W. W. OWENS
Vice President

Mr. Marion Smith,
Chairman, Board of Regents,
University System of Georgia
Hurt Building
Atlanta, Georgia

My dear Mr. Smith:-

The Railway Express Agency is at present occupying approximately 14,500 square feet in the Bolling Jones Building which I understand was recently purchased by the State University System.

The tenure is under lease expiring February 28th, 1948, and the instrument carries option for renewal from year to year thereafter under specified conditions.

If consistent will you please advise if the University System contemplates requiring the space the Agency now occupies when the present lease terminates?

Thanking you in advance for the information and with best personal regards, believe me to be

Cordially yours,

Vice-President.
