'Rampway' Beauty Dance is Jan. 23; Don't Forget The first annual Rampway beauty pageant and dance will be held

Class room representatives to Evening College Student Council for the winter quarter are being elected in the 6 o'clock classes tonight.

This is an important function of student government, and every class should see that a representative is duly elected.

Here is the procedure:

1. The professor announces that an election will be held and opens the floor for nominations. He should explain in general that the office is an important one and that no one should accept a nomination unless he or she intends to serve the class loyally.

2. The elected reprsentative should report his name promptly to the president of Student Council. (The Signal office will be glad to relay these reports if names are left there.)

Duties of Student Council representatives are to attend regular meetings of Council twice a month and to hold brief class meetings when necessary. He should give his class a report on Student Council proceedings after each Council meeting.

Dancing Their Way Out Of A Situation

We notice that the Junior College Inter-Fraternity Council has engaged the Terrace Room nearly every Friday night of the winter quarter. This will no doubt raise a howl of protest from other groups who wish to sponsor dances there and find that all the choice dates are gone.

A word of explanation about the urgency of their purpose may lessen the black scowls turned in the direction of the JC guys and gals because of this action.

As it turns out, the JC Inter-Fraternity Council finds itself embarrassed by several hundred dollars worth of debts incurred in sponsoring the appearance last fall of Freddie Slack and his orchestra. For some reason, despite good hard work on the part of the committee, tickets did not go as well as necessary. The IFC, in language known to us all, went in the hole. Council members are now bent hard to the task of erasing obligations with this series of Friday night script

Like it or not, there are only a limited number of Friday nights in the quarter, and the Junior College has most of them booked. We suggest that those who might want to be offended, smooth out the frowns, figure out another way to raise their own funds, and pitch in to help this crowd pay off their

Where others have shied away from the idea, the Junior College crowd broke the ice and sponsored the first appearance under our auspices of a so-called "name" band. They lost money on this first venture, but others in the future, profiting by their early mistakes, will do better.

Welcome, Newcomers

Will all the students who think they have been around long enough to know what's going on please read quietly to another column and permit us to give all the new folks a rousing welcome.

Welcome, new students! (with a rouse)

Here at the University Center we think we are more fortunate than most colleges. They really have only one time of year, in the Fall, when a lot of newcomers are around. But we have this pleasant interlude in Autumn, Winter and Spring.

There are a few things you ought to know about your new school. In two weeks, you have probably learned that we have ramps here instead of stairs. If you haven't learned this rudiment of your new education, however, don't be embarrassed. Those whom you pass, high-stepping your way up the ramps as if you were walking stairs, into some organization and pay you no mind. ren. whatsoever.

We ought to explain, too, about those "No Smoking" signs in the classrooms. According getting on in the world than we do on getting on son. to a popular legend, when this building was remodeled for a school in the days of material shortages just after the war, there was not quite enough material to enclose all the classrooms. As the story goes, each room had just a small opening left when the material ran out. The contractors after searching solving mind as contrasted with the let-well-enoughdiligently are said to have finally located enough strips with the words "No Smoking"

Books look well, handle on them to cover the holes in the walls. How could anyone have gotten the idea that these signs really meant "please, don't smoke; it fouls up the air conditioning system and, beside, there may be someone in class who breaks out in red blotches at the smell of cigaret smoke."

Then, there's the hammering and sawing which may interrupt the Prof. at some particular academic point of his lecture. This is nothing to get alarmed over; it is just the manifestation of a growing pain. There are lots of these around and about the building. Some things are growing with louder pains than others, and they will probably make you wonder if you didn't get here before the building was finished. Don't. You did.

On the sixth floor there is a gymnasium. slave.-Lord Braugham. It was put up there on the theory that the thin air of the higher altitude is more healthful. This puts you in a spot we predict will be a popular, if noisy, retreat this winter. The reason: two new bowling alleys costing nearly \$5,000 have been installed there.

That hits the high spot. Now, the terrace (or refectory as some call it) is on the subfirst floor level. There is where school

dances are held, usually sponsored by organizations that want to raise money for one purpose or another. But the admission is generally a nominal half buck, and it's a nice means of meeting the other students.

This should introduce you to about everything. Oh yes, we almost forgot the class- organization contributed a nice sum of whose members have left the membership to qualify for memberrooms. GIRLS' CAGE TEAM WINS BY ONE POINT

A one-point margin was enough to give the Evening College girls' basketball team a 26-25 victory last week over the Y. W. C. A. sextet. The game was played almost from start to finish with only a point or two difference in the score and was exciting right to the last.

The game ended the first half of league play. Frances Varner and Madge Wil-

Playing one of the team's most successful games of the year were Ann Morton, Shirley Thomas, Charlotte Morgan, Ginger Taylor, Rosemon Pepper, Betty Kemp, Viola Emily, Frances Varner and Madge Williams.

This Lloyd-Galt affair appears to be getting somewhere fast. At least, who was seen at all the holiday walks, and that's supposed to be one interested in women at all.

The guy and gal who seemed to get the most fun out of carrying out the famous tradition of smoochin' at the Alpha Kappa Psi party on New Year's Eve appeared to be Virginia and hubby, Luke Darnell. What's the score, please?

At a recent company party, all the girls were wondering who the young man was who was such a marvelous dancer. He turned out to be none other than our own Ralph Page.

Bad news: Evelyn Crawford Cochran has decided not to return to school this quarter.

Evelyn Hyde has been spending a lot of her time lately with James Strickland. Nice going, "Strick."

Can anyone tell us why Larry Evans no longer hangs around the school any more than necessary? Could it be because Lu Johnston is elsewhere?

And there was the teacher who paid E. Hyde the supreme compliment: "What does SHE need with a new convertible?"
