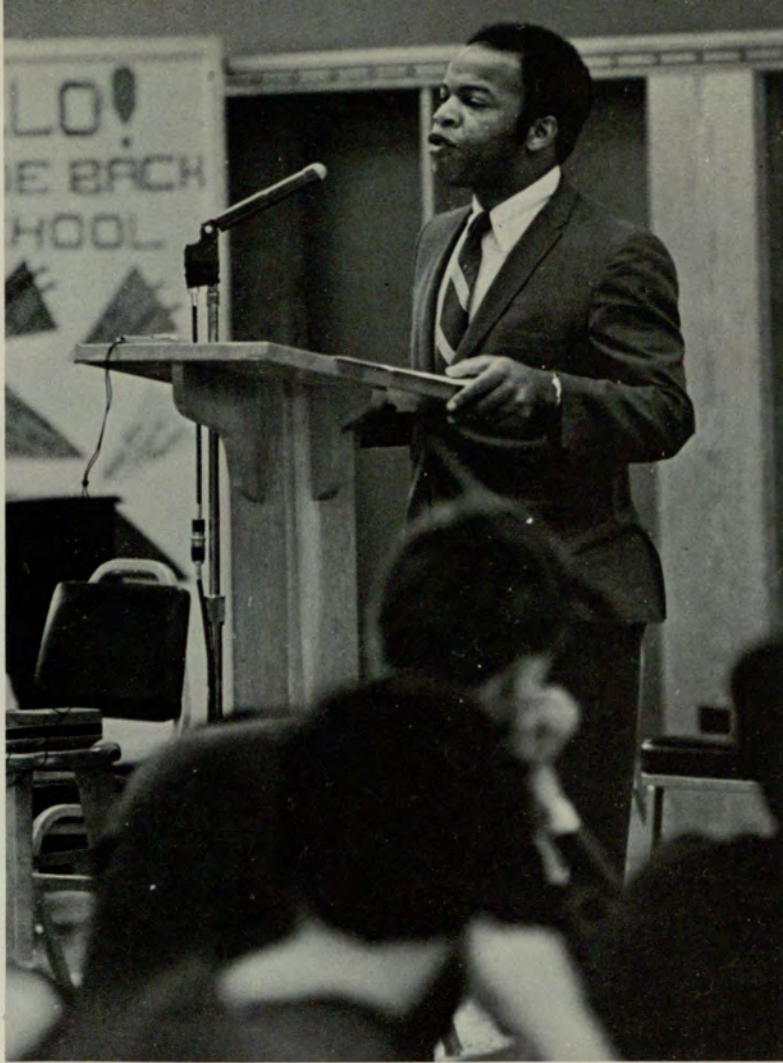

Georgia State's Speakers Represent A Variety Of Fields

This year, as in the past, Georgia State offered a variety of interesting and important speakers. Dr. Den Hollander related "The American Image in Europe;" Melvin Belli, the famous defense lawyer for Jack Ruby, also spoke to the student body, and Mrs. Betty Lomax discussed "The Position of the Black Woman Today," at the Lyceum. However, the largest crowd was drawn by Robert Moore with his program, "A Tribute to John Dryden." The student turnout for this outstanding lecture was nearly double its usual size. The Lyceum will present in the upcoming quarter Patrick Anderson, political journalist; Drew Pearson, Washington columnist; William H. Whyte, author of *The Organization Man*; and Dr. Hugh Schonfield, Biblical scholar.

Who's Who

Georgia State's Outstanding Seniors Receive Recognition

Forty-one Georgia State seniors have been named to represent the college in the 1968-69 WHO'S WHO Among Students In American Universities and Colleges. The primary nominations were made by the executive committee of the General Council. The additional ten were selected by the Dean of Women and the Dean of Men, based on General Council suggestions.

Students selected for the honor must have had at least a 2.2 average, plan to graduate by August and have contributed outstandingly to Georgia State College (in the student organizations of the college).

Spring Festival

Miss Millie Lunt Was Named G.S.C.'s 1969 May Queen

During the month of April, the Spring Festival brings beauty to Georgia State College. A court of six students was chosen with Miss Millie Lunt as queen. Her first runner-up was Miss Connie Chapman. The winners were announced in Hurt Park and honored with a precision drill by the award-winning Pershing Rifles.

A reception was given following the presentations in honor of the court, in Sparks Assembly Hall. A group of Georgia State coeds performed a dance carrying out the theme "International Festival." The dancers were accompanied by the hand from the music department.

Senior Week

The Wits End Players Entertained The Seniors

Commencement week at Georgia State College is filled with dances, concerts, speakers and ceremonies. The Chief Jesters of the South and the Wits End Players entertained with productions. The Counts played at the dance held in the South Ballroom of the Marriott Motor Hotel. The most effective presentation was a speech by Elmo Ellis of WSB radio at the breakfast. The week was climaxed by the commencement exercises held in the Municipal Auditorium, while the college orchestra performed various selections. Commencement day activities proved to be most memorable to the graduating seniors and faculty.

Orientation

The Largest Attendance And Best Response Welcomed

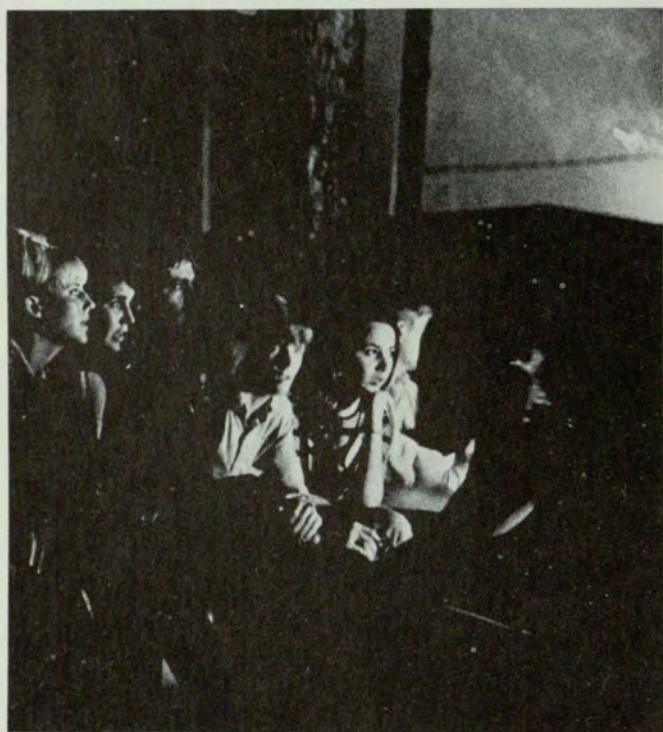

The week before classes began at Georgia State, orientation was held. The three day period was highlighted by tours of the college, a luncheon on the roof of Sparks, and a picnic at the Lodge. Discussions were held weekly for the next two months as part of post orientation. Speeches were given on Spirit, Colors Day, and organizations open to new students. These sessions were climaxed by a dance at the Parliament House. Mr. and Miss Freshman and Miss Rampway were announced that evening.

TOP RIGHT: Ronnie Batchelor and Miss Debbie Taylor were announced as Mr. and Miss Freshman as a climax to orientation. BOTTOM RIGHT: School spirit was the topic for one of five sessions held for entering freshmen. Homecoming

Georgia State Now Was The 1968 Homecoming Theme

Seven floats, Josh White, Jr., the Marriott . . . Swingin' Medallions and Arthur Conley, Trophies . . . Homecoming 1968.

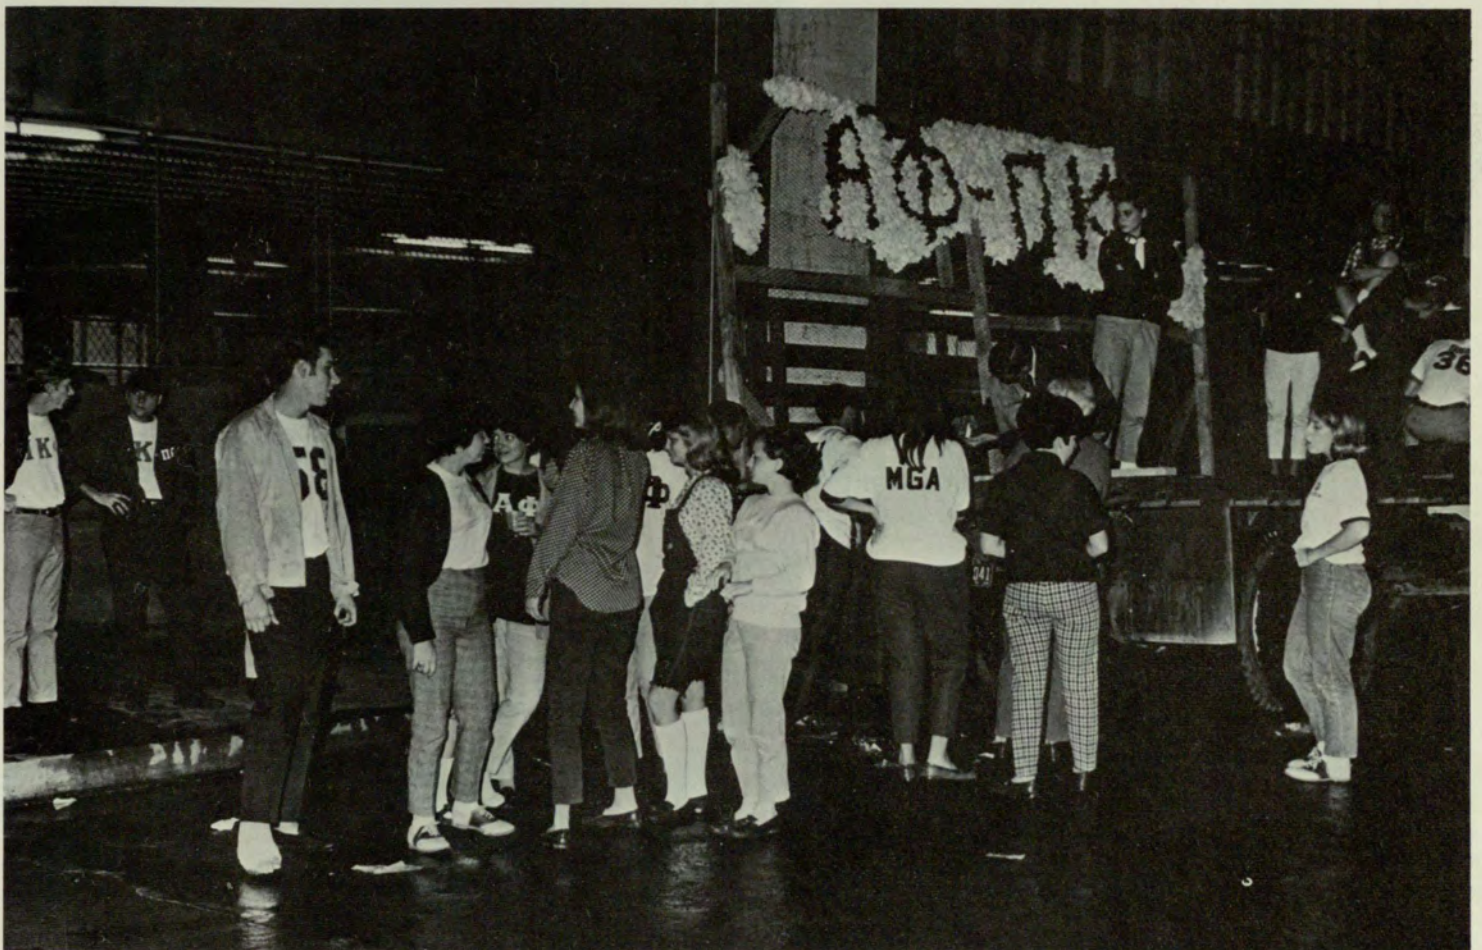

November 18, began a week of *Georgia State Now*—the theme of Homecoming. Beauties of the college, Sue Howard—Miss Homecoming, Sandy Pierce—First Runner-up, Mrs. Homecoming—Susan Patterson, and Mrs. Kathy Straub—First Runner-up, were crowned during the parade. Josh White, Jr. performed in concert that evening. The week was concluded by Sigma Nu Sweepstakes held at Indian Creek Lodge and the collection of money to benefit the George M. Sparks Scholarship fund.

Sigma Nu Sweepstakes

Sweepstakes Marked By Vigorous Competition

After a weekend of rain and cold weather Sigma Nu Sweepstakes was held at Indian Creek Lodge. The spirit of the competition lasted throughout the week of homecoming. The addition of two new events, the "basketball relay" and the "limbo," proved the afternoon to be a test of skills. Of course there were the old favorites back again: mud pit, relay races, and egg toss. Delta Zeta Sorority won the Sweepstakes as they placed first in about every event.

TOP RIGHT: *Natural beauty often places high above a developed skill.*
BOTTOM RIGHT: *The mud pit presents a challenge for the horse and rider.*
BOTTOM LEFT: *Everyone catches the force of the egg but no one wants it.*

TOP: Failure ended in disaster for one competitor. BOTTOM LEFT: The inner frustration of girls often comes out in a "chicken fight". BOTTOM RIGHT: The mule team pulls on.

Mardi Gras

Week Was One Of Costumes,
Competition, And Work

The highlight of winter quarter is the week of Mardi Gras. The activities began with the spirit presentations by various campus organizations and the judging of the Queen and King. The climax came with a Saturday spectacular at the Municipal auditorium. Concession booths were operated during the afternoon, while the Entertainers performed for the dance that evening. Awards were made during that time: Delta Gamma's "Cassio" and Alpha Tau Omega's "Dragon Mouth" placed first among the Greek competitors, while Delta Zeta and Sigma Phi Epsilon were second. Alpha Xi Delta received the spirit trophy and Queen and King of Mardi Gras. The Independents were represented by various organizations as the Anthropology Club placed first among the other entries.

Greek Week

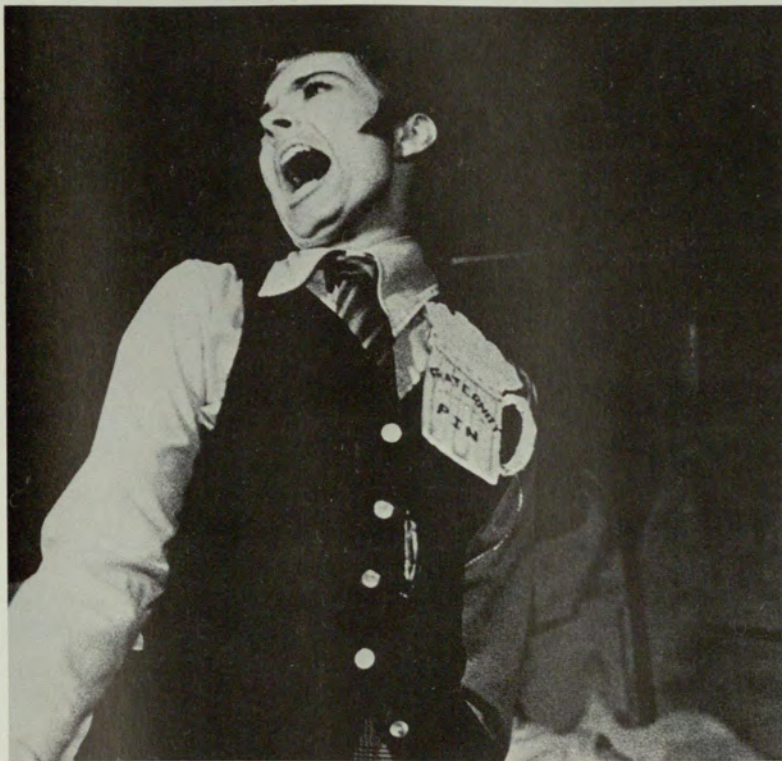

Activities Of Greeks Include Skits, Songs, And Dance

Georgia State College began its first Greek Week activity during winter quarter with Skit Night. An array of costumes, songs and scenery made the evening a success. Delta Zeta placed first in the sorority division, while Sigma Phi Epsilon took first place for fraternities. With the arrival of Spring came Sing Night, the second activity in Greek Week. Alpha Phi and Pi Kappa Phi were awarded first place for their performances. The climax of Greek Week was the dance held at the Marriott Motor Hotel with the Showmen and Vic Waters and the Entertainers. At the dance Linda Mitchell was crowned Greek Goddess and Devon Shields was first runner-up.

Basketball

Cagers Double Wins Over Last Year's Record

Coach Waters again was the key word in basketball at G.S.C. The Panthers this year finished with the best season ever with a 5-15 record. The Panthers battled hard all season, but the win over arch rival West Georgia at the beginning of the season has got to be the season's highpoint. The Panthers were plagued by injuries during the season hampering the possibility of a winning record.

Outstanding Panther players during the '69 season were Ken Brewer, who showed sharp-shooting as well as excellent ball control; Al Dickson, who consistently performed well, and Thomas Rankin, who also added to the team. There is a bright outlook to next season, as these players and their teammates gained experience this year.

Cross Country

Panther Team Attains Fifth Consecutive Winning Season

The Georgia State Cross Country team, coached by the Dean of Men, Tim Singleton, raced to its 5th consecutive winning season with a 7-6 record. The Panther runners were paced by returning lettermen Bill Brackin, Jay Lutenbacher, and Frank Clegg. Rounding out the team were the "rookies," Mitch Ferrell and Dan Givens.

These five runners turned in some excellent performances against some of the top cross country teams in the South. Some of the top victories for the Panther harriers were wins over Mars Hill, Emory, Ga. Southwestern and Morehouse. Ga. State lost several tough meets to Ga. Tech, Georgia and Clemson.

Golf

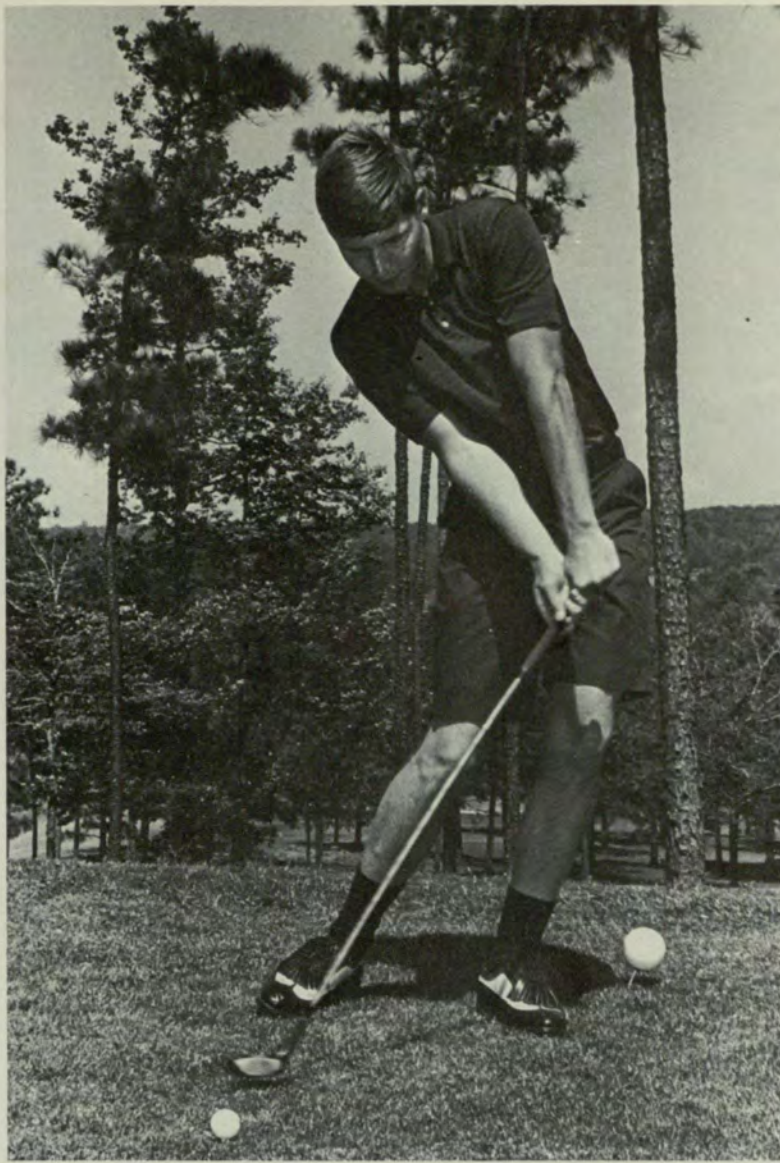

Team Posts Winning Record; Foresees Future Victories

The 1968 Georgia State College Golf Team, coached by Richard W. Wehr and led by captain Terry Massar, compiled a 13-9-1 season record. Opponents included Georgia Tech, Auburn, Tennessee, Vanderbilt, Furman, Chattanooga, and Sewanee.

Other members of the team included Bob McLeod, Jimmy McCoy, Jim Webb, R. L. Jacobs, Kent Summers, and Ron Howington. Five of these boys were seniors. Only Ron Howington will return for the '69 season; but under the fine recruiting and direction of Coach Wehr, the team may be expected to come through with another successful year.

Soccer

Season Is The Best In The Record Of Georgia State

This is the first year of NCAA soccer at Georgia State. Under Coach C. G. Alexandrides, the Panthers posted the best record in Georgia with six victories, three losses, and one tie with Rollins College.

The team was led by Captain Steve Mwamba, Goalie Dimitri Hadjissimos, Center-fullback Dave Hill, and Center-halfback Dick Pritchard. All of the starters were freshmen except for one. The team is also comprised of Atlanta talent except for three foreign students. Two of the players were named to the All-Star team of Florida Soccer Classic at Deland. Hadjissimos also won the best goalie trophy in the Southeastern Conference at Knoxville. Georgia State is the only college in the South to field a varsity team and a soccer club. The 1968 record of the club was 16-4-1, including a 4-3 victory over G.S.S.F.A. champion.

A Strong Schedule Is Ahead For The Racquetees

The Georgia State racquetees of 1969 anticipate one of their finest seasons in years. With Glenn Thurman, Bruce Bradley, David King, and Michael Boone returning plus newcomers John Ridley, Warren Bearden, Dean Hawthorne, Harm Brandt, Bliss Mitton, and Ken Martin, the outlook is optimistic.

A stronger schedule in 1969 pits the Panthers against the University of the South, Florida-Southern, Indiana State University, Vanderbilt University, Oglethorpe, Mercer, Emory, and the University of Chattanooga.

I.F.C. Basketball

Two Teams Added And League Divided According To Size

This year's IFC basketball play was innovated to help provide for the additional two teams—Chi Phi and Alpha Phi Alpha. The league was divided into two sections according to size. Two teams dominated play in the leagues this year—Alpha Phi Alpha in the small fraternity league and the Pi Kappa Alpha in the large fraternity league. Bruce Bradley was a prominent figure in the Pikes' success this year, as was Tom Tiller for the A Phi A's. Outstanding performances during the season were the triumph of Sigma Nu over Kappa Sigma for the first time in 3 years by a score of 72-70; however the Kids got revenge in the tournament with a 71-56 triumph. Don Ingram helped the TKE's to a solid second place in the small league. Once again, even with the split to separate leagues, the IFC basketball schedule offered bitter competition, full of action and excitement.

I.F.C. Football

Pikes Now Hold I.F.C. Football Championship

I.F.C. Football had record-breaking crowds supporting the teams this year. No longer was the league dominated by the Kappa Kids as it was in the last three years. The Pikes sported an excellent team with only one loss to the Sigma Nu Snakes due to the fine run made by Bud Lay. One of the finest performances of the year was put in by PiKA's defense, led by Wade Wilkes, Fred Murphy, Rick Seale and Dennis Byerly, during the Kappa Sig game in which the Pikes staged a goal line stand in the final quarter, stopping the "Kids" from a fourth straight championship. As a whole, this year all the teams put in fine performances which helped to strengthen the league.

I.F.C. Softball

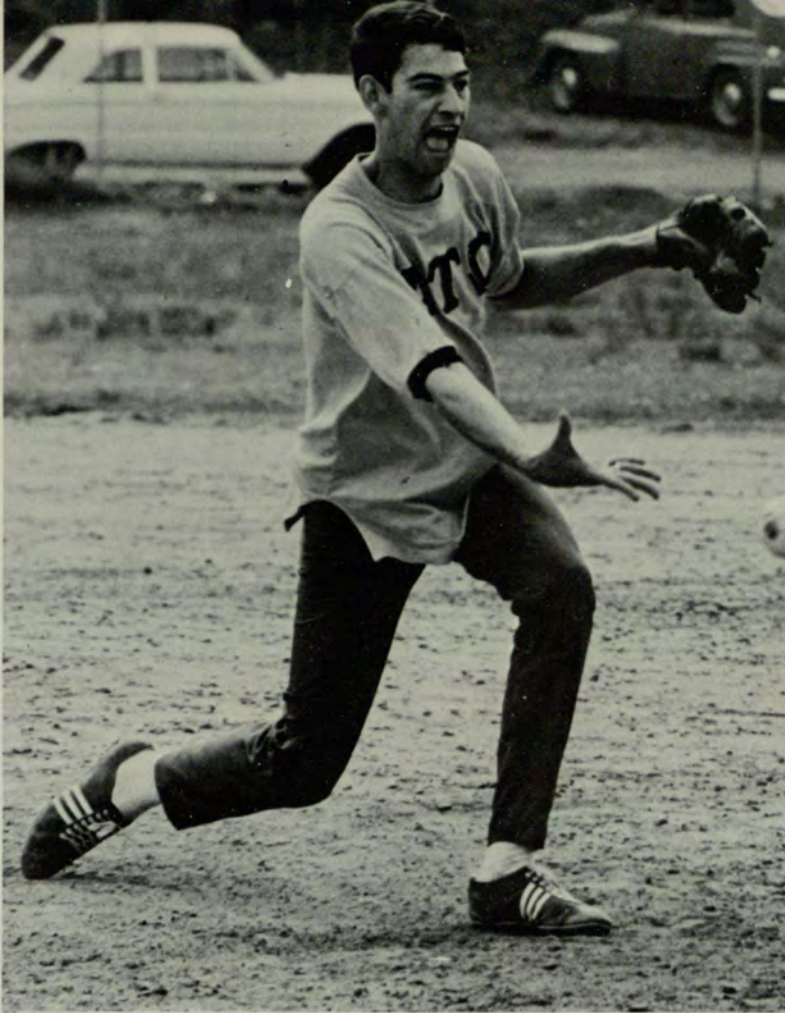

Pikes Lead League This Year, Losing Only To SN

This year in I.F.C. Softball, a brand new champion was crowned for the first time in three years. The Pikes paced the season with only one loss to the Sigma Nu Snakes. Pi Kappa Alpha then followed their successful regular season by defeating the Tekes and the Kappa Sigs in the season's tournament to be named I.F.C. champions.

The batting average of Hank Kalb helped the Pikes in recording such a fine performance. Other players in the league deserving mention are Kappa Sig's pitcher Bart Hickman and Sigma Nu's 3rd baseman Rich Coreno. As a whole I.F.C. Softball was filled with more enthusiasm and competition than ever before.

Actuarial Science

Speakers Invited To Inform Club Of Current Trends

The Actuarial Science Club is composed of both undergraduate and graduate students interested in actuarial science and insurance. The club holds monthly meetings at which representatives of the insurance industry (both local and national) speak. These speakers inform the students of current trends and developments in the application of actuarial science in the business world.

Besides its professional objectives, the club helps develop a cohesiveness among the actuarial science students and faculty at Georgia State. This cohesiveness can be attributed in large part to the leadership, inspiration, and understanding of the club's advisors: Dr. Eli Zubay, Mr. Robert Batten, Mr. Bernard Webb, and Mr. John Brown.

Alpha Lambda Delta

Organization Aids State With Publication Of Handbook

Alpha Lambda Delta is more than just another organization on the Georgia State College campus. It symbolizes the development of the ideals of high scholastic and personal achievement during the often earth-shaking first year in the college environment. As a national organization Alpha Lambda Delta serves to foster these ideals in the freshman women of colleges and universities throughout the United States.

On the GSC plane, the organization renders service to the school through its yearly publication of the Student Handbook.

Alpha Kappa Psi

Organization Not Limited Solely To Undergraduates

Founded at New York University in 1904, Alpha Kappa Psi has now installed over 160 college chapters and 50 member alumni chapters while inducting over 75,000 members. One of the many outstanding members is Richard M. Nixon.

Pi Chapter, does not limit its membership to only undergraduate business students. Members at the Master's and Doctoral Business Programs also play an active role in its social and professional activities.

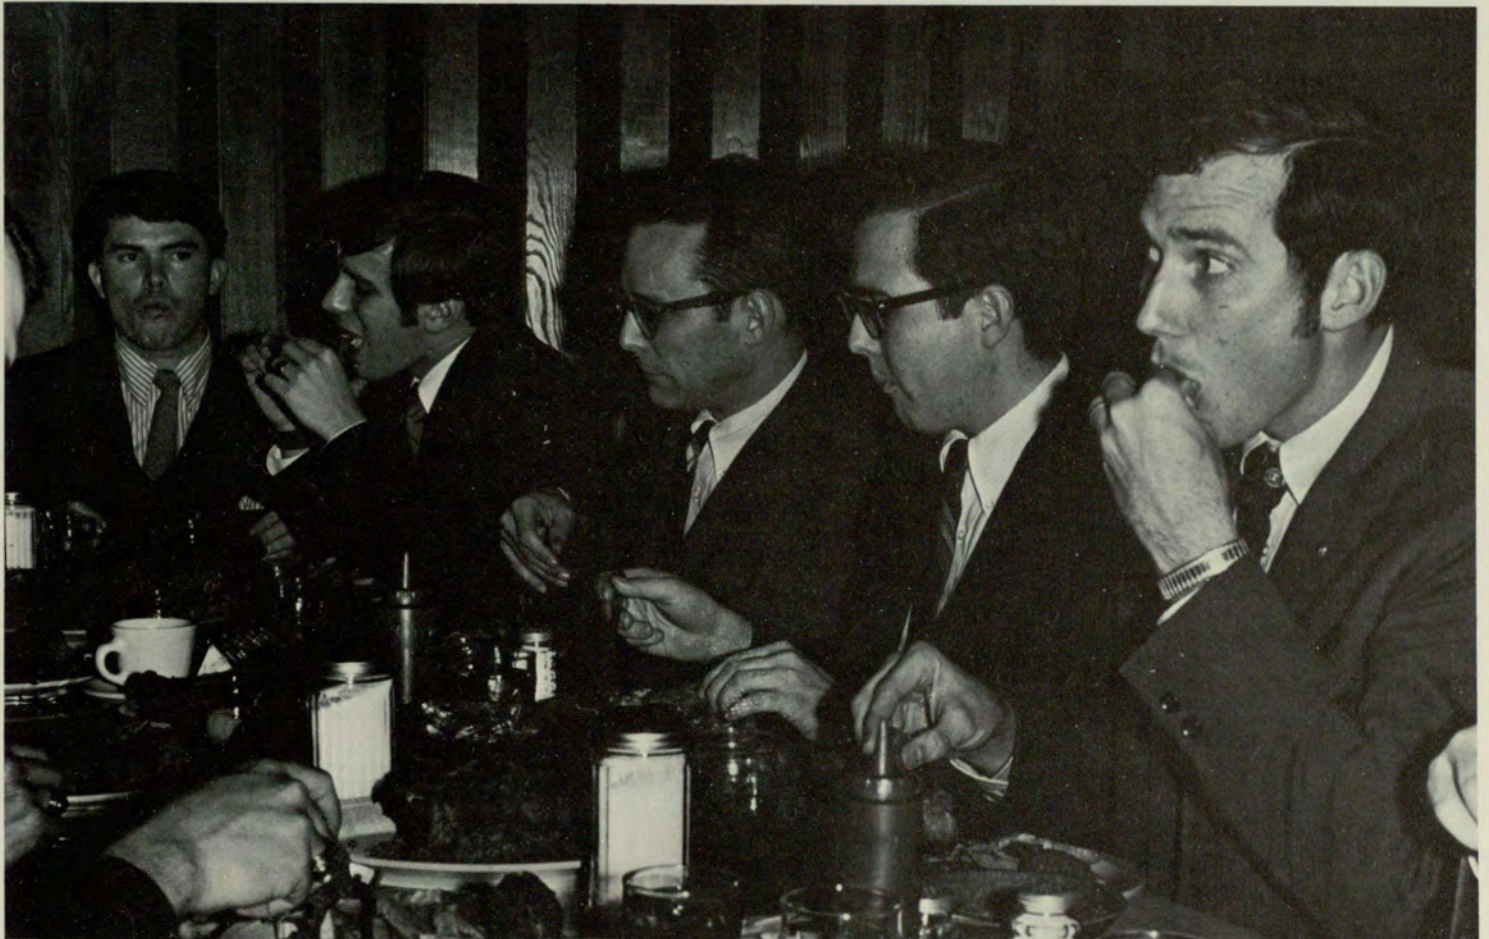

Pi Chapter's program consists of school and community service projects, professional dinners, research projects and visits to the business community. Parties and social events are climaxed in the spring with the Yellow Rose Ball.

Baptist Student Union

Members Participate In Various Campus Activities

The Georgia State Baptist Student Union strives to lead students in spiritual growth, Christian fellowship, service to others, and involvement in campus life. In addition to an inspirational program each Tuesday, BSU leads services in local churches, participates in community service projects, takes part in such campus activities as Homecoming and Mardi Gras, and sponsors outstanding social events throughout the year.

Beta Alpha Psi

Preparing Students For Their
Future Career Is Objective

Founded in 1919 at the University of Illinois, Beta Alpha Psi is a national honorary and professional fraternity for students of accounting. Beta Mu Chapter was founded at Georgia State College in 1961 and proudly carries the distinction of being the first chapter in the state of Georgia.

Beta Alpha Psi stresses the objectives of scholarship and leadership in its program to prepare students for future careers in accounting. This year's activities include numerous lectures, plant tours, discussion groups, and dinners, aimed at providing a closer association between members of Atlanta's accounting profession and students of our college.

Honor Society Open To Juniors And Seniors With 3.0

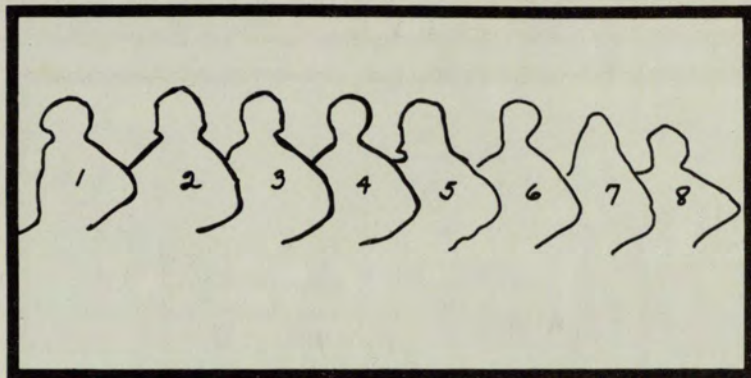

A National Honor Society of the Biological Sciences, Beta Beta Beta was founded in 1922 at Oklahoma City University. The Eta Psi Chapter at Georgia State College was installed in 1964. Membership is by invitation only to those juniors and seniors who have completed four biology courses and who have a scholastic average of 3.0 or better.

The Eta Psi chapter sponsors a lecture series and other events in an effort to encourage scholarly attainment in biology, to promote fellowship among biology majors, and to provide recognition for students of superior ability.

Cheerleaders

Cheerleaders Now Support Team In Out-Of-Town Games

This year the Georgia State Cheerleaders have been more active than ever. They attended three of the away games plus supporting the Panthers and cheering at all of the home games at O'Keefe Gym. They are active in the G-Club and help to promote school spirit throughout the year. This year the Cheerleaders supported the Georgia State Soccer Team and helped them with their victories. The new Cheerleaders are chosen during fall quarter by the Captain, Advisor, and the Faculty Athletic Committee. They must maintain an overall 2.0 average. Once a girl makes the squad, she remains on until graduation.

Blue Key

Organization's Main Goal Is Service To The Student Body

In addition to operating the Blue Key Book Exchange as a service for fellow students, Blue Key undertook the responsibility of ushering for the two annual commencement exercises of the College in 1968. This is in keeping with the main goal of Blue Key, which is service to the student body and the college in general.

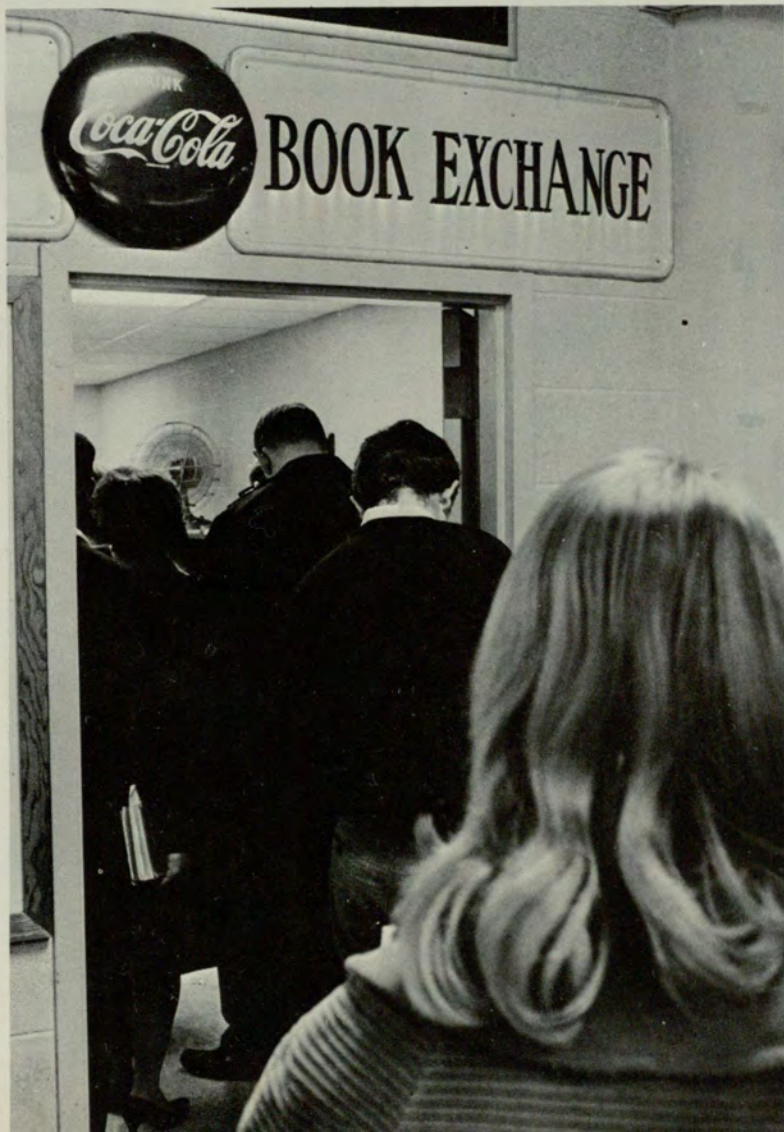

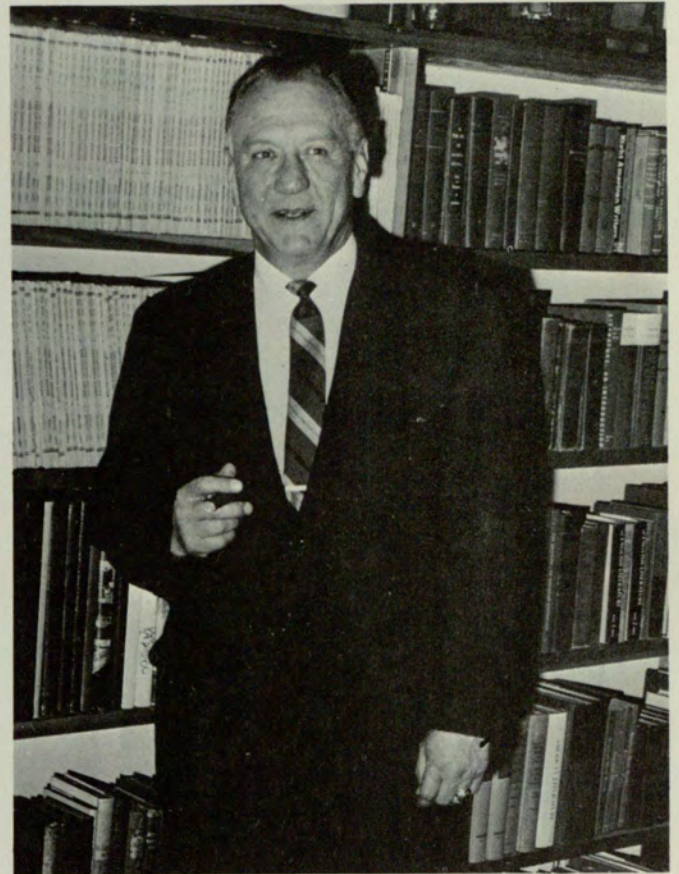

Also, the Kenneth M. England Foundation, Inc., which was established by Blue Key as a scholarship fund in 1967, became an official corporation in 1968. Blue Key, along with others, has already made substantial monetary contributions to the Fund and will continue to do so on a recurring basis in the future.

Circle K Club Fulfills Kiwanis Objective With Its Services

Circle K Club at Georgia State College is sponsored by the Downtown Kiwanis Club, which is the second largest International Club. They work under the guidance of Mr. Lewis Van Gorder, director of the School of Special Studies, and Mr. Ken Steele, the sponsor from the Kiwanis Club. The club is active in a great many school and community projects, such as helping with registration, guiding visiting groups around campus, assisting Boys' Clubs, and working with underprivileged children. Thus they fulfill a prime Kiwanis objective: to develop by precept and example, a more intelligent, aggressive, and serviceable citizenship.

Council For Exceptional Children

Program Begun For Majors In Special Education

The Student Council for Exceptional Children serves a three-fold purpose for students majoring in Special Education. The first is to promote professional standards of a high order and to improve the preparation of all professionals dealing with exceptional children; then to promote programs designed to attract students into the profession of special education; and finally to disseminate to the public information regarding educational needs at local, state, regional and national levels.

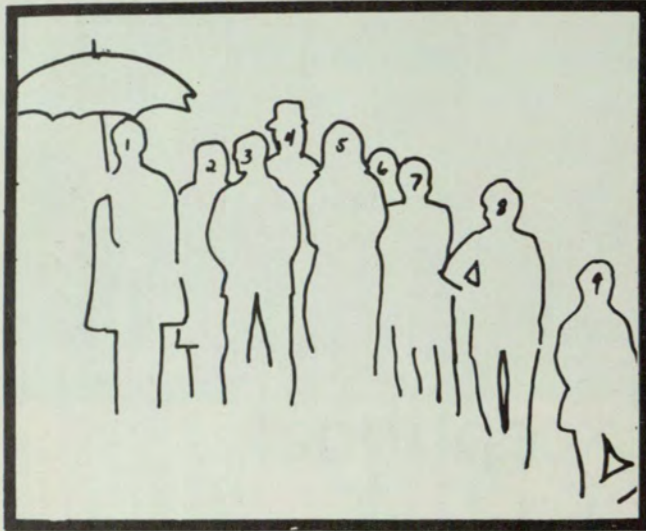

The Georgia State Chapter of SCEC is very active at the local, state, regional and national levels with officers at each of these levels.

Crimson Key

Conference For Women Is Society's Annual Project

Crimson Key Honor Society is the scholastic and leadership society for women at Georgia State College. To be eligible, junior women must have at least 90 hours, have a 3.0 overall grade average, and have shown leadership ability. During the year, Crimson Key members participate in different activities. This fall they had a booth in Activities Day and gave a Christmas party for the foreign students at Georgia State. Winter quarter they ushered at a performance of *The Man of La Mancha*. A Social, Political, and Economic Conference for women, involving women from all over the state, held in the Spring is the annual project of the Crimson Key Honor Society.

Debate Club

Our Team Has Won Top Awards Across The Nation

This year the debate team expanded into varsity competition after a successful season last year on the novice level. The team has participated in inter-collegiate tournaments at Auburn, Emory, Birmingham Southern, West Georgia, Tulane, Florida State, Citadel, Georgia and South Alabama. The team has distinguished itself by winning many top awards in national competition.

The debate team, sponsored by the Speech Department, has expanded in prestige and membership. Many underclassmen members provide the foundation for a continued strong team in the future.

Delta Sigma Pi

Activities This Year Include Dinners, Parties And Tours

Kappa Chapter of Delta Sigma Pi has again upheld its tradition of being the leader in the study of business administration here at Georgia State. Through a well-rounded schedule of activities, under the direction of President Roger Greer, the Delta Sigs have furthered their cause of professional ideals in an atmosphere of fraternal brotherhood. Such activities as professional dinners, parties at the new Delta Sig Lodge, and industrial tours help to develop each member into a well-rounded, professionally oriented man of commerce. Through aiding the college in turning out high caliber students of commerce, Delta Sigma Pi has significantly contributed to the improvement of the school.

Drill Team

Newly Formed Drill Team To Perform At Basketball Games

The new Georgia State Drill Team was formed this year. It consists of sixteen members and four Alternates. The Drill Team participated in the Homecoming Parade and has been practicing for half time performances at the Georgia State basketball games. The Drill Team chartered a bus and went to Birmingham, Alabama to perform at the Georgia State's basketball game there. The Drill Team performs intricate drills and dance routines to recent music. Each of the Drill Team members is required to spend time practicing each week for performances. Their sponsor is Mrs. Riggs.

General Council

Activities Coordinated For All Organizations On Campus

The General Council of the Organizations of Georgia State coordinates the activities of the 98 recognized campus organizations. General Council membership consists of one representative from each organization and a six member executive committee.

Activities included for this year the sponsorship of a school-wide Mardi Gras, the selection of outstanding seniors for the WHO'S WHO honor, the publishing and sale of the student directory, the sponsorship of a quarterly activities day, the selection of activities chairmen for school-wide functions, and the sponsorship of leadership workshops.

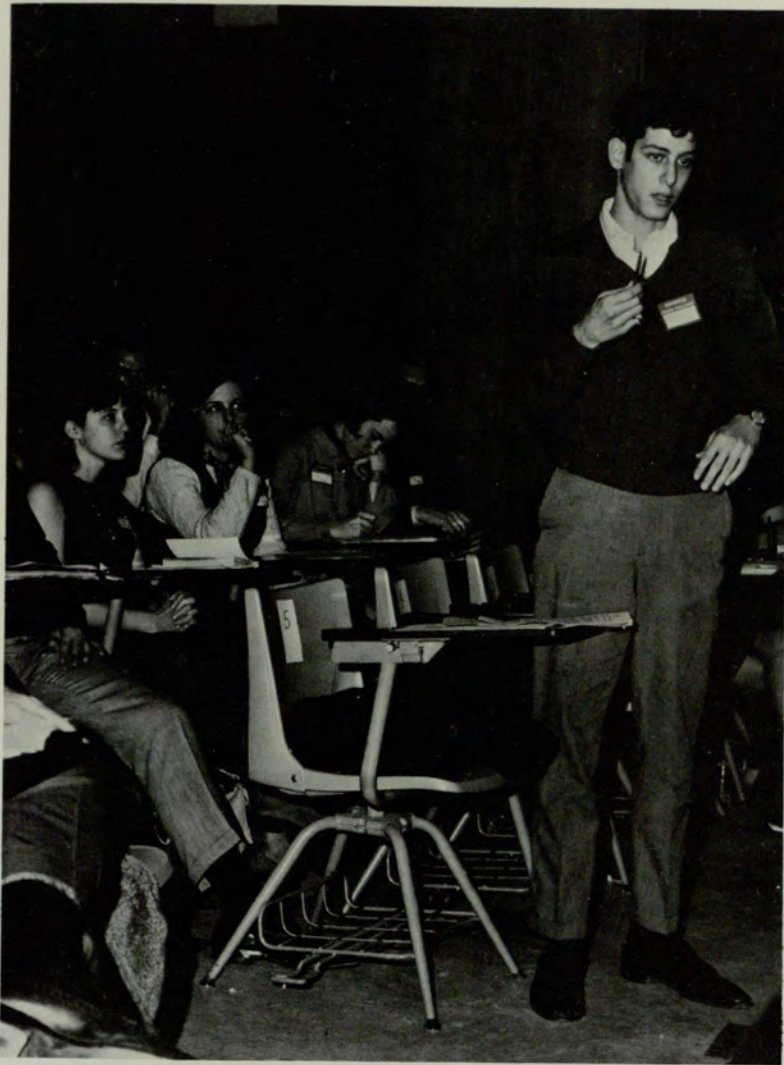

Other activities of the Council were the solicitation of prominent, national organizations for the college and a study of the feasibility of obtaining more student representation in the appropriation of the Student Activity Fee.

Georgia State Players

Players Gain Recognition With Productions Each Year

The purpose of the Georgia State Players is to further the study of dramatic art and to encourage interest in the theatre, especially through the presentation of plays.

Under the capable direction of James E. Sligh, the Players produce at least four major dramatic productions each year. During 1968, *The Lady's Not for Burning*; *Impromptu*; *No Exit*; *Bell, Book and Candle*; and *Sabrina Fair* were presented.

The Players also perform each year for hundreds of teachers and students of high schools and other colleges, and sponsor an Annual Drama Seminar-Workshop for teachers and students.

Interfaith Council

Religious Groups Find Cooperation In This Council

The Interfaith Council promotes understanding and cooperation among religious groups at Georgia State. Each organization is encouraged to send a representative to the Council which will sponsor an Easter service and an Interfaith Retreat this year.

Though at times in the past the Interfaith Council has not been extremely active, it is now taking a new and decisive role of spiritual leadership on the Georgia State College campus.

International Students

Club Promotes Understanding Of Students And Cultures

Now in its fourth year, the International Students Club has reached a membership of over sixty students. The organization has shown increased prominence and recognition in the college community during the past year.

The Club strives to provide an opportunity for foreign students to meet socially and to promote a better understanding of its numerous cultures represented, not only among the foreign students but also among the American students. Participation in such college functions as Homecoming and Mardi Gras also forms an important part of the Club's activities.

Kappa Delta Epsilon

Projects Of Service Offered To Campus And Community

The Beta Beta Chapter of Kappa Delta Epsilon, National Education Professional Sorority, was established at Georgia State in May, 1968. KDE recognizes through membership outstanding students preparing to enter the teaching profession. It is an active group in which students of serious purpose undertake projects of service to the campus and community. Regular meetings acquaint members with the history and ethics of the teaching profession, imbue them with a sense of professional responsibility, and keep them in touch with the current problems of education.

Sixty Students Will Graduate As 2nd Lieutenants

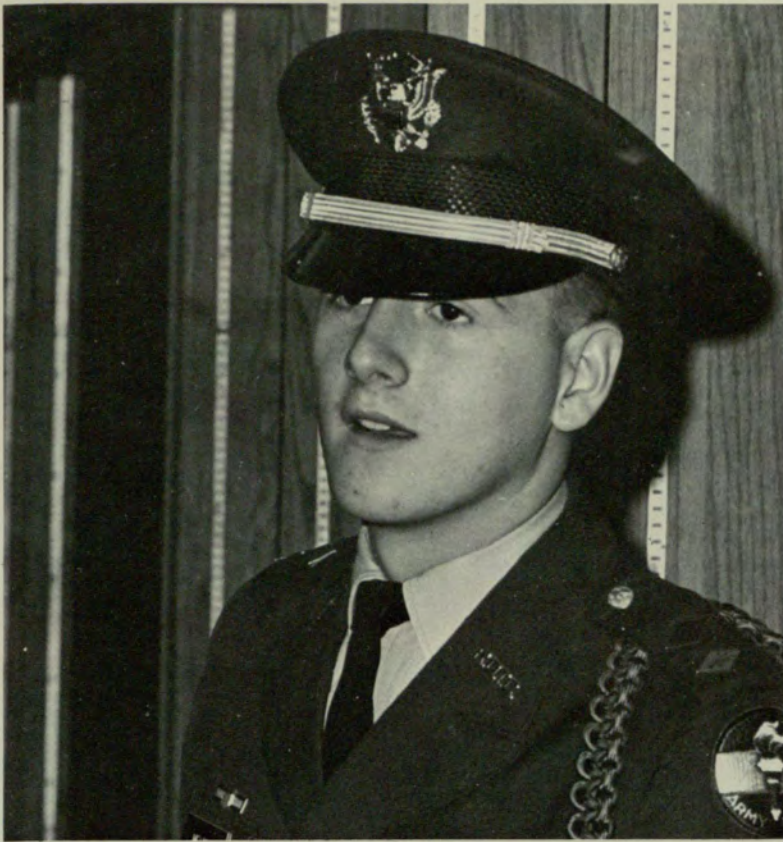

Each year the U.S. Army commissions graduates of universities and colleges to the rank of 2nd Lt. upon completion of the 4-year ROTC program. Here at Georgia State some 60 students will be graduated under this program. They will then serve as officers for a minimum 2-year period.

The freshman and sophomore cadets attend 2 hours of class and 1 hour of drill a week. The advanced cadets, juniors and seniors who are already under contract with the Army, attend 4 hours of class and 1 hour of drill a week.

During the school year the Cadet Brigade participates in the Empty Stocking Fund Drive at Christmas and all cadets are invited to the formal Military Ball in March.

The Georgia State College majorettes were formed as an outlet for more participation in school spirit by G.S.C. coeds. The initial purpose of the group was to provide entertainment for the halftime at GSC basketball games.

However, due to their many outstanding performances, they have been asked to participate in various other college functions. Some of these include the Freshman Orientation program, the Homecoming parade, pep rallies and Spring Festival. The majorettes were represented at this year's Freshman Conclave.

Newman Club

Religion Accompanied By Education And Entertainment

The Newman Club was installed at the college in 1952. Membership is necessary for the continued growth of the student and is open to all Catholic students.

The aim of the Club is threefold: religious, educational, and social. Mass and Communion are offered weekly and on Holy Days. Seminars, guest speakers, and group discussions help to make a well informed layman. Social events are planned with other clubs and with young adult clubs in the area. Persons of all interests will find activities in which to take part.

Nursing Education

Club Informs Members On Subjects Of Interest

The Nursing Education Club was organized at Georgia State College in 1952 for those students working toward a Bachelor of Science degree in nursing from the Medical College of Georgia.

Two objectives of the club are to foster feelings of fellowship among its members and to discuss subjects of current interest to the nursing profession so as to stay well informed.

The year's activities include participation in an orientation program; social events such as a Christmas Party and a spring picnic; and monthly meetings with guest speakers on subjects pertinent to the current trends in nursing.

Omicron Delta Epsilon

Society At State Promotes Interest And Scholarship

The Beta of Georgia Chapter of Omicron Delta Epsilon, national honor society in economics, was organized at Georgia State in 1968. The purpose of the society, which is open to faculty, graduate students, and qualified undergraduate students, is to promote interest and scholarship in economics. During the year the society sponsored bi-weekly seminars in which students and faculty presented papers for discussion and criticism. An awards program for the best undergraduate and graduate papers was instituted. Other activities of the society included a coffee for Dr. George J. Stigler, distinguished professor of economics at the University of Chicago, who gave the Malanos Lecture for 1968.

Omicron Delta Kappa

A New National Honor Society Has Been Started

Omicron Delta Kappa, national leadership honor society, was established at Georgia State College in April, 1968. Membership is awarded to junior and senior men for specified eligibility in the five major phases of campus life, namely: scholarship; social and religious affairs; athletics and military; publications; and speech, music, art and drama. Faculty and graduate students are also awarded membership. ODK awards annually a cup to the social fraternity with the highest scholastic average, co-sponsors the Senior Breakfast, presents the President's Award to the graduating senior with the highest average and gives the Sophomore Award for Excellence to the male sophomore who best exemplifies ODK principles.

Phi Chi Theta

This Chapter Placed First In
Its Southeastern Competition

Phi Chi Theta is a national professional fraternity for women majoring in business, economics, or business education. Activities include professional functions, competition with other collegiate chapters for various awards, and scholastic competition with Alpha Kappa Psi and Delta Sigma Pi here on campus. Phi Chi Theta has won the trophy for highest scholastic average for the past two years.

In national competition for efficiency rating points, Upsilon Chapter placed second nationally and first in the southeast.

The sisters have goals in common: friendship, scholarship, and professional growth and development. Does it sound worthwhile? . . . It is.

Pershing Rifles

PR's Look Forward To Their Performances And Drills

The most outstanding innovation in the Pershing Rifles this year was the room improvement. They have added paneling and carpeting to T Company headquarters. This year the first big project was the annual Turkey Shoot. In 1969 they plan to have an all Georgia drill meet composed of drill units from other colleges in Georgia plus Ga. State. In the spring the all-new fancy squad will perform for the Spring Festival, and the entire company will go to the 4th regimental drill meet held each year at Ft. Gordon in Augusta. Of course they plan to win this meet and win the G. A. Douglass trophy for the second time so that they will again be the number one Pershing Rifle unit in the nation.

Phi Eta Sigma Society Recognizes Scholastic Excellence Of Male Freshmen

Freshman men who have excelled in scholarship may be tapped for the distinctive honor of becoming members of Phi Eta Sigma, the scholastic honor fraternity. With its reactivation at Georgia State, Phi Eta Sigma has made an excellent beginning in recognizing and encouraging excellence in scholastic attainment which constitutes the purpose of this distinctive group.

This organization has more than one hundred chapters and a national membership of nearly one hundred thousand persons. Membership is extended to males having an average of B+, or better, for two consecutive quarters during their freshman year.

Fastest Growing Fraternity In The Country Sets Goals

The year marked the beginning of a chapter fraternity room, continuation of annual sales projects and the establishment of the Lewis F. Gordon scholarship fund in honor of one of the founding fathers. Regular activities include monthly meetings with dynamic speakers, attendance at national conventions, and guest attendance at the Sales and Marketing Executives Club meeting. Presently, there are two \$500 scholarships awarded each year to PSE members in the state of Georgia.

Scabbard & Blade Military Society Recognizes Leadership In ROTC Program

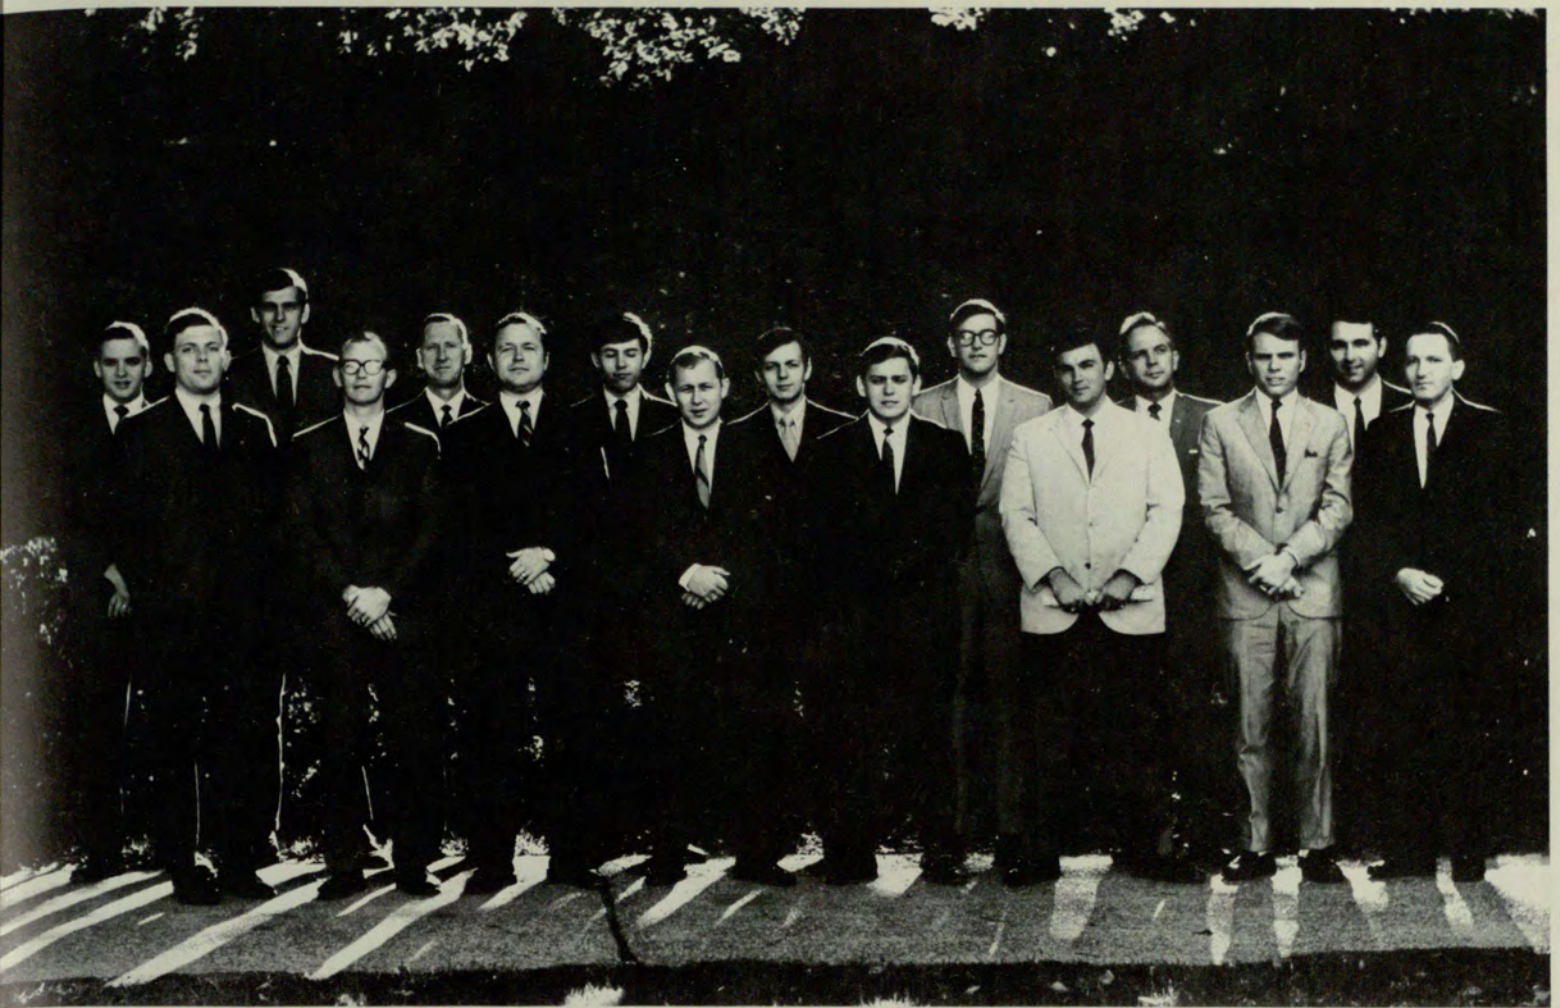

The National Society of Scabbard and Blade is an honorary fraternal organization for those cadet officers possessing high leadership qualities.

Scabbard and Blade was founded at the U. of Wisconsin in 1905 with the expressed purpose of raising the standard of military education, uniting college military departments, fostering essential qualities of good officers and promoting fellowship among cadet officers. Since that time Scabbard and Blade has become the nation's largest college military organization.

Company F, 11th Regiment, was founded here at GSC in 1954 and at present has eighteen members. One of Scabbard and Blade's most important functions each year is the sponsorship of the annual Military Ball.

Sigma Delta Chi

New Society To Work With The Professional Chapter

Sigma Delta Chi, national professional journalism society, recognized the potential of journalism at Georgia State College when more than 500 of its members unanimously approved State's petition to establish an undergraduate society last year. Many journalism majors who compose State's newest professional groups are either active in the field presently or plan to enter it upon graduation. Open only to junior and senior male students, SDX is one of the nation's oldest professional groups. SDX at Georgia State joins the University of Georgia chapter as the only two undergraduate chapters in Georgia. The Department of Journalism continues to work closely with the Atlanta professional chapter.

Student Education Association

Service Organization Is Active With Career Programs

The Student Education Association is an active service organization designed to give teachers in training practical experience in working together on the problems of the profession; to acquaint them with the background, ethics and programs of the profession; and to provide a valuable supplement to their training program.

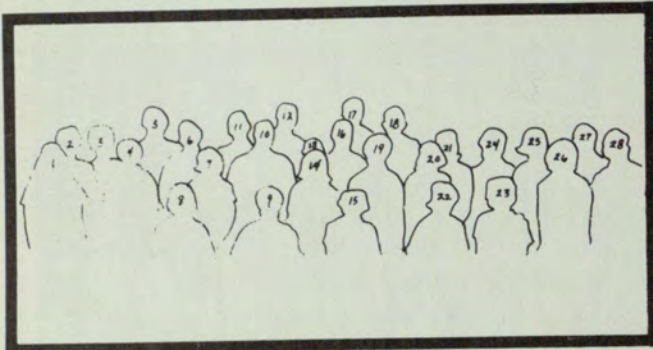

The association offers career-oriented programs each month of the school year. Faculty-student discussion groups are held to aid students in understanding problems of the field. S. E. A. also has many fine speakers from various areas of education. This fall S. E. A. held its annual student-faculty tea, and service projects with children.

Student Government Association

SGA Strives For Good Relations, Representation

The Student Government Association was this year combined from separate day and night organizations into a single unified organization. The purpose of the SGA is to represent the students; promote cooperation and good relations between the students, the faculty, and the administration; and through these endeavors to work for the betterment of the college.

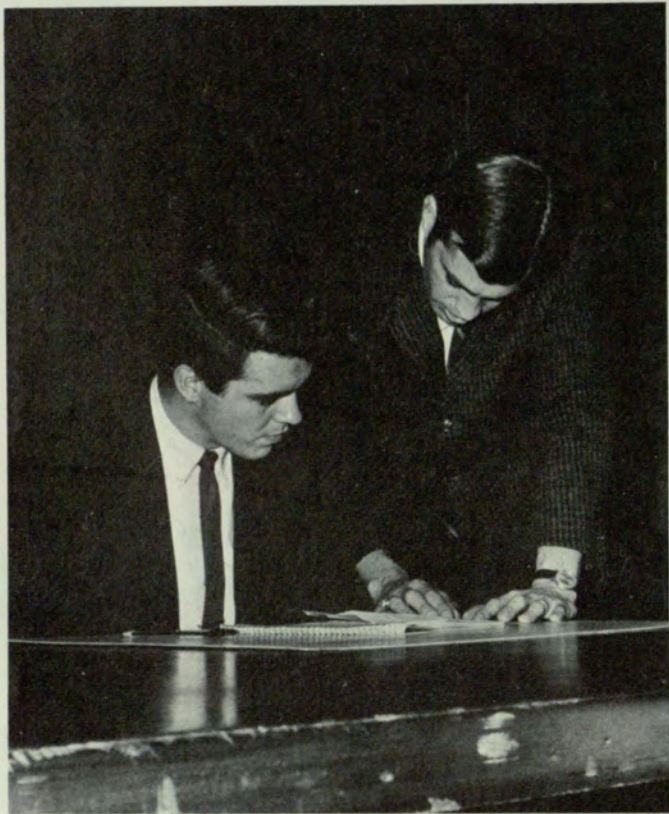

The SGA has this year continued its efforts to find a solution to the parking problem by requiring stickers for all college lots, and this year they have sponsored top quality concerts. Also this year an Intra-mural sports program was started. The SGA is now working on a teacher-course evaluation and has already initiated a student discount program.

Panhellenic Council

What this group lacks in experience it makes up in spirit ... Let's get that in writing ... You mean I have to re-do the basketball schedule again?? The key to any meeting is strict formality ... Does everybody understand that motion? ... Where is the meeting? ... An organized group of women is a powerful weapon ... Ring the cowbell ... How many more parties? ... Just Ring The Cowbell ... No, I don't know but I'll go ask the Dean ... Remember be tactful ... Panhellenic newsletter ... Joint Panhellenic meeting ... Dean Winship ... Friend-Advisor ... tolerant ... understanding ... More eager to listen than to speak ...

President's Message

The academic year 1968-69 has been a tremendous one for Georgia State College. Enrollment for the fall quarter, 1968, soared to 11,104. Student activities facilities were expanded and improved; three additional floors were completed and occupied by the library; work began on our new Fine Arts Building at Ivy and Gilmer Streets and progressed rapidly. In addition, work began on our new Arts and Sciences Building at Ivy and Decatur Streets; on the new gymnasium on Decatur Street; and on the first of the plazas and connecting bridges which are to unite our campus.

Georgia State has become known as one of the great urban life centers in the nation. Outstanding new personnel have been added to our ranks.

Vice President's Message

New appointments have been made in Georgia State College's central administration, including Dr. George E. Manners, former Dean of the School of Business Administration, now Assistant Vice President; Dr. Charles B. Vail, Dean of the School of Arts and Sciences; and Dr. Kenneth Black, Acting Dean of the School of Business Administration. Each of the three newly organized schools of Georgia State College is headed by a new dean: Dr. Roy M. Hall, Dean of the School of Education, Dr. Alex B. Lacy, Jr., Dean of the School of General Studies, and Dr. Rhodes Haverty, Dean of the School of Allied Health Sciences.

The Vice President's Administrative Staff has one new member and one person newly designated: Dr. Jack W. Rollow, Assistant to the Vice President and Coordinator of Research and Grants and Joe B. Ezell who will continue his duties as Assistant to the Vice President, but adds the function of Coordinator of Institutional Studies.

Library

Library Is At Last Large, Comfortable And Complete

The last phase of the library building is complete, and for the first time in many years Georgia State College has adequate library study and shelving space. Books were first moved into the first phase of the building from the old library in Sparks Hall in 1966; then they were shifted and moved again when the top three floors were added. For a while the library staff feared they would wear books out moving them around, but the move was finally completed with the collection intact.

Testing & Counseling

Services Are Here To Help Entire Student Body

Under the administration of the Vice President of Academic Affairs, the Counseling Center serves the entire student body. The department also does all the program testing and classroom examination scoring.

The Counseling Center provides services designed to help students use their assets more effectively in planning meaningful goals. Counseling is available to all students without charge regarding any of their concerns—vocational, educational or personal.

Allied Health Sciences

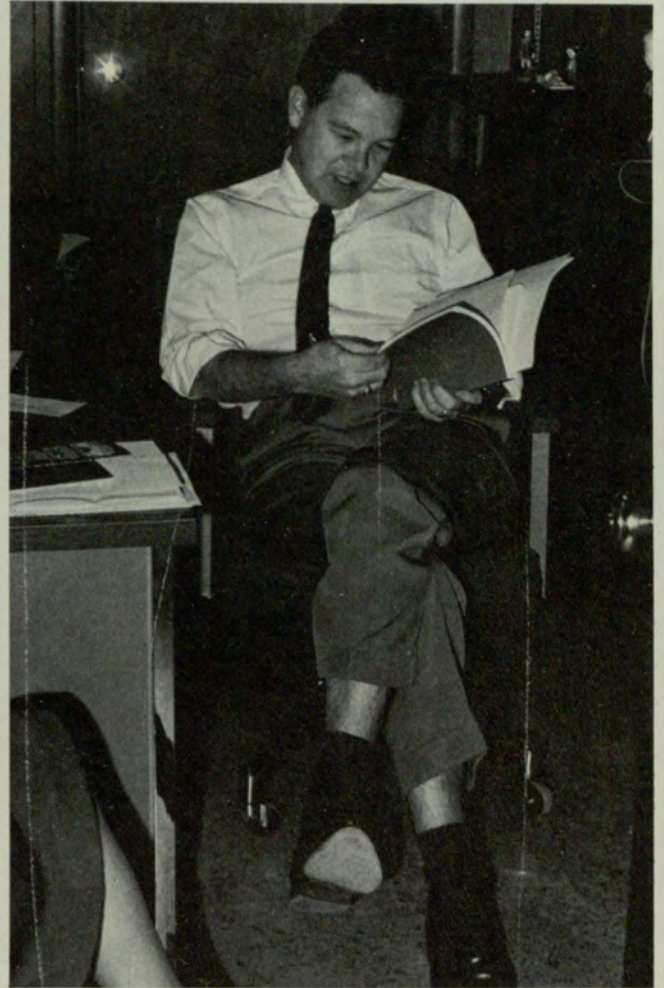

A New Dean Promotes Programs For Degrees

In August of 1968, Dr. J. Rhodes Haverty was appointed Dean of the School of Allied Health Sciences. This school currently is offering a Bachelor of Science in Medical Technology and plans to initiate in the near future a program leading to a Bachelor of Science in Nursing.

Programs leading to degrees in Occupational and Physical Therapy have been approved for the school and they will be initiated soon. Future plans also include initiation of a two-year Associate Degree program in Nursing, and a Bachelor of Science in Respiratory Therapy.

Medical Technology

Brand New Department Formed For Research

This department has been formed recently in the new School of Allied Health Sciences. The classes meet on Thursdays and Fridays for three hours a day. During this time instruction is given on the use of different machines and equipment that is important in the research of medicine and disease. Dr. J. Rhodes Haverty, Dean of the School of Allied Health Sciences, is serving as the head of this department until a new department head is named.

Nursing

Bachelor's Degree Available Now For Nursing Students

The Department of Nursing offers a program in Nursing of two self-contained units. Students who complete the requirements of the first two years receive an Associate Degree in Nursing and are eligible to write the State Board Test Pool Examinations to become, upon successful writing of the State Board Exam, registered nurses. Students who continue in the program and successfully complete the requirements of the third and fourth years receive a Bachelor's Degree in Nursing.

TOP: More nurses will be seen at Georgia State as the school institutes a full four-year nursing program, effective January 1, 1969.
BOTTOM: Mrs. H. N. Lane, Head of the Nursing Department.

Arts And Sciences

Programs Begun Leading To The Doctoral Degrees

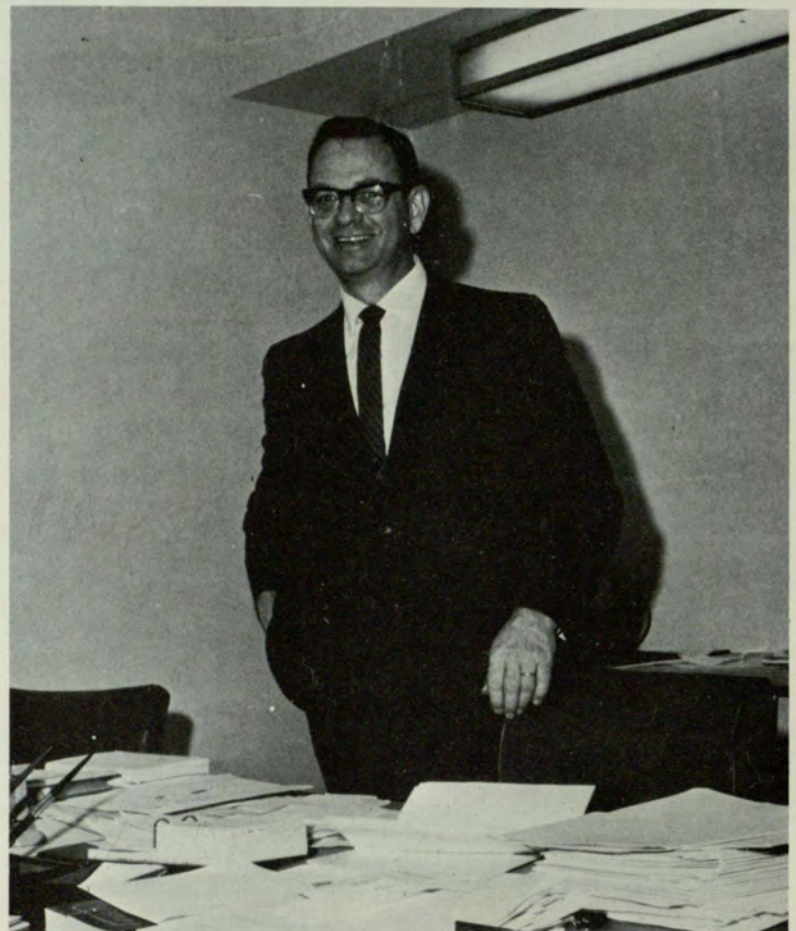

The School of Arts and Sciences is the central instructional unit of the College; it is there that most students encounter the core of subjects comprising the common background for all fields.

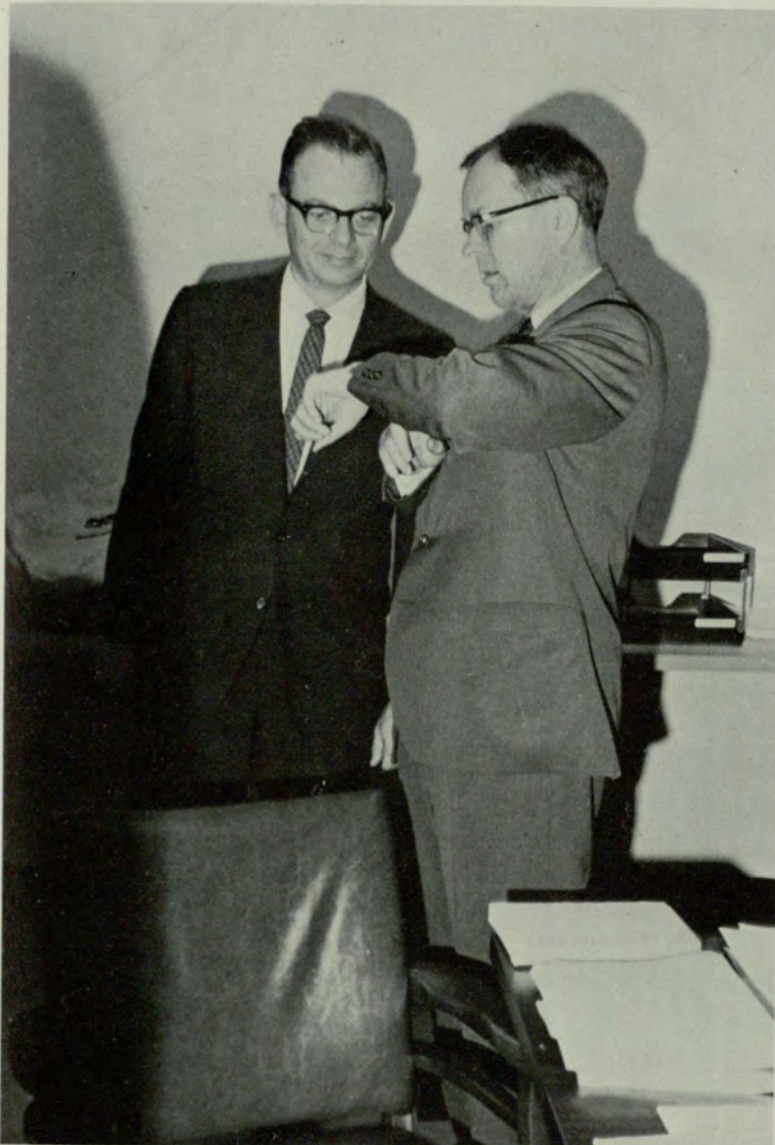

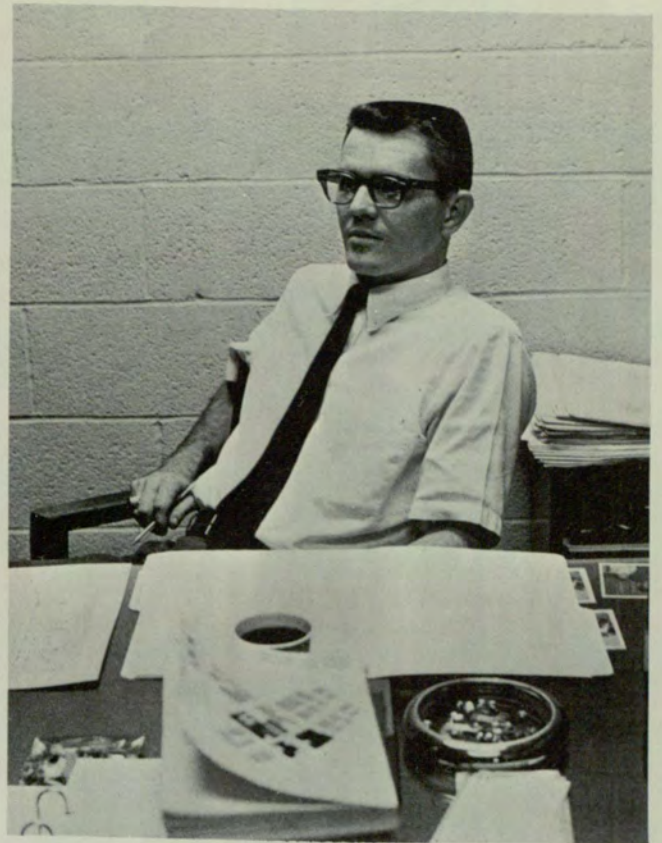

Among the principal developments during the year, the school began programs leading to the Doctor of Philosophy degree in English and History. Other such programs are in the planning stages.

The faculty watches with interest the construction of the Art and Music Building which should be occupied in early 1970. Plans were completed for a classroom and office building which will be constructed south of Kell Hall.

Anthropology Independence Is Cause Of Growth In Enrollment

It has now been two years since the Anthropology Department became independent. There have been two additions to the faculty: Margaret Steven Egloff and Mary Arnold Twining. Also there have been several additions to the curriculum both in the lower level introduction courses and also to the undergraduate upper level. This has probably been the cause of the enrollment of the department more than doubling in the past year. The first two graduate courses were finally approved this year.

Also added this year were several more important artifacts to the already existing collection of Fossil Casts from the University of Pennsylvania Museum.

Art

The Fine Art Majors Eagerly Await New Accommodations

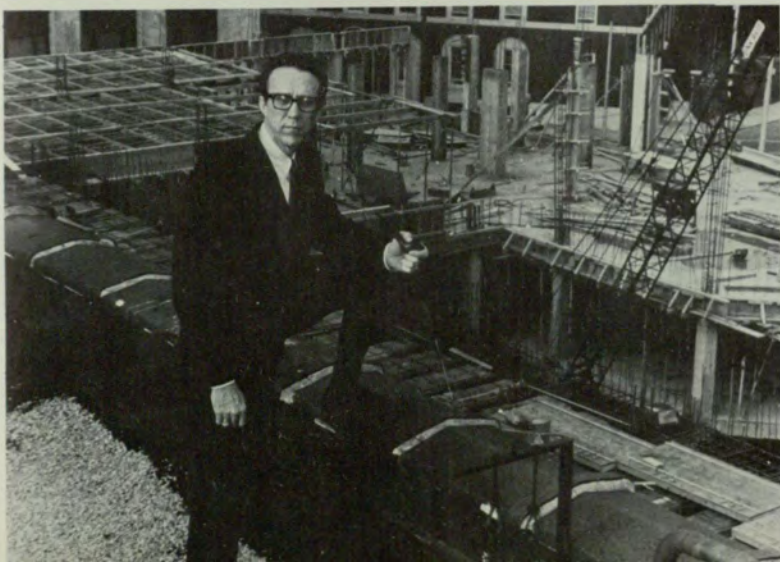

The rapidly expanding Art Department will soon find accommodations in a new six-story Music and Art building currently under construction at Ivy and Gilmer Sts. at a cost of about \$3,000,000.

Art majors offered include Drawing, Painting, Sculpture, Ceramics, Crafts, Graphic Design, Illustration, Art Education, Photography, and Interior Design. The Interior Design program is accredited by the American Institute of Interior Designers.

Atlanta is rich in cultural events, providing a good climate for art students.

Biology

Eight Hundred Students Take Introductory Courses

One of the main goals of the Biology Department is to help the student understand the world in which he lives. Eight hundred students enroll in the department each quarter. Many take introductory courses which are designed to give a concept of biological principles and to initiate the student in the fundamentals of the biology of living organisms. In addition to courses leading toward a specialization at both the undergraduate and graduate levels, prerequisite courses are offered in preparation for professional training. The M.S. and M.A.T. degrees are offered with the opportunity to concentrate in various biological specialties.

Chemistry

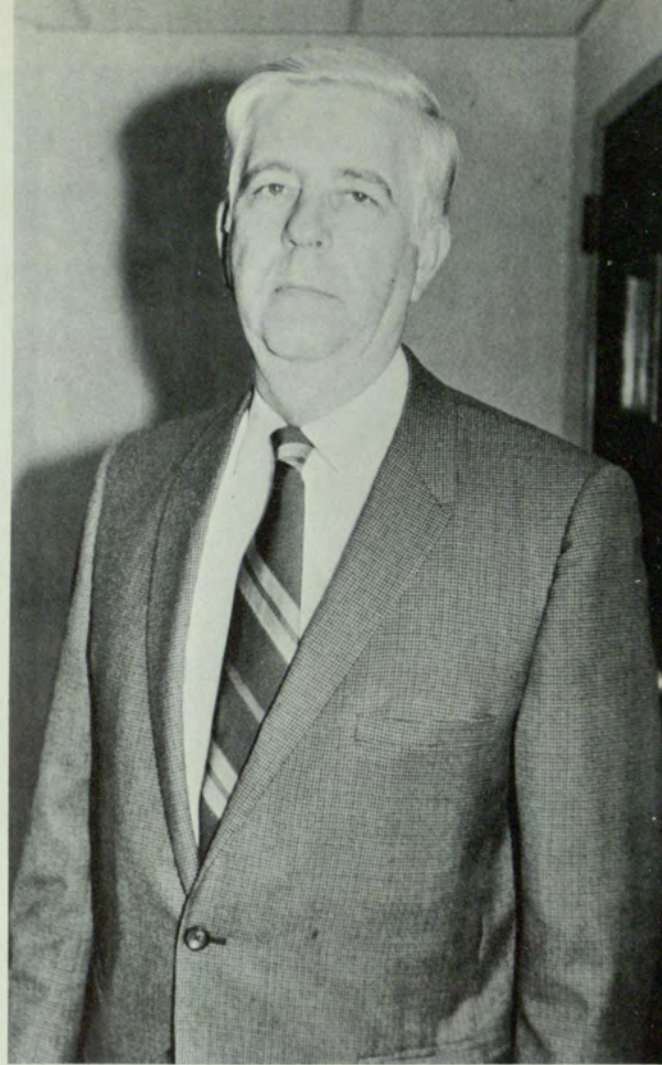

Faculty Members Explore Various Research Interests

New faculty members were added to the staff: Dr. Robert Cherniak, doing research on the structure of polysaccharides; Dr. Frank O'Brien, doing work in the electrochemistry of biological materials; and Dr. James, working in metal hydrides and borohydrides.

Professor A. H. Pendergrast continues his studies, which are medicinal and pharmaceutical chemistry. The teaching of the undergraduate laboratories was modernized by the addition of new instrumentation and the upgrading of content to provide better training both for the chemist and those students in biology, health sciences, and pre-professional fields.

English

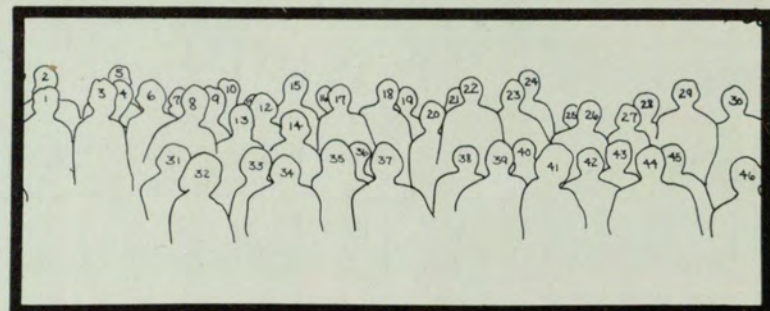

Doctor Of Philosophy Degree And New Courses Added

Moving into new graduate work this year, the department began to offer its Ph.D. program. At the same time, it continued to explore ways to give more effective teaching on all levels—freshman, sophomore, and upper division courses.

Each quarter the English Department offers courses to about 3000 students. It has about 400 English majors.

This year new courses in folklore were added in Negro literature. Also new courses expanded offerings in linguistics, in cooperation with the new School of Education.

Foreign Languages

Program In Japanese, And New Faculty Members Added

In keeping with the mounting interest in Far Eastern affairs already reflected in several social science departments of the college, we have begun a new program in Japanese. Several new courses in Latin, Greek, French, Spanish and German have been introduced to meet the needs of an increasing number of language and literature majors. To keep pace with the expanding college enrollment, we have added one new faculty member each in French and Spanish, and two in German, all with doctorates in their fields. A major program in classics, approved by the faculty, is expected to be inaugurated next year.

Geography

New Lab Science And Spatial Statistics Course Offered

Dr. Malcolm A. Murray, new chairman of the Geography Department, introduced several innovations beginning with the fall quarter, including the offering of physical geography as a lab science sequence along with a new course in spatial statistics and quantification.

The department plans to train graduate students in the local urban and surrounding rural environments, if the proposal requesting authority to offer the MA and MAT degrees is approved.

Three honor graduates received graduate scholarships to reputable universities. Majors and enrollments continue to increase, and the department expects over 1,000 students during the calendar year.

Geology

New Courses Offered And Research Equipment Added

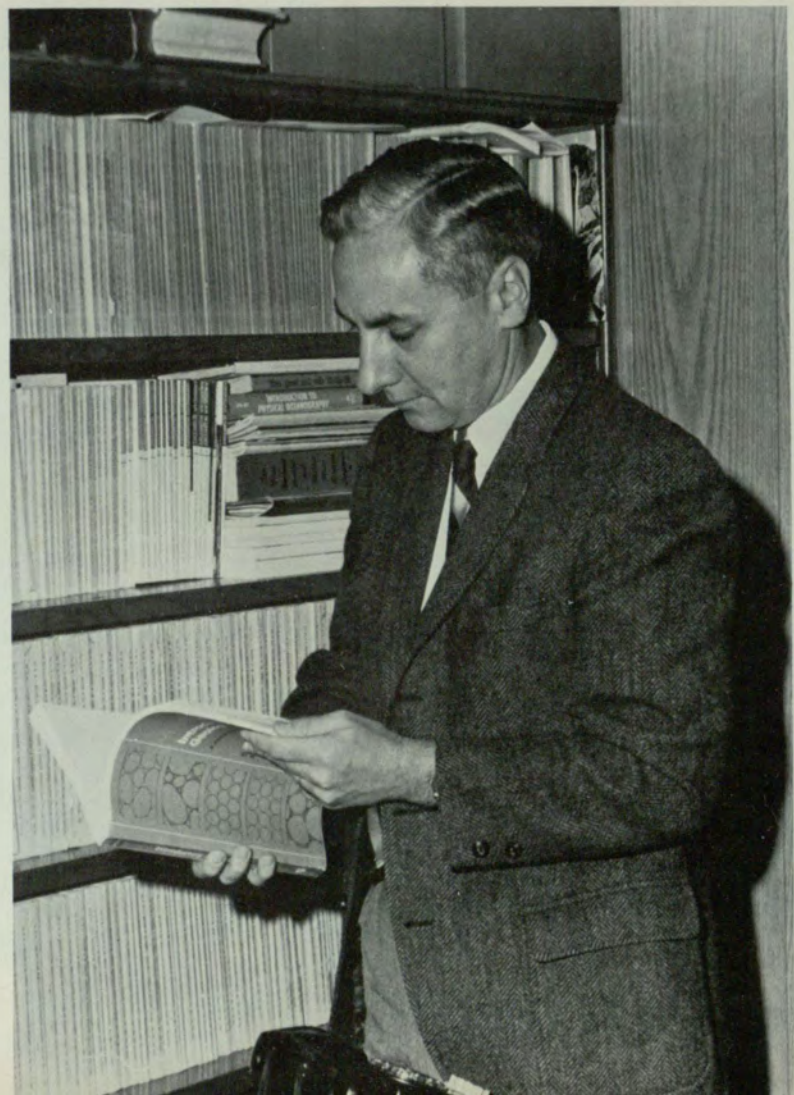

Dr. Charles Waag is the newest faculty member in the department. He has broad experience including five years as exploration geologist with a mining company in Venezuela.

New courses offered in Geology include Hydrogeology and Regional Geology of North America. Other new courses for fall are Structural Geology and Field Methods I and II. A field geology course has been initiated by the department in conjunction with the U. of North Carolina. The students have the opportunity to study rocks in well exposed areas of the Southern Rocky Mountains near Taos, New Mexico.

Additions in the department are a new petrology lab, an optics lab, a sedimentation lab and a paleontology research and preparation laboratory.

History

Department Is Now Adding Doctoral Degree To Program

During the past year, the Department of History has expanded its undergraduate and graduate programs to include such fields as South Asian, Latin American, and Public Health history. The department has been authorized to offer the Ph.D. in History beginning September 1, 1968, and has added to the history faculty Professors Galishoff, Kelley, and Somers. As in the past, the Department of History stresses and offers excellence in teaching, high quality research, public service, and, above all, attention to individual student needs.

Journalism

National Journalistic Society Now Has A Campus Chapter

Albert C. (Chad) Skaggs, a veteran Associated Press newsman, joined the journalism faculty as Assistant Professor. Class enrollment increased nearly 50 per cent over last year. A campus chapter of Sigma Delta Chi, national professional journalistic society, was approved for the College. The department started an area of concentration in public information within the Urban Life Program. Journalism alumni continued to get good jobs not only in Atlanta but throughout the country. Dr. Dozier Cade, department head, was national president of the American Society of Journalism School Administrators and a member of the Executive Committee of the Association for Education in Journalism.

Mathematics

Numerous Degrees Are Offered In Graduate Program

Five degrees are now offered in the mathematics program. Two degrees are on the undergraduate level: Bachelor of Arts, Bachelor of Science; and three are graduate degrees: Master of Arts, Master of Science, and Master of Arts for Teachers.

In order to develop the undergraduate student together with the faculty and graduate student, a weekly seminar is held in algebra. A colloquium series with invited speakers is held for the faculty members as well as the graduate students.

Students completing the Master's degree programs regularly go into college teaching or on to other universities for doctoral work in mathematics.

Military Science

Three Officers Added And Classroom Training Planned

Recently, three officers were added to the faculty of the Military Department. These were Capt. L. D. Brooks, Capt. E. L. Kelley, and Capt. H. C. King, Jr. These, along with other members of the department, are providing a program of instruction and training that is designed to produce junior officers of the U.S. Army. In this program the cadets not only receive extensive classroom training in military tactics and leadership but also receive practical leadership training during weekly drill training periods.

Important events for the year include the Military Ball in March and the Military Awards Day in May, where outstanding cadets are given recognition in various areas.

Music

Six-Story Building Under Construction For Department

This Department eagerly awaits the completion of the new six-story building for Art and Music. It is now under construction.

Weekly faculty chamber concerts, brass, wind, string ensembles and weekly student recitals are an important phase and measure of musical development in the college students majoring in music. The discipline of music is one of the few remaining facets of education where direct teacher-pupil relationships exist. Mammoth factory type operations are seldom practicable or correct in this type of instruction.

Philosophy

Dr. Medina And Professor Stephens Added To Faculty

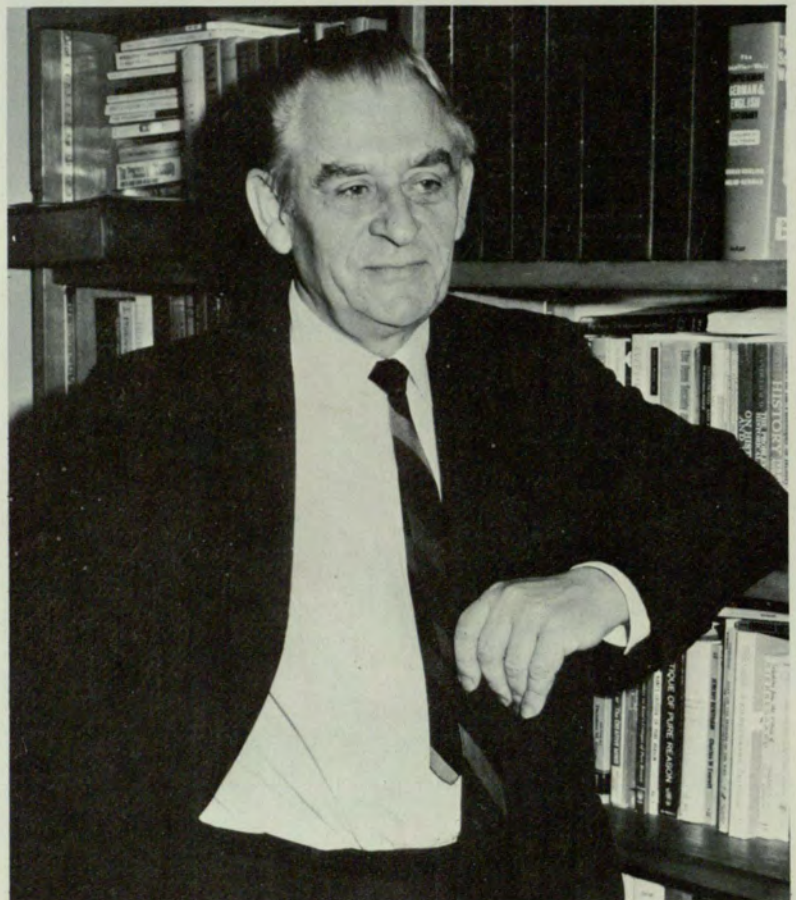

Striving to develop a program in which all major philosophical positions are represented is the aim of the department. Recent additions to the faculty are Dr. Angel Medina, a specialist in contemporary European philosophy, and Professor Kenneth Stephens, a symbolic logician.

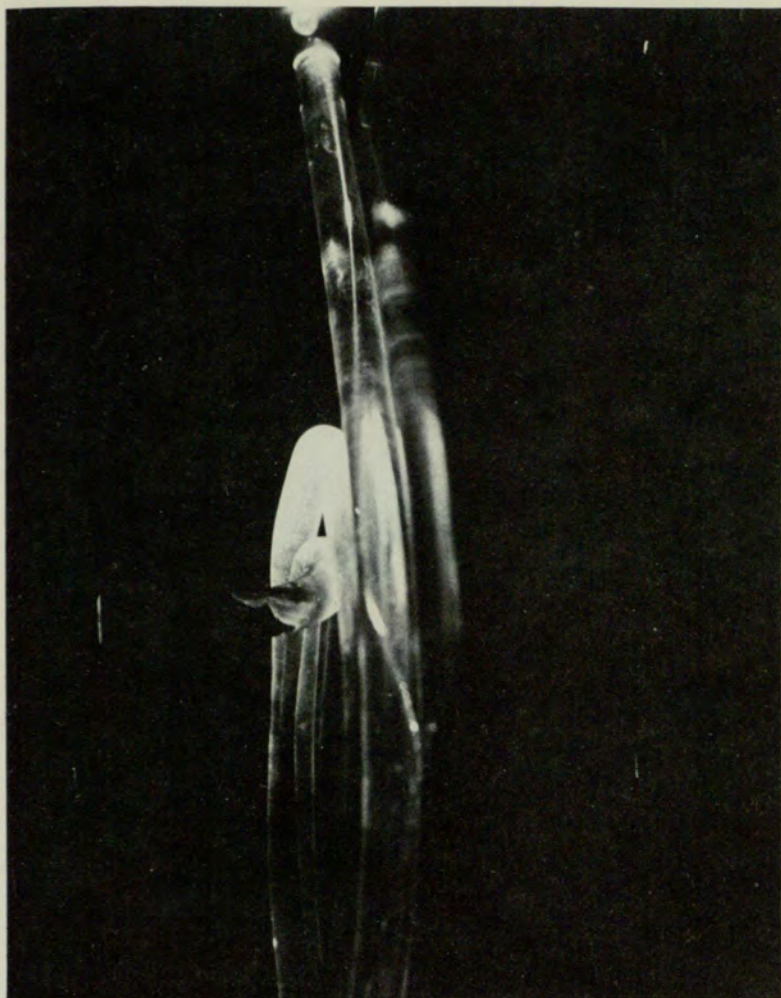

A Philosophy Club was organized this year for the purpose of promoting philosophical dialogue between students.

Philosophical inquiry is a reflective analysis of the beliefs and assumptions of common sense, science, art, and religion. It both critically examines what men take for granted and seeks a unified perspective on human knowledge.

Physics

A New Club Formed Here For Students In Physics

During the past year Georgia State College physics majors have organized the Physics Club. All students with an interest in physics are invited to join. The club will be affiliated with the Society of Physics Students, a branch of the American Physical Society. Georgia State physics students will present research papers at regional and national meetings of the Society. Those students with the appropriate grade point average will also be eligible for membership in Sigma Pi Sigma, the national undergraduate physics honorary society.

Political Science Expansion Begun With Faculty And Ph.D. Work

This year we are pleased to announce the addition of four new staff members: Associate Professors Ralph Mitchell, J. David Palmer, Assistant Professors H. Ross Hammond and Willard Berry, who are all specialists in their field. We have added to programs by combining classroom knowledge with practical experience through political surveys, participation in electoral processes, and interrelationships with state and local government agencies. The department is expanding its student activities through the revival of the Political Science Club and hopes to establish Pi Sigma Alpha, the national honorary fraternity. The department plans to submit proposals for the establishment of a Ph.D. program in Political Science.

Psychology

New IBM System Added And Number Of Faculty Increased

The addition of seven new faculty members and the purchase of an IBM 1800 Data Acquisition System are but two signs of the growth and diversification of the department. Laboratories in the areas of physiological and social psychology are now operative and equipment has been ordered for the electrophysiological laboratory, bringing the number of laboratories in the department to ten.

Graduate course offerings have expanded to keep pace with increased enrollment.

On the undergraduate level, the department now offers the Bachelor of Science degree with a major in psychology.

Sociology

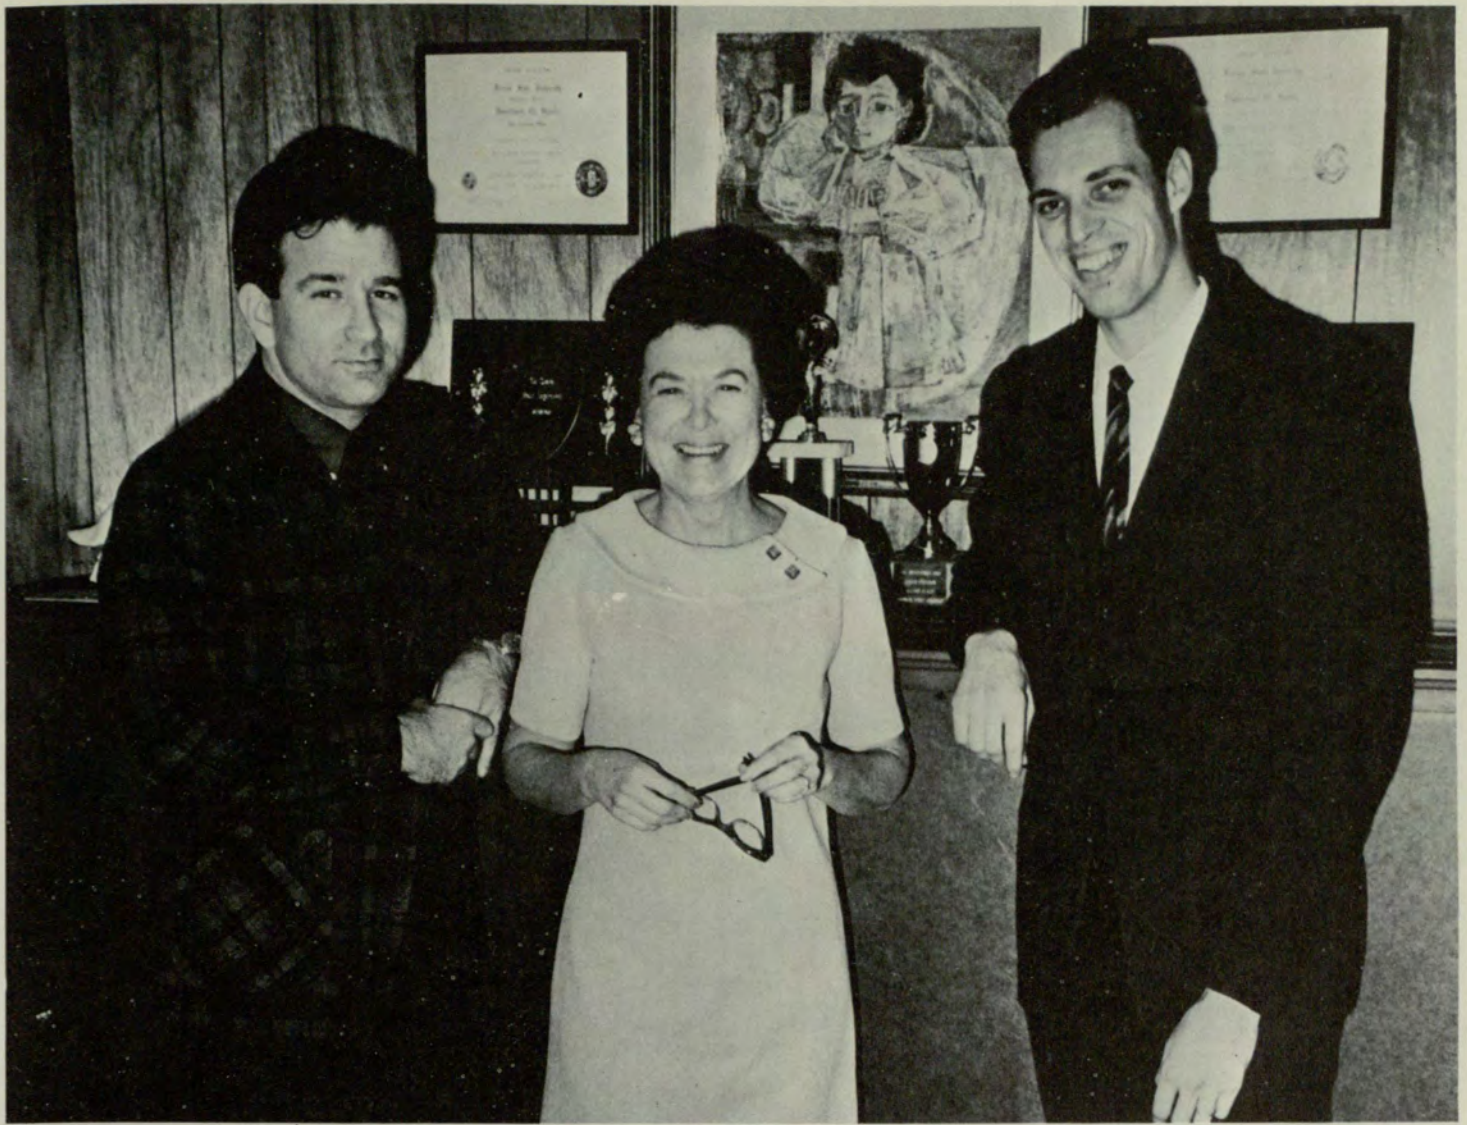

Work Planned In Urban Life And Two Added To Faculty

Nine full time faculty members compose the Sociology Department. Seven of these hold the Ph.D. degree, and two are in preparation for theirs. Dr. Clyde McDaniel and Dr. Alice Scharrer have been added to the staff. Additional faculty will be needed at an accelerated rate during the next few years. Plans for expansion of the department include additional areas of specialization, a graduate program, and increased research opportunities. The department is making plans to work cooperatively with the new Urban Life Program through offerings of appropriate courses and through expansion of research and community action opportunities.

Speech

Debate Team Formed And Major's Program Planned

The Speech and Drama Department has expanded its course operations and added to the staff to support an anticipated major. Of particular interest is a new laboratory course, Techniques of Theatre Production, which will provide training in both the aesthetic and technical aspects of theatre.

For the first time at Georgia State, debaters may earn academic credit for participation in forensic activities. During 1968-1969 the debate team participated in numerous tournaments and competitions.

Business Administration

Occupancy Of New Building Highlights School's Growth

Symbolic of the continued progress of the School of Business Administration was the occupancy of the new business school building—the first phase of a business school complex. At a brilliant ceremony on November 12, 1968, leading public officials, eminent businessmen, alumni, students and faculty commemorated the dedication.

The Graduate Business Club was incorporated, and graduates of the School of Business Administration posted signal successes in political victories as well as achieving important posts and promotions. Important among these was the nomination by Governor Lester G. Maddox of a distinguished alumnus, W. Lee Burge, class of 1942, as a member of the Board of Regents.

Accounting Expansion Is Possible As Programs Are Updated

Degree offerings in the graduate sphere of the Department of Accounting are now expanded to include the Ph.D. in Business Administration with a field in Accounting. In addition, all the departmental courses are continuously updated to serve the changing needs of the dynamic accounting field.

The department enhances the academic program with known visiting lecturers through the "Distinguished Lecturer in Accounting Series." An Accounting Development Fund has also been established to promote professional development of faculty and provide research support.

Bureau Of Business And Economic Research Tax Revision Study Is Made For Georgia Legislature

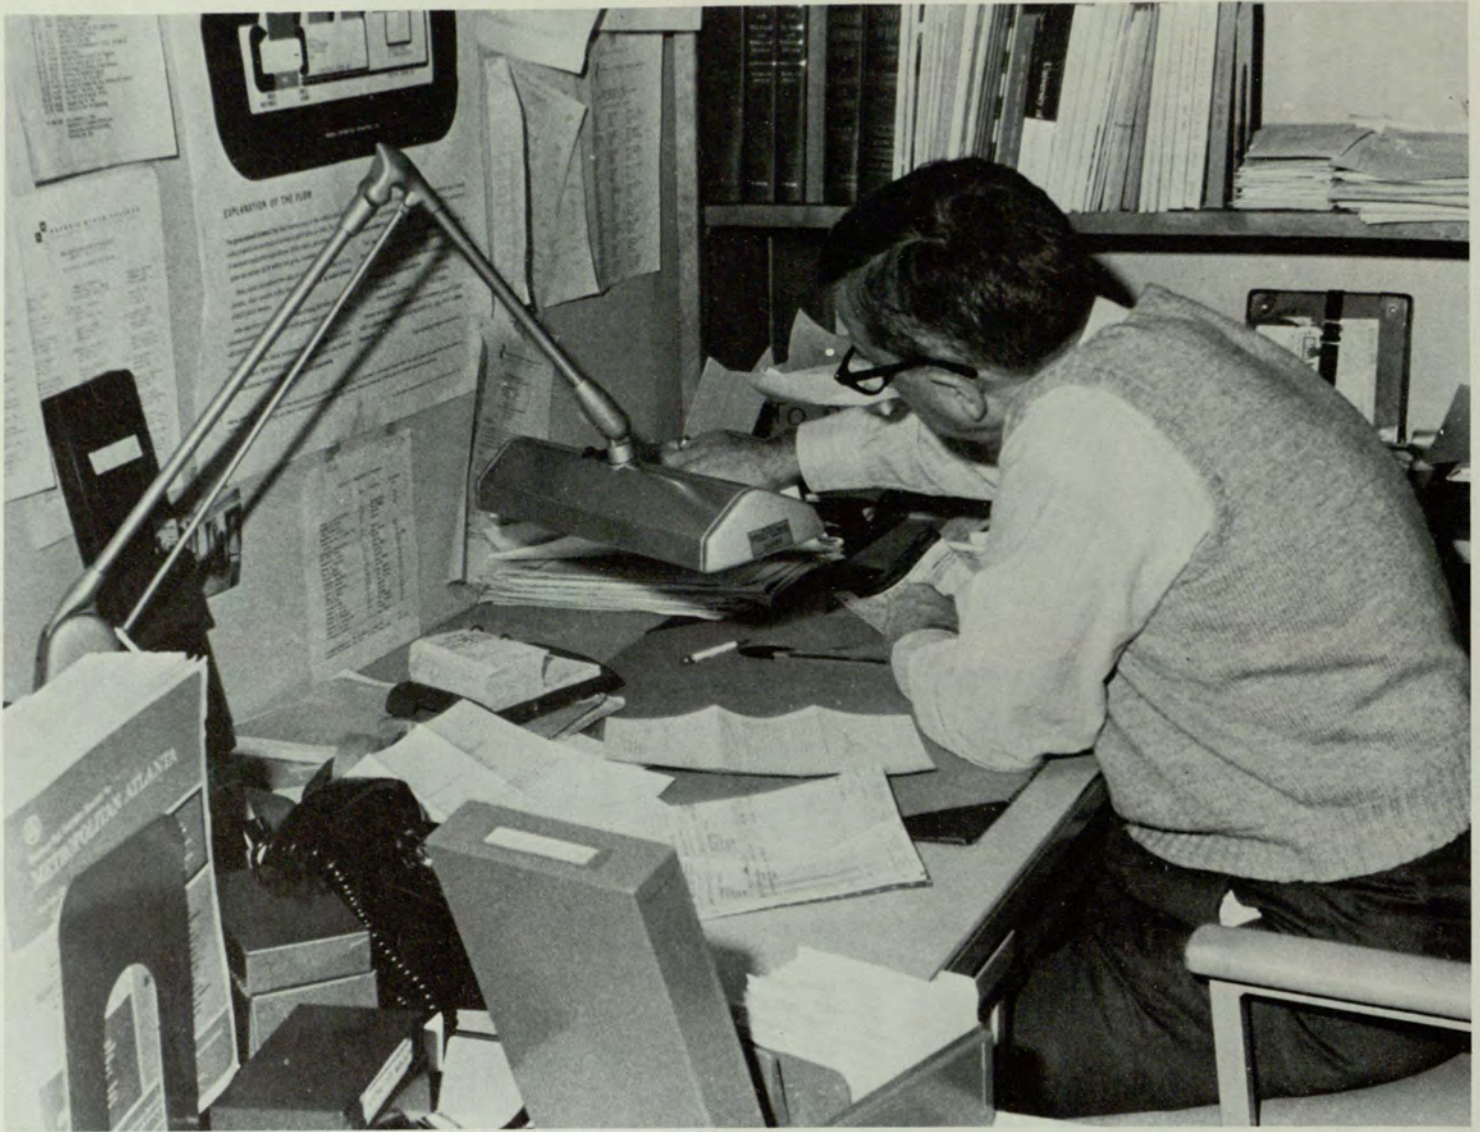

The Bureau of Business and Economics Research's Director, Dr. Willys R. Knight, in addition to his normal duties, is the Southeastern Regional Representative of the Joint Council on Economic Education.

JCEE has undertaken the herculean task of setting in motion those steps which will expand and improve economic education at all levels in the American education system. As representative of this council, Dr. Knight's job is to instill in teachers as well as in school officials the initiative needed to start such a program in their schools.

Also, the Bureau carries on research vital to the state. At the present time, the Research Bureau is engaged in a tax revision study, an estimate of possible revenue and expenditure levels for the next decade, for the Georgia Legislature.

Center For Business Education

A Center Now Exists
In Economic Education

The Center for Business and Economics Education was established to coordinate the College's business and economic education resources and efforts and to provide liaison in economic education with the schools in the Greater Atlanta Metropolitan Area.

The Center has worked in curriculum development, materials writing, teacher education, and research and evaluation in economic education.

The director of the Center prepared two successful proposals for Georgia State College NDEA Institute in Economics. These two institutes are the only NDEA institutes in economics awarded in Georgia. A third proposal for an institute in the summer of 1969 has been submitted for funding.

Computer & Data Processing Center New Business Building Advances Center Abilities

The Computer Center has made significant advancement since last year and has made several important changes. The most obvious of these is the fact that the facilities are now housed on the first floor of the new Business Administration Building. The computer is housed in a more spacious area especially designed for it with special climate controls and viewing windows on the corridor.

The most important advancement is the decision to acquire by next year a new computer capable of time sharing. With this machine available, students and faculty will have access to the power of the computer through remote consoles. These devices will be placed over the campus in locations easily accessible to the students and faculty.

Economics

Two Degrees Awarded And Six Faculty Members Added

Georgia State's first two Ph.D degrees were awarded in the spring and summer of 1968. The Ph.D in the Economics program, approved by the Board of Regents, December, 1964, was launched in fall 1965 in recognition of the nation's need for well-trained economists in teaching, business and government positions. The undergraduate and graduate programs in economics were enhanced by the addition of six faculty members, specialists in such areas as international, monetary, urban and regional, and mathematical economics, econometrics and economic development.

Following last year's petition for the establishment of a chapter at Georgia State, Omicron Delta Epsilon (honorary society in economics) plans for a great increase in its activities: faculty-student seminars and lectures by invited guests.

Finance

New Personnel And Compustat Tapes Provided

This year has been marked by curriculum and faculty expansion. Professor Victor L. Andrews, chairman of the department, was named to serve as the Mills Bee Lane Professor of Banking and Finance. Professors James K. Owens and Harry Kuniansky and Mr. Jerome Osteryoung were also newly appointed to the faculty. With increased personnel the Department expanded its graduate course offerings.

Acquisition by the School of Business of the compustat tapes of corporate financial data and the so-called "Chicago tapes" of stock price history provides the base for rapid expansion of the department's use of computers in teaching and research.

Guidance Office

Quarters Are Located In A New Building

As academic advisor for Georgia State business students, the Guidance Office of the School of Business Administration addresses itself to problems of individual program planning, credit evaluation, efficient scheduling, and the selection and attainment of the student's academic goals. This year the Guidance Office moved to new quarters and added an additional faculty member to assist students in the implementation of college regulations and academic requirements. The office encourages all business students to consult with the professional staff for individual counseling.

Hospital Administration

Assistantships Are Incorporated Into Department

With the Ph.D. hospital administration major, the MHA program, and the hospital major in the BBA program well established, the faculty of this program is now increasingly turning its attention to research and publications. The addition of a graduate research assistant this year is part of this emphasis, which is supportive of the teaching program. As the program enters its fourth year, the graduates of the MHA program are holding more and more important hospital administrative positions in the Southeast.

Institute Of Inter- national Business

Research Project Of Georgia's
Export Commerce Is Published

The Institute and its degree programs have experienced continued growth during the past year. The World Trade Council of the Atlanta Chamber of Commerce annually presents an award for academic excellence in international business. The International Trade Association of Atlanta inaugurated a new scholarship program for international business students this year. A task force of six graduate students, under the direction of Dr. Alexandrides, completed work on a research project, An Export Profile of Georgia, which appeared in the Institute's semi-annual publication, *Essays in International Business*.

Insurance

Grant Establishes Center For Insurance Research

The faculty was expanded to fourteen members with the addition of John E. Brown (Actuarial Science) and George R. Greene (Insurance). A Center for Insurance Research was established by the department through a \$25,000 grant made to the department by the North Carolina Association of Insurance Agents. The Center will serve as a vehicle for basic and applied research in areas of interest to the institution of insurance and the insuring public. Students at Georgia State may prepare for rewarding, challenging careers in insurance through major programs at both graduate and undergraduate levels. Students in other disciplines are invited to discuss application of their areas of interest to the insurance industry.

Management

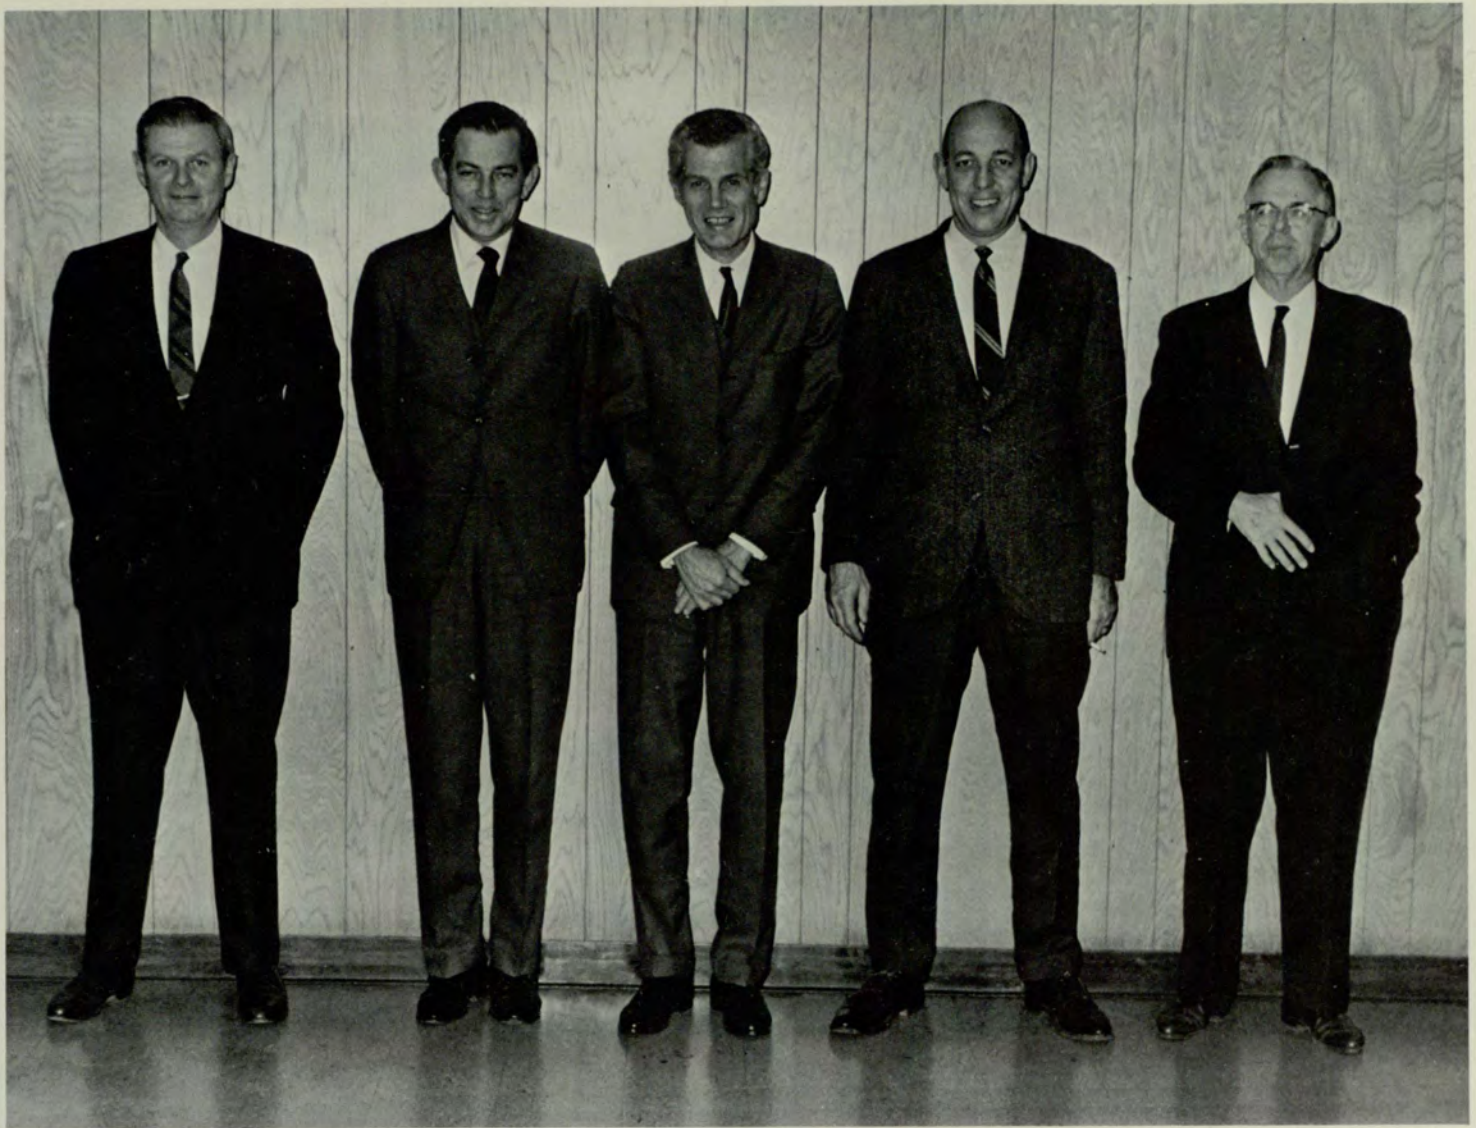

Additional Staff Members Strengthen This Department

Newly developed production and behavioral sequences were introduced by the Management Department this academic year. These changes reflect an intensified awareness of the holistic structure of the management process.

The twenty-three member department has been strengthened by several staff additions including Dr. John Daniels, Dr. Donald O. Jewell, and Professor George Manners, Jr.

The Management Department, which includes the area of Hospital Administration, continues to place primary emphasis on providing its over 1,000 majors with those conceptual, human, and technical skills that will enable each student to function in optimum fashion.

Marketing

Advertising Campaign Won And Program Reinforced

Professor Tully earned national recognition for the department this year in winning an important creative advertising campaign competition. Dr. Lemly reinforced the department's program upon his return from a two year leave of absence at Lagos, Nigeria.

Advertising, personal selling, sales management, transportation and retailing taught chiefly with a problem solving approach are the main functional areas covered in the marketing curriculum.

Excellence, creativity, and achievement dominate the Marketing Department's instructional approach in the dynamic area of creating and satisfying human wants.

Quantitative Methods

Faculty Working To Develop Needed Texts For Department

This year the department welcomes five new faculty members: Clovis daSilva, Wayne Daniel, Ken Levine, Dan Miller and Dwight Tabor.

The department is striving to develop vitally needed texts in this new discipline. Several faculty members are working on manuscripts to fill this gap.

The QM Department is helping bring together business school faculty from all over the country who are interested in organizing an association in quantitative methods.

Several short courses have been presented by faculty members to provide a quantitative base for people in professional and academic areas.

Real Estate

Three Areas Of Concentration And Two Added To Faculty

The resources of the department are being concentrated in three areas during the 1968-1969 academic year; research, expansion of the Ph.D. program, and development of the Urban Life program. Research in urban land use problems is now under way. Two new faculty members, Dudley S. Hinds and George Waterfall, joined the department in 1968 to undertake research and to strengthen the department's graduate and undergraduate course offerings. The department's program in land development has been strengthened by these new faculty members, and a new program in land resource administration is being developed within the framework of the School of Urban life.

Education

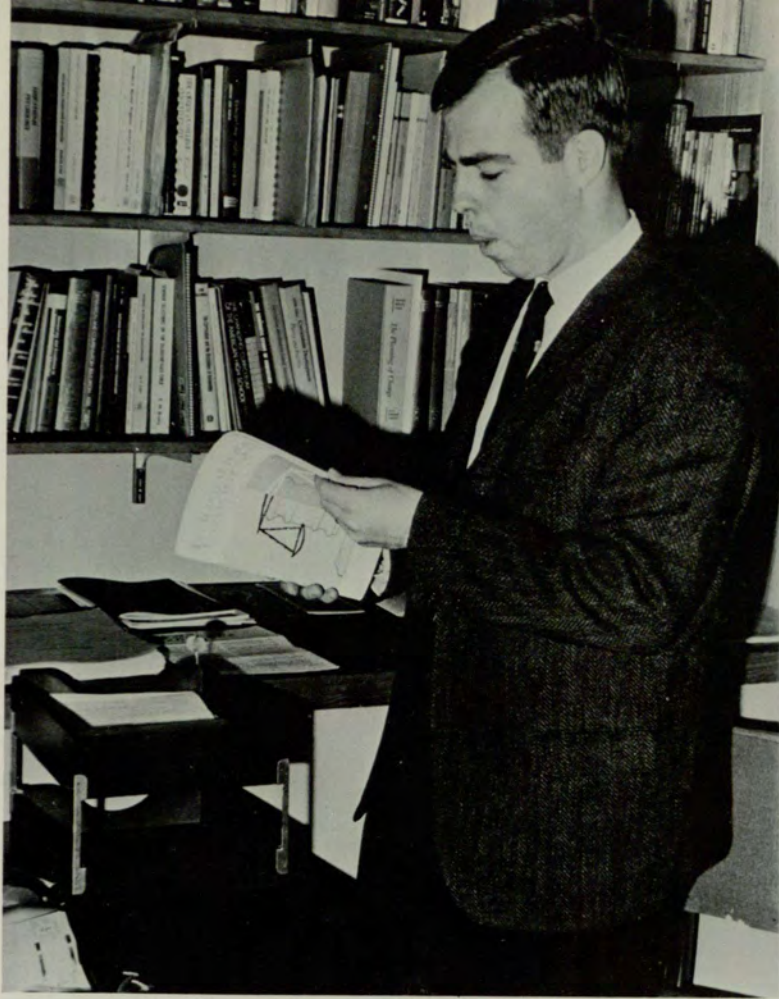

Three New Deans Are To Help Its Innovation

Like the city of Atlanta, the School of Education is moving toward a distinguished and unique role in the South's burgeoning urban society. Three new deans provide the creative inspiration and practiced knowledge essential to staffing, equipping and administering a growing center for metropolitan education. This center will provide a more realistic experience in city schools to professional educators requiring updated in-service training and will recruit and satisfy students of education who seek, as pre-service preparation, a vital, meaningful learning experience. Expansion and innovation mark the growth of the new school.

Business Education

Twelve Entered In New Ph.D. Program And Faculty Added

The Ph.D. program in Business Education was initiated during the past year, and twelve students are currently enrolled in the program. This Ph.D. program is one of the outstanding programs of its kind in the nation because of the quality of the curriculum and the staff. Two new faculty members were added to the staff, bringing the total to seven full-time teachers: Annell Lacy, Ph.D., Ohio State University, and Nancy Dittman, Ph.D., University of Colorado.

A national conference in business education, entitled the Gregg Methods Conference, was held at Georgia State last summer. This annual conference was staffed by six outstanding business educators and attracted 215 teachers from 20 states.

Counseling & Educational Psychology

New Location And Two Faculty Members Added

Two faculty members have been added this year: Dr. Lynn Haun and Dr. Richard Smith. Dr. Haun comes to us from the University of Missouri and Dr. Smith from Saint Louis University. The department has changed quarters this year; it is now located in the Atlantic Building where it has acquired excellent laboratory and practicum facilities.

The department has expanded rapidly over the past year. Approximately 200 graduate students are pursuing programs of study within the department.

Curriculum And Instruction

Nine New Faculty Members Added In Display Of Growth

This is one of the fastest growing departments in the School of Education. The department has fifteen full-time staff members, nine of whom are new this year. Special emphasis is being given this year to the development of more adequate curriculum facilities.

The programs offered within the department are in the process of rapid expansion with new programs being developed in the areas of early elementary education, elementary and secondary education reading instruction, as well as programs in content areas.

Physical Education

Staff Offers A Variety Of Curricula

This department is anxiously looking forward to the long awaited new facility. This facility should be completed in two years. It will provide for a well rounded program of physical education including teacher preparation, basic intramural, and intercollegiate sports programs.

The staff is busy this year deciding matters regarding equipping the new facility and developing curricula for the required physical education program and the anticipated professional physical education program which we hope to initiate when we move into the new facility.

Special Education

The Federal Government Gives Aid To Important Field

The Department of Special Education has added three new faculty members in the past year; Dr. Joseph Hartung, Coordinator of programs in deaf education; Dr. William David, Coordinator of programs in behavioral disorders; and Mr. V. Bruce Vreeland, also in behavioral disorders. The department, in addition, obtained supporting money from the federal government for its programs in deaf education, learning disabilities, and mental retardation. Seven fellowships were awarded in this latter category, while four were awarded in learning disabilities. Senior and junior traineeships in various programs totalled eleven. The number of majors in Special Education is currently approaching two hundred.

General Studies

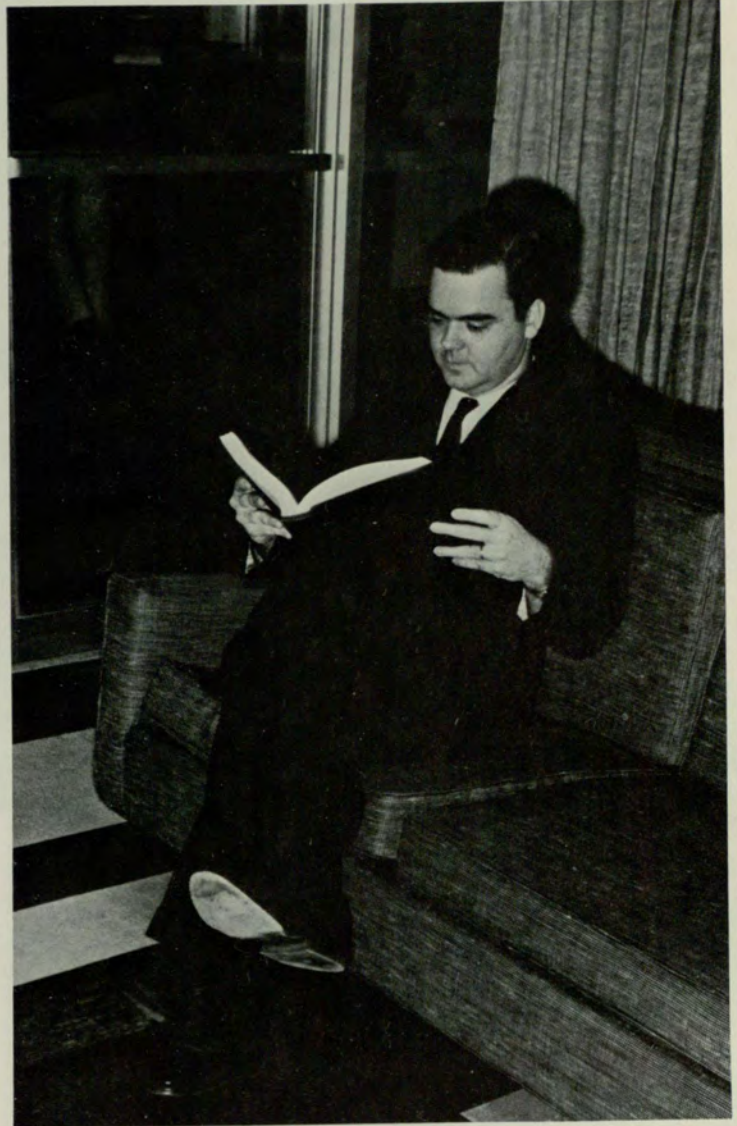

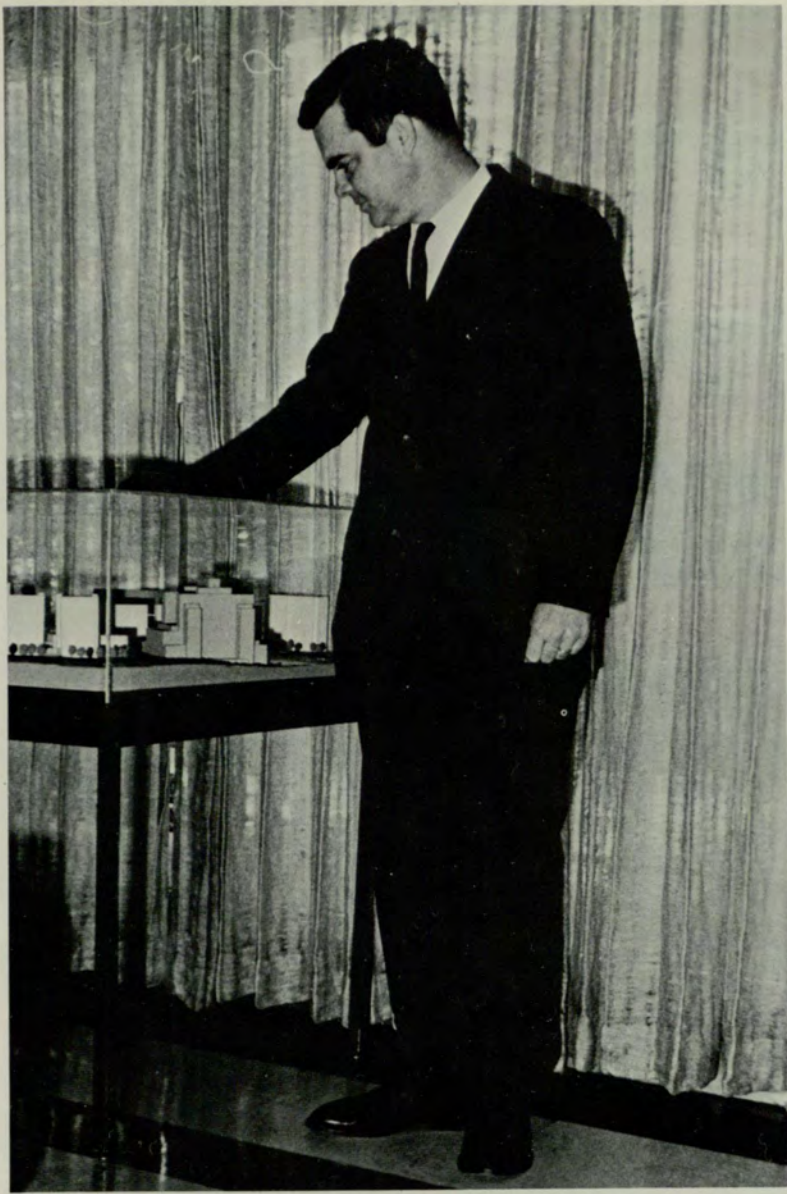

New Programs And Personnel Are Added

The School of General Studies administers the Urban Life and Police Administration Programs. Under the guidance of Dean Alex B. Lacy, Jr., who arrived last June, these programs are expanding rapidly. It is hoped that graduate degrees in urban studies will be instituted in the coming year. The programs of the Urban Life Center will include the full range of training, service, and research.

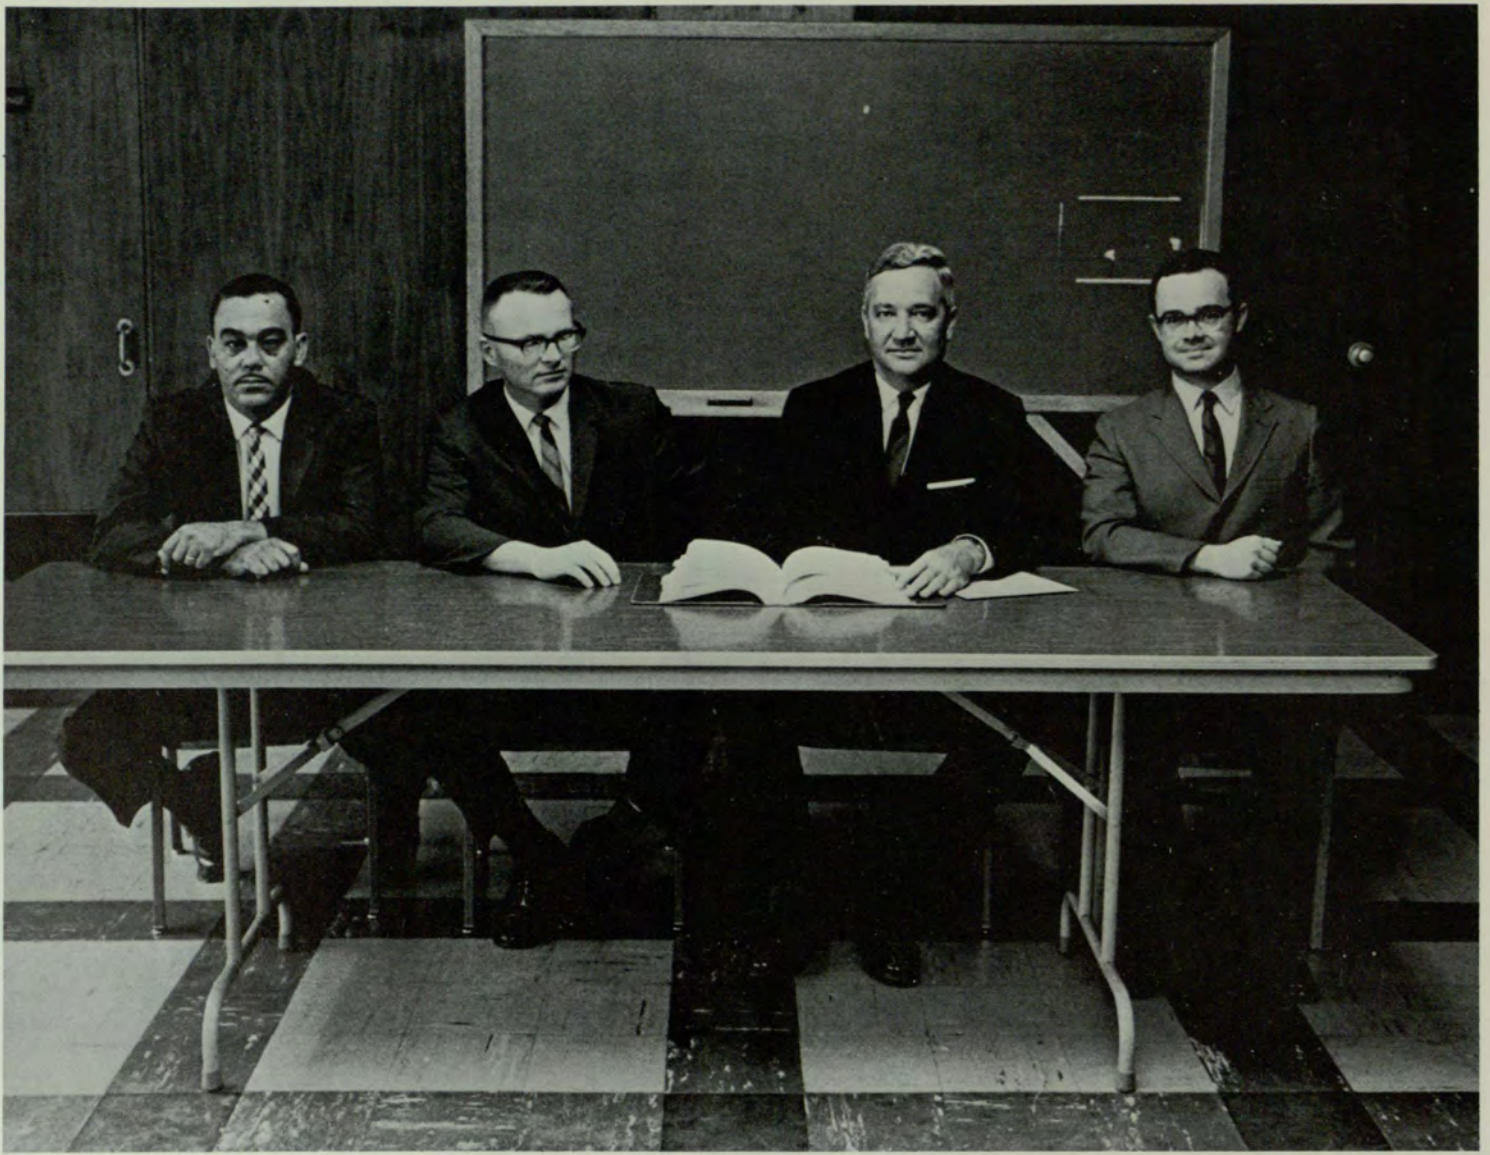

In addition to Dean Lacy, new personnel include Assistant Dean James L. Maddex, Jr. and Assistant Professor G. LaMarr Howard.

Police Administration

Program Designed For Present Or Potential Police Officer

The Police Administration Program, under the direction of W. J. Mathias, Coordinator, is one of the first such programs in Georgia. Its purpose is to promote greater professionalization of law enforcement, in a curriculum combining the traditional academic requirements of Georgia State College with courses especially designed for the present or potential police officer. The department offers an Associate of Arts degree in Police Administration, and an area of concentration in Criminal Justice is offered under the Bachelor of Science in Urban Life degree. The upper division courses provide a broad perspective of urban problems and a focus on the criminal justice system and its relationship to these problems.

 BOTTOM: Mr. William J. Mathias, Coordinator of Police Administration.

The above scenes are of the night class of Police Administration taught by Mr. Smith. Many policemen, not only in the Atlanta area, but in surrounding areas, come to Georgia State to attend these night classes in police instruction.

Special Studies

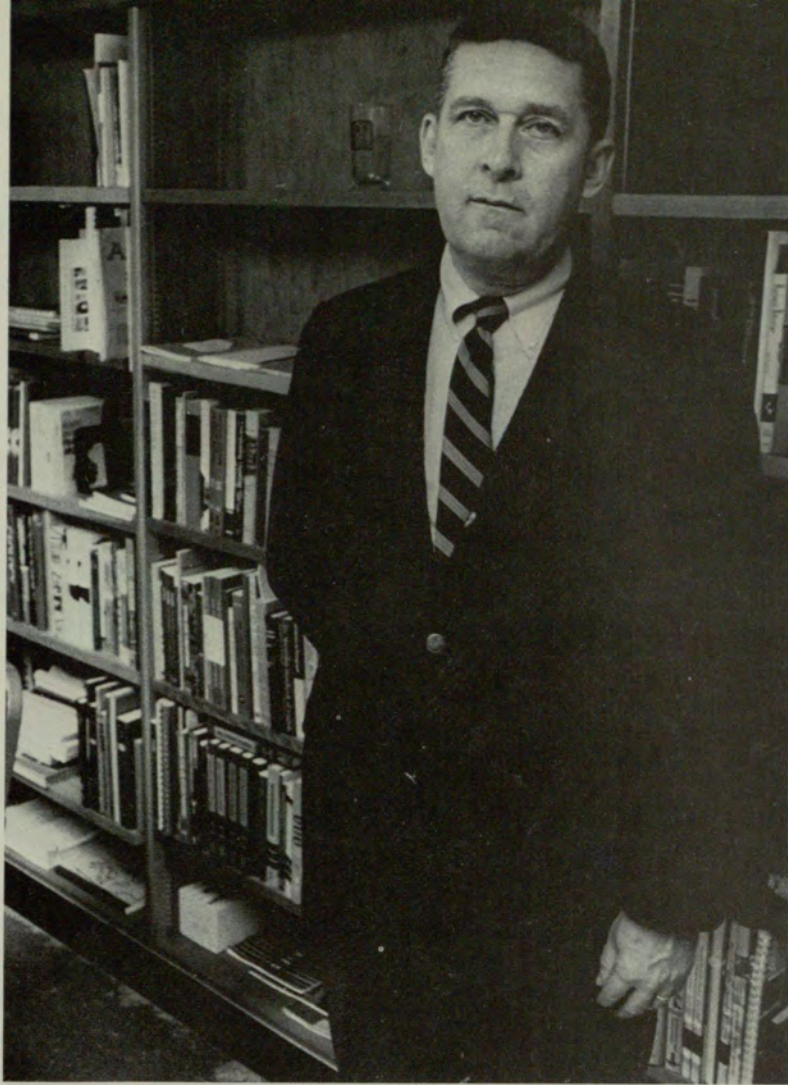

College Preparatory, English, Secretarial Science Offered

Three particularly outstanding programs are offered this year. One is the college preparatory courses, which enable a student to meet entrance requirements of Ga. State College. Next is the one-year Secretarial Science program, which plays a part in alleviating the secretary shortage in the business field. It is streamlined into four quarters to include only those subjects that are basic for a competent secretary.

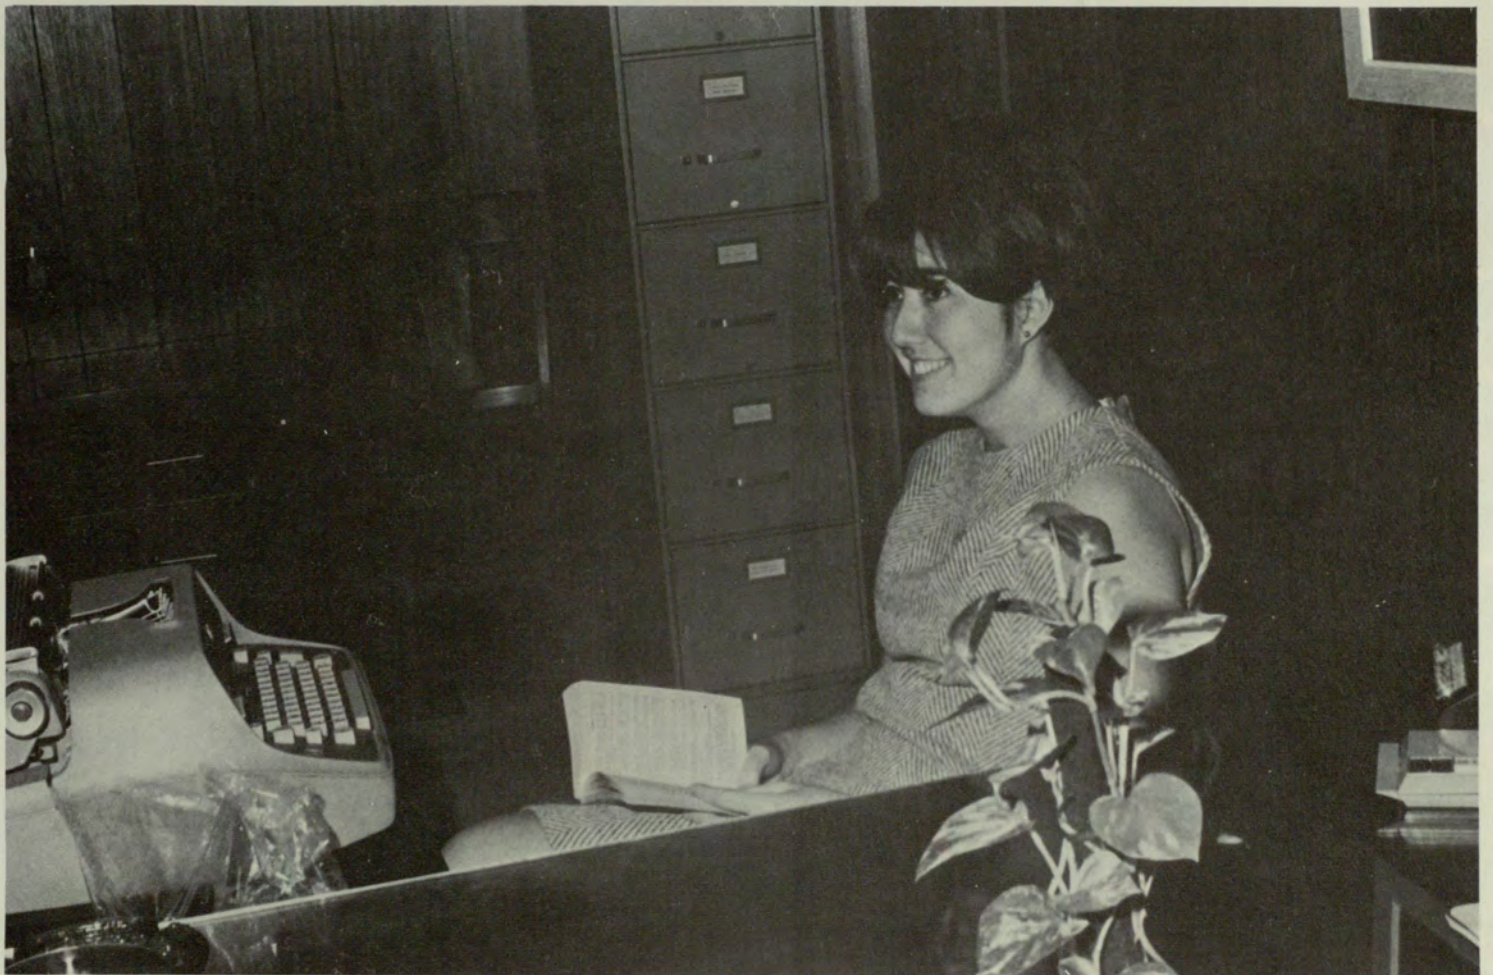

The English courses for foreign students are continuing to expand and to provide opportunity for students handicapped by their lack of communication skills to succeed in their future endeavors.

Sophomore Class

The Low Lives Will Rise
Again — One Year At A Time

"Sophomore" sounds so much better than "Freshman" ... at last a chance to relax ... choosing majors ... changing majors! ... giving a dance for the freshmen ... discovering new interests, participating in new activities ... healthy competition in classes, social life, and other activities ... Did you know we have a basketball team? ... getting to know classmates better by being in classes with them for one year ... the SOPHOMORE LIFE ... trying to hold down a job, study, party, and get enough sleep at the same time.

TOP: Senator, David C. Green; President—Night School, Sheila Williamson; Senator, Sue Webb; President—Day School, Bill Mather; Senators, Jill Sidey, Suzanne Ripley, Sue Kempe.

BOTTOM RIGHT: As Sophomores, often our age is questionable.

TOP LEFT: As Sophomores, sorority girls see Rush from the other side.
BOTTOM LEFT: Elections produce enthusiasm from the Sophomores.

Freshman Class

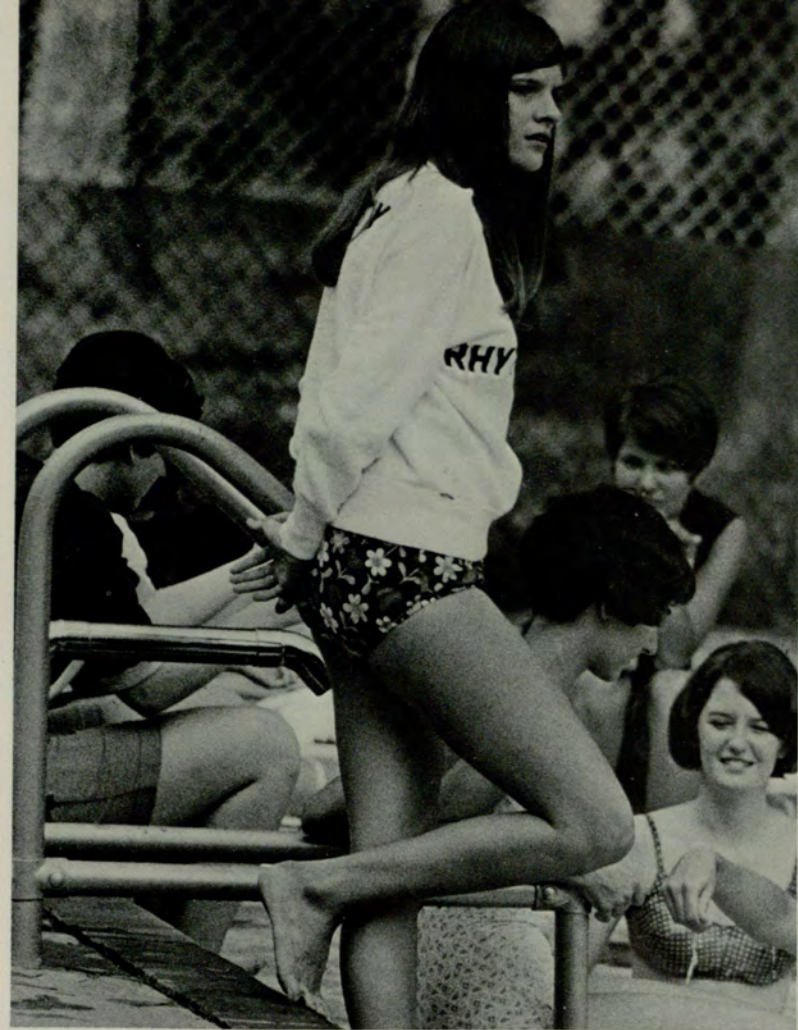

What Goes Up Must
Come Down —
Here We Are Freshmen Again!

Going through Rush . . . pledging . . . first meal in the cafeteria . . . wall to wall cigarette butts . . . is it "refectory" or "refrectory"?? . . . midterms . . . my first "F" . . . hour after hour in the library . . . learning how to exist on three hours sleep per night . . . lectures, lectures, lectures . . . parties . . . parties . . . PARTIES!!! . . . campaign week . . . Are you a FRESHMAN?? . . . Don't tell me we participate in all those activities? . . . Feeling like a number in a machine???. . . Give me your student number? . . . the end of the beginning.

TOP: President—Night School, Joni Martin; Senators—Terri Edmundson, Steve Courchaine; President—Day School, Mark Hassett; Senators, Joy Musick, Donna Ferguson.

BOTTOM RIGHT: Freshmen enjoy meeting new people at Fraternity Rush Parties.

TOP LEFT: Marty Holt enjoys a swim at Freshman Conclave.
TOP RIGHT: Freshman Orientation leads to new friendships.
BOTTOM LEFT: However, the long sessions at Orientation can be boring.

I remember now the various times I thought of what I would say on this page at the book's completion. Well, all I really wish to say is I am glad the 1969 RAMPWAY is complete.

I sincerely hope that this yearbook is the best ever at GSC (this is only natural). I want to think that it becomes more than an object to gather dust on some shelf. The reason is that this book contains people's (both staff and students) sweat, tears, frustrations, imaginations, aspirations, and accomplishments. Its sole purpose is to provide an account of this past year at GSC, which will eventually become memories, both good and bad, for every student. For, in reality, only memories last forever, whether they are of an individual or group of individuals.

In an attempt to create memories, this book takes a new approach of touching the various aspects of

student life. There are numerous things overlooked or not fully covered. I only hope the students accept it on its merits and enjoy the memories it stores inside its covers.

In closing, I wish to recognize my two favorite young ladies—Ann Atkinson and Cheryl Hall. Ann is one of my copy editors and my right hand. And Cheryl is only my fiancée. If they decide to pursue this past year's work, I sincerely hope they obtain their just rewards.

Thank you.

Nelson L. Jones, II
