
DRIVE UP • DRIVE DOWN

The Road's Always Clear

Convenient location,
close to the downtown
center of Atlanta.

Clean and inviting at-
mosphere within.

Cool in summer, steam-
heated in winter; fire-
proof throughout; clean
floors.

Courteous attention to
every order.

Moderate charges for
service.

*These are the outstanding
characteristics of Atlanta's
new automobile hotel, the
only one of its kind in the
southeast, the largest mod-
ern garage in the world.*

NO crowding is neces-
sary anywhere in this
garage. Room is here for
1,100 automobiles, with
each space fronting on a 50-
foot aisle or street.

From street level to any
space on the topmost floor
is a matter of only a minute
at most; and you ride back
down on the passenger ele-
vator. Or you can deliver
and receive your car at the
door.
