

On the Pursuit of Truth  
"... Not the violent conflict between parts of the truth, but the quiet suppression of half of it, is the formidable evil..."  
—John Stuart Mill

**DECISION MAKERS** — From left to right, William S. Patrick, assistant to the dean of the graduate school here, Dr. Brad Hadnot, educational advisor for IBM, Dr. Carroll W. Ehlers, Dr. Stephen Paranka, Dr. E. T. Eggers, Dr. Jack Blichsilver and Mr. William H. Wells, of the Bureau of Business and Economic Research office are shown at a decision making meeting held at the IBM office in Atlanta. The meeting was held all day on Oct. 3 and 4 and was designed to evaluate and improve decision making techniques in business. Dr. Hadnot conceived and directed the meeting. Thirty members of the Georgia State Business Administration faculty were present at the meeting.

## ENROLLMENT INCREASES

### 5,668 Students Enroll At Georgia State This Quarter

Enrollment at Georgia State College of Business Administration for the current fall quarter is 5,668, Registrar John D. Blair announced last week.

This is a gain of 456 students over the 5,212 last year. An increase of nearly 50 per cent in the School of Arts and Sciences—from 1,492 to 2,234—largely accounted for the gain, Mr. Blair explained.

1,689 with 839 enrolled in the School of Arts and Sciences and 850 in the School of Business Administration. Women predominate among the new day students; men among the new evening students.

Among those enrolling were 84 graduate students from 21 colleges and universities, comprising the first class working toward a Master of Business Administration degree. They were selected from approximately 150 students—screened from more than 700 inquiries—who took a graduate admissions test this past summer.

## Blue Key Bookstore Regulations

Students can save on book costs by selling their used textbooks through the Blue Key Book Store, said Don Mitcham, president of the Blue Key Honor Fraternity. Mitcham is manager of the Blue Key Book Store here.

The book store is located at the foot of the ramp in the Ivy Street building. It is open during final examinations from 8 a. m. to 8 p. m., during registration and the first week of school from 8 to 12 a. m. and 5 to 8 p. m. said Mitcham.

The books are accepted on consignment, he explained, and are offered for sale at an agreed price, the owner being charged a fee of twenty-five cents. "Books that are overpriced will not be accepted. Some students want to sell their books for more than cost," said Mitcham. "We do not sell new books or supplies."

The book store is operated by members of the fraternity. Mitcham said the money realized from operation of the book store is used for projects which aid the school. Last year the Blue Key fraternity purchased a flagpole for the college. The flagpole is located on the Gilmer Street side of the building.

Blue Key membership is restricted to those who achieve high scholastic standing and who participate actively in college projects. The fraternity is now pledging new members.

Day student enrollment is up more than 600 from last year. Day enrollment is up more than 600 from last year. Day enrollment now is 1,945, compared with 1,336 in 1957.

Figures released by Mr. Blair show a trend at the College toward more day and fewer evening students, and a decrease in the ratio of men to women students.

Normally, the ratio of evening to day students, and men to women students, has been about 3 to 1. This year, evening student—totaling 3,723—outnumber day students less than 2 to 4, and are about 200 fewer than last year. The enrollment of women students is up nearly 400 from 1957, and now number 1,702 compared with 3,996 men—a ratio of 2½ men to every woman student.

Included in the woman's enrollment are 248 nurses from Grady, Crawford Long, and Piedmont hospitals, who are enrolled in the program for nurses at the College. New students this fall total

# GSC May Be First In Country To Offer Business Art Degree

## Applications Will Probably Be Accepted By Jan. of 1959

Georgia State College may be the first college in the nation to offer a Bachelor of Business Administration degree with a major in art and advertising. With the addition of the new program, Joseph Perrin, head of the art department here, said Georgia State College may be the first institution in the nation to offer this type program.

The program is especially designed to benefit the student who plans to go into the fields of design, art direction, or illustration.

**THE SCHOOL** of Business Administration will begin accepting applications for this degree "as soon as formal announcement is made, probably in January of 1959," George E. Manners, Dean of the School of Business Administration, announced.

The major in Business Art combines most of the required courses for a BBA in advertising and 11 courses which are usually offered toward a BA with an art major at accredited institutions.

The requirements for this degree allow for only two elective courses to be taken by the student. This would seem to insure that only persons who have strong interests in the program would attempt to follow it.

The minimum passing grade for Junior and Senior courses is a "C."

**PLANS FOR** this new program began about five years ago when Deans J. D. Blair, George E. Manners, and J. C. Horton Burch met with Dr. William T. Tucker from the Department of Marketing at Georgia State, members of the Art Department here, and some of the art directors in Atlanta to discuss the possibility of developing a program that would meet the needs of advertisers, designers, illustrators, and art directors in today's business environment, Professor Perrin said.

## 123 GRADY STUDENTS

### Nursing Program Began At Ga. State College in 1941

When Georgia State College was still the small Evening College of Atlanta in 1941, a Nursing Department began offering courses to registered nurses. These courses were given in response to the need for better prepared head nurses and nursing faculty. The University of Georgia joined this group in 1943 by establishing a Department of Nursing Education in Athens.

From its beginning in 1941 the Nursing Department at GSC now has expanded into three different programs. The Centralized Teaching Program, with a total of 258 students, has three Atlanta hospitals coordinated under the guidance of Mrs. G. T. Douglas at GSC. Piedmont hospital has 62 students participating. Crawford W. Long has 63 students, and for the first time Grady hospital is sending a group of 123 students.

These CTP students receive their physical, biological and social sciences here while they continue working at the various hospitals for diplomas to become registered nurses.

## School of the Air To Continue in Fall; Schedule Tentative

The School of the Air television program on Oct. 4 featured two films on personality development. They were introduced by Professor Fred Tallant, Director of Radio and Television of Georgia State, at 4 p. m. on WAGA TV, channel 5.

Professor Tallant said that the time for the School of the Air television program had not yet been set at a definite date for the year; but that the radio program would be at 11 p. m. on WAGA radio every week night, Monday through Friday.

Dr. Fred Harris, Professor of political science here, discussed the origins of the United States constitution in a series which began October 6 and ended October 11. He was on WAGA radio Monday through Friday at 11 p. m.

JOSEPH S. PERRIN  
Art Department Head

Professor Perrin said that it is believed that a program such as this one will be well received by both business and academic circles. He said that Georgia State, being located in a major city and having an Art Department which contains instructors whose background includes both technical training and experience in the business application of art products, is one of the few institutions in the country which could make such a program as this feasible.

The Art Department consists of five full-time instructors and several part-time instructors from industries who teach specialized courses.

## Business Art Conference Here In Jan.

Mr. Joseph S. Perrin, head of the Art Department of Georgia State, has announced that plans are already in progress for the Business Art Conference, which will be held in the student-faculty lounge Jan. 9, 1959.

The biennial conference, which is being presented by the Art Directors Club of Atlanta, is sponsored by the Atlanta Advertising Club, The Printing Industries of Atlanta, Inc., The Atlanta Club of Printing House Craftsman, and The Coca Cola Company.

The speakers, who will be announced later, will be recognized leaders in their chosen fields. Representing these fields will be painting, design, illustration, and fashion. Each speaker will have exhibitions, probably in the student-faculty lounge.

The audience will be composed of regional artists, art directors, public relations directors, businessmen, and college students.

The facilities will be co-ordinated by the director of development, Dr. Henry T. Malone.

## Plans for Third Annual Testing Institute Laid

Dr. Cameron L. Fincher, director of testing and counseling at Georgia State, recently announced plans for the third annual personnel testing institute to be held here. The institute will be held under the supervision of the Atlanta Personnel Club at Georgia State on Nov. 21 and 22.

The main topic of this year's institute is "The Use of Intelligence Tests in Industry and Business," said Dr. Fincher. A luncheon, meeting, workshop, and panel will be held during this two day institute.

## GSC Adds 24 Members To Faculty

This Fall Quarter, Georgia State College has added 24 new faculty members to its staff. The School of Arts and Sciences has 14 new faculty members. The School of Business Administration has 10.

The list of the new faculty in the School of Arts and Sciences is as follows: Miss Virginia Sewell, Art Department, Graphic Arts Assistant; Dr. Ruby Jo Cooley, Education, Assistant Professor; Mr. Lemuel N. Norrell, Instructor, English; Dr. Charles H. Wharton, Assistant Professor, Biology; Mr. Virgil Sim Davis, Instructor, History; Dr. Clement L. Grant, Assistant Professor, History; Dr. William R. Jones, Instructor, History; Mrs. Martha W. Sinclair, Instructor, Journalism; Mrs. Julia S. Black, Instructor, Music.

**MR. RICHARD E. Seiber**, Assistant Professor, Music; Mr. Albert Sweet, Instructor, Philosophy; Dr. Vincent C. Watson, Assistant Professor, Political Science; Dr. Margaret Joan Fagan, Assistant Professor, Psychology.

The School of Business Administration new faculty is as follows: Mr. Houston Dillard Smith, Jr., Assistant Professor, Accounting; Dr. Jean Dancer Lunn, Assistant Professor, Business Education; Dr. Warren J. Samuels, Assistant Professor, Economics, Finance, and Statistics; Dr. Henry Thomassen, Associate Professor.

**DR. FLOD S. Harper**, Professor, Insurance; Mr. Dugald W. Hudson, Assistant Professor, Insurance; Mr. Stuart Schwarzschild, Assistant Professor, Insurance; Dr. Eli A. Zubay, Associate Professor, Insurance; Dr. John M. Champion, Assistant Professor, Management; and Mr. James E. Greene, Jr., Assistant Director, Guidance Office.

**PRESS MEET** — Bob Wallace, left, director of publications at Georgia State College, Dean John E. Drewry, head of the Journalism school at the University of Georgia, and Dr. Dozier C. Cade, head of the Journalism department here are shown during a meeting of the Atlanta Scholastic Press Association Workshop. The meeting was held at the college on Sept. 29.

## ANNUAL AFFAIR

### 350 Students Attend Second Scholastic Press Meet Here

Three hundred and fifty high school and college students attended the second annual meeting of the Atlanta Scholastic Press Association Workshop Monday, Sept. 29, at Georgia State College.

The general purpose of the workshop was to promote interest in journalistic careers, and aid students in the publication of their school papers.

The sessions, beginning at 10 a.m., included clinics on editorials, news writing and news gathering, sports, features, picture editing and photography, and other related subjects.

Georgia State College was represented by Dr. Dozier Cade, head of the Journalism Department and Director of Public Relations here, who acted as consultant for the news writing and news gathering clinic.

The students ate lunch at Georgia State, and after the closing of the clinic sessions, attended a general assembly in the student lounge at which Mr. Al Kuettnner, Bureau Manager, United Press International, was the speaker.

Mr. Kuettnner is a graduate of Georgia State College, and is past editor of the Georgia State Alumni Magazine.

One of the highlights of the meeting was a tour for all students of the Atlanta Journal-Constitution Building, which followed the general assembly.

Next fall, Georgia State College again will act as host to the journalism workshop.

## Building Regulations Announced

William M. Suttles, Dean of Students, has announced that, for the protection of the students, the following regulations concerning the use of building facilities will apply effective immediately.

1. Students composed of women who wish to use a room or rooms in the Georgia State buildings after class hours must obtain permission prior to the time of use from the Dean of Women, Mrs. Nell H. Trotter.

2. Student groups composed of men who wish to use the rooms after class hours must obtain permission prior to the time of use from the Dean of Men, Dr. Kenneth England.

3. Mixed student groups and individual students desiring to use the rooms must obtain permission prior to the time of use from Dean Suttles.

After class hours consist of the time after 9:30 on week nights, and anytime during the week end. When permission is granted a group or an individual, the watchman will be notified to that effect, and will keep a list at all times of students authorized to be in the building. Groups or individuals in the building after 9:30 on week nights or on the week end who are not on the list of the watchman will be asked to leave.

Dean Suttles emphasized that the new regulations are solely in the interest of the students, and asked that all students cooperate in seeing that they are followed.

**INITIATION CEREMONIES** — From left to right, Lamar Altman, Bob Snyder, Cecil Watson, F. G. 'Mike' Mitchell, Jerry Tye, Clint Buchner, and Joe Bryson are shown at the recent initiation ceremonies of Delta Sigma Pi Fraternity. Eight new members were initiated, seven undergraduates and Mills B. Lane, president of the C&S National Bank, was initiated as an honorary member of the fraternity. The initiation was held at the Heart of Atlanta Motel.

# Society

JAYNE HARRIS  
Signal Society Editor

**Alpha Phi Sorority** pledged 18 young women Sunday, Oct. 5. After formal pledging, the new pledges were presented at a tea in the Alpha Phi chapter room. Parents, Sorority alumnae, faculty members, and representatives of other college organizations attended the tea. The guests were officially welcomed by Miss Betty Bates, chapter president.

**Alpha Phi's** new pledges are: Mary E. Rogers, Nickie Parentier, Charlotte Denman, Linda McDonald, Annette Thompson, Annette Penjan, Barbara Blevins, Aileen Massey, Charlotte Williams, Frances Farrar, Barbara Jacobs, May Frances Sikes, Joan Butler, Virginia Maddox, Charlene Haggard, Judy Viet, Mary Kate Riha, and Anne Dendy.

**Alpha Omicron Pi** pledged 18 young women Sunday, Oct. 5. Actives and pledges attended morning services at St. Luke's Episcopal Church, ate dinner at Mammy's Shanty, and returned to the AOPi Chapter room for formal pledging.

**Alpha Omicron Pi's** new pledges are: Eugenia Adams, Barbara Coggins, Ernestine Dempsey, Carole Duke, Judy Gearhart, Mary Hankey, Anne Hayes, Diane King, Frances Floyd, Marjorie Locklair, Mary Kendrick, Vesta Mouldin, Sally MacArthur, Mary Ann Miller, Sarah Moore, Dian Stratton, Diane Tippens, and Marilu Wright.

**Delta Zeta** pledged 30 young women Sunday, Oct. 5. After formal pledging, the actives gave a tea for the new pledges.

**Delta Zeta's** new pledges are: Carole Arnold, Beryl Barron, Amelia Brown, Georgia Daniels, Beverly DeLoach, Joyce Hicks, Barbara Holt, Fieda Jordak, Judy Kentey, Jane Knowlton, Dolores Know, Sandra May, Beverly Nichols, Linda Pearson, Jo Anna Peterson, Susan Peterson, Janeen Pitts, Patricia Redding, Carleen Sligh, Patsy Smith, Annabelle Walker, Isabele Walker, Lavilla Ward, Ann Watson, Joyce Yerkes, and Elizabeth Young.

**Alpha Phi's** served as hostesses for the second annual Credit Union Institute held here, Oct. 3 and 4.

**Jan Carter**, a Delta Zeta at Georgia State, is engaged to Charles King, a student at Georgia Tech.

**Kappa Theta** concluded their Fall rush with a Sputnik Party in the Stone Mountain Room, Saturday night, October 4, 1958.

**Kappa Theta Sorority** will have formal pledging Sunday, October 19, 1958 in the Conference Room of the college.

**Patricia Strickland** of Kappa Theta has announced her engagement to Bob Dieselberg a former Georgia State student and a Pi Kappa Phi. Bob and Pat are planning a February wedding.

**VICKING PARTY** — Members of Kappa Sigma fraternity here are shown wearing Viking garb during one of their rush functions. The party was held at the Cedar Club.

## ALUMNI PRESIDENT

### Thoben Elrod Heads His Own Business Firm In Atlanta

In this first article in a series of outstanding alumni members to be printed in this paper the Georgia State Signal would like for you to meet the President of the Alumni Association.

Thoben Frank Elrod, 1939 graduate of Georgia State College, has distinguished himself in the business field. He formed his own company in 1954 in Atlanta, the Thoben Elrod Company, and is President and Chairman of the Board of Directors.

Mr. Elrod was born June 11, 1914 at Griffin. However, he calls Jefferson, in Jackson County home since his entire family resides there.

Elrod moved to Atlanta while in the third grade and remained in the public school system until his graduation from Fulton High School.

Upon his graduation, Elrod attended the Evening School of Georgia State College then situated on Walton Street. During his college years he was associated with the Atlantic Steel Corporation.

His college career was perhaps an indication of the leader he would become later in business. During his years in college, he was president of the senior class and president of the student council. He was also a member of the Speakers Club, serving as president for one term, head master of Delta Sigma Pi, and upon graduation received a faculty award.

From 1939 to 1942 he was associated with Hotpoint Division of General Electric. In 1942 he entered the Navy as an Ensign, serving in the Pacific area during the war years, and was discharged as Lt. Commander after 18 months service.

After his discharge, he was Regional Manager of the Southern States Deep Freeze Division of Motor Products Corporation. Later, he was promoted to Field Manager of the United States.

**THOBEN ELROD**  
GSC Alumni Asso. President  
Crosley in 1950 in Atlanta, then went back to Cincinnati as Western Division Sales manager for one year. In 1951 he was made manager of Field Sales for the United States in charge of Company Factory Branches.

After this, he formed his own company and is also president and chairman of the Board of Distribution Center, Inc.

Mr. Elrod was elected As Kappa Chapter's "Delta Sig of the year". This award was presented at the celebration of Kappa Chapter's thirty-seventh anniversary.

He is also now serving as Trustee of Georgia State College Foundation, Inc.

**TSEAK FRY** — Members of Sigma Phi Epsilon Fraternity are shown during a party at the Venetian Country Club. The party was one of several rush parties that Sigma Phi Epsilon has planned for Fall rush.

## FOREIGN STUDENT ADVISOR

### Mrs. Eva Whetstone Leads Diversified, Active Life

BY MAC CHAPLIN  
Signal Staff Writer

Mrs. Eva Whetstone, Assistant to the Dean of Women, Foreign Student Advisor, counselor of the evening sororities, member of the Georgia Deans, a church worker, and member of the National Association of Foreign Student Advisors, is one of the most versatile personalities on the Georgia State campus. Mrs. Whetstone is one of the first people a foreign student should meet. Her office in A-320 in the new building has become a haven where any student may receive advice and assistance.

A great number of foreign students have been helped by Mrs. Whetstone, a native of Benedict, S. C., who received her AB in History from Limestone, S. C. Mrs. Whetstone first came to GSC three years ago.

"YOU MUSTN'T praise me for what I've done," she said, "because it all has been a labor of love. The many wonderful and interesting people I've met and worked with more than make up for any labor I've done."

After receiving her AB, she pursued her career as a Physical Education director in high school. Then after marrying, she began graduate studies at Emory University before coming to Georgia State.

When she is not counseling in the evening, she is active in Baptist women's groups and YWCA. She is also an avid gardening fan. On her own time she attends information conferences with the Foreign Student Advisors from Georgia Tech, Emory, Agnes Scott, and Oglethorpe. She expressed a hope of attending the International Educational Exchange conference this spring, and she said she has made plans for visiting the newest state, Alaska, this summer.

IMMEDIATELY BEFORE coming to GSC, she visited her son-in-law, an employee of the New York Times, in Africa.

This quarter Mrs. Whetstone was asked to assist Dr. England in the activity campaigns of the campus religious groups.

Mrs. Whetstone is noted for her work in advising the forty foreign students that are presently attending Georgia State.

"About the foreign students," she stated, "it is a cultural education in itself, just knowing and talking to them."

"What a great opportunity it is to be able to learn first hand about the customs, cultures, and religions of the mysterious (to

Americans) countries to the east, west, and south," she added.

She stressed the fact that many of the international students expect Americans to be indifferent and are surprised to find that they are not. She expressed a "sincere thanks" to the student body as a whole on the good work they have done in making the foreign students feel at home here.

Tomorrow at the YWCA at 8:30 p.m., Jaime A. Vendrell will discuss Argentina and show films on that country. All international students are invited. This Sunday, Oct. 12, President and Mrs. Noah Langdale, Jr., have invited all foreign students to a buffet supper at the presidential home. General Council officers and religious group presidents will attend this gathering also.

"The main objective," Mrs. Whetstone emphasized, "is for the foreign students to be made to feel at home in this country. This job must be undertaken by the students and faculty as individuals."

"I'm sure everyone will find, as I did, that it is not a job, but a pleasure," she said in a final word.

### Sigma Chi Brothers Here Asked to Contact Stewart

Several Sigma Chi's are trying to determine how many brothers of Sigma Chi are now attending Georgia State.

All brothers are asked to contact Dr. LeJune P. Bradley, director of Student Guidance in the School of Business Administration here, in room A-105 in the Gilmer building as soon as possible.

Those Sigma Chi brothers attending evening classes can contact Bill Stewart, Sigma Chi at the University of Georgia, at Trinity 5-4711 during the day or Trinity 5-2693 in the evenings.

**WILDWEST PARTY** — Sigma Alpha Nu Fraternity held a Wild West rush party on Saturday night Oct. 4 at the East Point Elks Club. The party is an annual affair. All of the Georgia State fraternities wind up rush with wildcat rush tomorrow night.

**AOPI PLEDGE CLASS** — The 18 members of the Alpha Omicron Pi pledge class are shown after pledging ceremonies held Sunday Oct. 5, at the college. The picture was taken across from the Registrar's office in the Gilmer Building.

**LUAU PARTY** — Alpha Phi sorority members and rushees are shown during the sorority preferential party. The party was held on Sept. 24.

**PI KAPPA PHI** — The American Legion Post 1 was the scene of one of Pi Kappa Phi's smokers this year. Fraternity members and rushees are shown above.

### Three National Sororities At Ga. State Pledge 67 Girls

Three national social sororities—Alpha Omicron Pi, Alpha Phi, and Delta Zeta — at Georgia State College have pledged 67 girls concluding formal fall rush.

Announcement was made by Mrs. Nell H. Trotter, Dean of Women at the College. Sororities and pledges are:

**ALPHA OMICRON PI** — Eugene Adams, Barbara Coggins, Ernestine Dempsey, Carole Duke, Judy Gearhart, Mary Hankey, Ann Hayes, Mary Kendrick, Diana King.

**FRANCES LLOYD**, Marjorie Locklair, Sally Ann MacArthur, Vesta Mauldin, Judy Hallard, Mary Ann Miller, Sara Moore, Diane Stratton, Diane Tippens, and Marilu Wright.

**ALPHA PHI** — Mary E. Rogers, Nickie Parmetier, Charlotte Denman, Linda McDonald, Annette Panjan, Annette Thompson, Barbara Blevins, Aileen Massey, Char-

Frances Farrar, Barbara Jacobs, Mary Frances Sikes, Joan Butler, Virginia Maddox, Charlene Haggard, Judy Viet, Mary Kate Riha, and Anne Dendy.

**DELTA ZETA** — Carol Aronald, Beryl Barron, Amelia Brown, Georgia Daniels, Beverly DeLoach, Joyce Dick, Jean Harper, Jackie Healan, Mary Ann Heron, Nadine Hicks, Barbara Holt, Fieda Jordan, Judy Kentey, Jane Knowlan, Dolores Knox, Sandra May, Beverly Nichols, Linda Pearson, Jo Anna Peterson, Janeen Pitts, Patricia Redding, Carleen Sligh, Pat-sy Smith, Annabelle Walker, Isabelle Walker, Lavilla Ward, Ann Watson, Joyce Yerkes, and Elizabeth Young.

**DELTA ZETA PLEDGE CLASS** — The 30 members of the Delta Zeta pledge class are shown after the pledging ceremonies held Sunday Oct. 5, at the college. The picture was taken in the lobby directly across from the Registrar's office in the Gilmer Building.

### 8 Members Initiated Into Newman Club

Eight new members were initiated into the Newman Club at a meeting on Sunday, October 5.

The new members are Otto Her-twig, Linda Hartz, Pat Maguire, Mary Kate Riha, Bill Howard, Jeannette Adrey, Paul Orosz, and Pat Quarries.

Phil Young was elected as the new treasurer of the Newman Club at this meeting. He replaced Tommy Zettler who went out of state to school.

### 200 Art Teachers Attend Meeting at Ga. State College

Georgia State College was the meeting place for the Georgia Art Education Association meeting, Friday, Oct. 3. The Georgia Art Education Association is an affiliate of the Georgia Education Association.

Over two hundred art teachers of the primary and secondary school level attended this meeting. Faculty and student displays were also on hand.

The purpose of this meeting was to discuss problems of primary and secondary art education.

### Students Here Form Westminster Club

Monday, Sept. 29, the Presbyterian Executive Committee met with Mrs. Bonner to form the Westminster Club. Those in the executive committee are: Judy Guy, Mary Hankey, Fran Lloyd, Don Smith, Sara Jane Lehhard, Valerie Zuber, and Bill Sanderson.

The committee will plan meeting dates and activities for the club during the coming year.

### Music Dept. Needs Members In Glee Club, Choir and Band

The Music Department, is looking for talent to complete the ranks of the Girls Glee Club, the ROTC Choir, and the Georgia State Concert Band said Thomas M. Brumby, associate professor of music at Georgia State.

Girls interested in singing should meet in room 610 on Monday, and Friday at 9 a.m. The Glee Club appeared on WAGA-TV's School of the Air program last year. School appearances include assemblies, faculty parties, and Visitors Day.

ROTC members are forming the Cadet Choir. They meet in room 610 on Tuesday, Thursday, and Friday at 9 a.m. Forty boys have turned out for rehearsal so far, said Brumby.

The ROTC group appeared publicly last year, including several television performances. Mr. Brumby said he hopes for more appear-

ances this year.

Mr. Brumby stressed the importance of candidates reporting as soon as possible. Candidates should be present at every meeting, he added.

William H. Hill, director of the Georgia State Band, said there are also openings in the band for qualified students. He said there are currently 35 students in the band and that 40 more student musicians are needed. Every instrument from the piccolo to the bass horn is included in that 40, said Hill. The band meets each day in the band room on the sixth floor at 9 a.m.

**ALPHA PHI PLEDGE CLASS**—The Alpha Phi pledge class composed of 18 girls is shown after pledging ceremonies held Oct. 5 at the College. The group is shown across from the Registrar's office in the Gilmer Building.

### Sorority Pledge Invitations Are Issued to Rushees

Mrs. Kells Balands, President of the Atlanta Women's Panhellenic Council, and Mrs. Del Paige, a former president, recently visited Georgia State College. The purpose of their visit was to sort and arrange the invitations and bids for the Georgia State College sororities.

Monday, Sept. 29, the interested day students signed a form listing the sororities in order of their preferences. Wednesday the rushees picked up their invitations to pledge.

The evening students submitted their list of preferences Oct. 6. The invitations for those students were mailed Oct. 6. On Oct. 7, between 5:00 and 8:00, those who received bids reported to the Dean of Women's office.

### Riley Is Elected Treasurer of Alpha Lambda Delta Here

Marilyn Riley was recently elected the new treasurer of Alpha Lambda Delta, Georgia State chapter of the national honor society for women. Beverly Nash, the former treasurer, has transferred to another school.

There are three transfer members to Georgia State College's Alpha Lambda Delta. They are: Mary Ann Heron, Viola Bensus, and Betty Varner.

Membership is by invitation. Only those women day students who have a B plus average and carry a fifteen hour credit load for two quarters are eligible.

Night students must maintain a B plus average while carrying a ten credit hour load for three quarters.

**PANHellenic TEA** — All the sorority pledges were invited to a tea in the Stone Mountain Room of the college after ribbon pledging on Oct. 1. Panhellenic gave the tea. This was the first time the tea was given but plans are being made to make this an annual affair.

### Pres. of C&S Bank Is Initiated Into Delta Sigma Pi Here

Mills B. Lane, Jr., president of the Citizens and Southern National Bank, was initiated into the Georgia State College chapter of Delta Sigma Pi international professional business fraternity.

The initiation was held Sunday, Sept. 28, at the Heart of Atlanta Motel. Mr. Lane spoke to Georgia State College initiates and members at a banquet after the initiation.

Professors Have Obligation To Do More Than Teach

It seems the growing tendency in the past few years has been to criticize the youth of America for not conforming to the principles of conduct which the adult population consider proper.

In many colleges, student behavior and attitudes have not been exemplary of the mature type of person that the college student ideally should be.

The Signal feels, however, that at least a part of the reason for the failure of some college students to act as mature individuals lies with the instructor.

It is up to the professors to set the example and to come to class with the proper attitude about their job.

Classroom Representative Has Responsible Position

Last Wednesday and Thursday the election of classroom representatives to the Student Councils at Georgia State was held.

Instead the nomination of candidates and actual elections were carried out in a matter of minutes during the class period.

In a small group such as the classroom you will know your representative personally and you should make sure he is doing a thorough job.

It is the room representatives' job to attend meetings of Student Council and to represent the opinions of your class at these meetings.

Students government is important and will play a big part in formulating the regulations you are subjected to while at Georgia State.

Now that you have elected your representative make sure he is doing a good job in representing your class.

Another important student election will be held in the near future. Class officers to the student Council will be elected the latter part of this month.

Now is the time to begin reviewing the qualifications of each candidate for office.

Gymnasium Building Sorely Needed at Ga. State College

One more school year has rolled around and still Georgia State College goes lacking in one of its greatest needs.

The old gymnasium has been torn down now and there is no assurance that the new building will be built any time in the near future.

We realize that there are reasons why construction has not been started on the new Gymnasium but we also realize the crying need for a gym now.

We are not complaining, but merely asking why the delay. We have been given the right to grant degrees in many fields of academic endeavor and we also have a fine faculty and student body.

planting the seed. You must pull the weeds from around the growing plant and till the soil each day.

An education does not consist of academic work alone. In order to develop the whole person, there has to be a balance between academic work and social life.

The professor should not be completely against social life but should strive to encourage the proper balance in the students' life.

So the professor should not chastise the student and blame him completely for his immature actions. Rather the professor should examine his own actions and the manner in which he carries out his job.

GSC Art Department Is Doing Excellent Job for College

Joseph G. Almyda of the GSC art faculty recently won a second place award for a painting exhibited in a southeastern art competition.

These awards are indicative of the quality of the work produced by the Art Department at Georgia State.

Both Perrin and Almyda plan to exhibit paintings during the coming year in Art exhibitions throughout the Southeast.

The entire Art Department is to be congratulated for the fine job they are doing in representing Georgia State College.

Interfraternity Council Football Begins Here Oct. 19

On Sunday, October 19, the Georgia State College Interfraternity Council football league will begin the fall schedule of football games.

Although Georgia State does not compete on the inter collegiate level in football competition in the touch football league is very spirited.

The Interfraternity Council touch football league is composed of the fraternities at Georgia State. Many ex-high school and college football players are on the squad of the fraternity teams here.

Games are played each Sunday at Piedmont Park during the football season. There is no admission and the entire student body is invited out to watch the games.

Ga. State May Be First College To Offer Business Art Major

Georgia State College has taken one more step forward in providing a greater diversity of degree programs.

With the recently approved addition of the Bachelor of Business Administration degree with a major in Business Art Georgia State College becomes perhaps the first college in the nation to offer this type program.

The program is scheduled to begin operation here in January of 1959. Joseph Perrin, head of the Art Department, will be in charge of the new program.

Congratulations to Ga. State Chapter of Kappa Sigma Frat.

Congratulations to the Georgia State Chapter of Kappa Sigma National Fraternity.

The chapter formerly operating as, Sigma Kappa Chi, was recently initiated into Kappa Sigma.

With the initiation of Sigma Kappa Chi into Kappa Sigma, there are currently five national fraternity chapters active at Georgia State College.

Sigma Alpha Nu is petitioning Sigma Nu National Fraternity for admittance and Pi Alpha is petitioning Pi Kappa Alpha for admittance to their organization.

Social organizations are a vital part of the existence of a college and the Signal congratulates the Georgia State Kappa Sigma Chapter on their admittance to the national organization.

Veterans News

The Veterans Administration Regional Office has released the following information on the War Orphans Education Assistance program.

Generally, the people who are eligible are children between the ages of 18 and 23 of veterans who died from disease or injury incurred or aggravated in line of duty in active service during one of the following three periods:

There are times in the life of each individual when he wishes he could run away from a problem or problems with which he is faced.

For otherwise eligible children under age 18, the benefit may be provided if the children have graduated from high school, or, if not a high school graduate, are above the age of compulsory school attendance and the Veterans Administration finds it would be to their best advantage to begin schooling before reaching age 18.

The Veterans Office of Georgia State College, located in Room A-105, Gilmer Street Building has information concerning this program as well as the procedures

MARTHA FREE

Problems Provide Balance For The Scales of Life

"However mean your life, meet it and live it, do not shun it and call it hard names. It is not so bad as you are. The fault-finder will find faults even in Paradise. Love your life, poor as it is."

There are times in the life of each individual when he wishes he could run away from a problem or problems with which he is faced. One of the hardest tasks in the world is to face problems squarely, especially when there seems to be no possible solutions in sight.

THERE ALSO are times in the life of each person when he experiences defeat. How easy it is to say after a defeat, "I give up. There is no hope. I am a failure."

Dr. Charles Allen, pastor of the Grace Methodist Church, in a recent column, enumerated the de-

for applying, length of training, type of training, monthly rates and special restorative training. The Veterans Office will be glad to assist all people meeting the provisions of this Bill, and who are interested in training within the provisions of this Bill.

ROD SPICER

Greatest Wonder of All Is The Regularity of Nature

More and more of late I have experienced a restlessness and a feeling of boredom as I faced the new day and carried out the necessary activities.

In my last column I spoke of medicine chest, nature, and once again felt better.

In pursuit of these thoughts I am reminded of a statement by G. D. Boardman who once said, "The ignorant man marvels at the exceptional; the wise man marvels at the common; the greatest wonder of all is the regularity of nature."

IT MATTERS not whether we pause to look at a sunset, stoop to take a handful of good earth in our hands, smell the fragrance of rain hitting thirsty soil, or listen to the sighing of the wind, these are the things which put life in life.

Existence in modern society, and holding down a job, particularly an office job, is conducive to making us forget about the wonders of nature and to place too much importance on our jobs. But if we are to enjoy life and maintain a healthy perspective on life then we must take time out to occasionally commune with the mother of all life, nature.

Realizing the cause of my bad mood, I once again went to my

A new idea in smoking...

Salem refreshes your taste

- menthol fresh
• rich tobacco taste
• modern filter, too

Refreshing! Yes, the smoke of a Salem is as refreshing to your taste as a dew-sparkled Spring morning is to you! Now get the rich tobacco taste you love, with a new surprise softness and easy comfort. Through Salem's pure-white modern filter flows the freshest taste in cigarettes. You take a puff... it's Springtime!

Smoke refreshed... Smoke Salem

# Alumni President Cites Aims For the Coming Year

Dear Active Members:

I want to take this opportunity to mention to you a few of the aims of your association for this coming year, while I am serving as your President.

First, let me say that it is our desire to cooperate with the college and its outstanding President, Noah Langdale, to the fullest. We are just now awakening to the tremendous opportunities we have here of building the most outstanding educational institute of its type in the South. This is entirely within the grasp of possibility, but success will involve the cooperation of all—the college administration, the faculty, the student body, and especially the Alumni.

In the last issue of the Signal we told of some of the outstanding achievements of the Alumni Association during the past few years. If we are to continue to contribute to the growth of the school, we ourselves must grow.

To you who have renewed your membership already this year, and to those who have realized this need and joined us for the first time, I would like to extend my sincere thanks for your interest and active participation. We know that it is only through a large active membership that we, as the Alumni Association of Georgia State, can truly gain a voice in the destiny of our school. Already this year we have attained the largest roll of active members in our history, but this is still pathetically small compared to the number of inactives in our files. The Alumni Office has informed me that there are over 10,000 alumni and former students who are eligible for membership in the Association. Many of these alumni are not aware of the fact that only the completion of eight courses is necessary for membership in the Association. Many others who attended Georgia State in earlier years when we were affiliated with Georgia Tech and the University of Georgia, do not realize that they are eligible for membership in the Georgia State Alumni Association also.

Experience has shown us that personal contact is one of the surest methods of spreading your interest and showing our non-members just how much we need and want them to join us. More than anything, I would like to see your enthusiasm spread, and through you, as our active members, reach our goal of at least doubling our active membership this year.

May I ask that each of you make it your business to contact at least one friend or acquaintance, and tell him about our pressing need of his membership. In a few weeks all active members will receive an envelope containing several blank envelopes. We shall ask that each member give these envelopes to prospective members for us. You can also give the Alumni office a telephone call at any time during the day (JA. 3-781, ext. 50) and the staff will be very glad to mail information and forms out to anyone you suggest.

I urge everyone to give their full support to the coming membership campaign and live up to our slogan for the year: "Be a member — Get a member."

Sincerely,  
**Thoben Elrod, President**  
 National Alumni Association of Georgia State College

**NOTES OF INTEREST** . . . from here and there . . .

We hear by the old grapevine route that F. M. Osteen, class of 1935, has recently been promoted to Division Revenue Account Manager of the newly created East Tennessee Division of Southern Bell Telephone and Telegraph Co., in Knoxville, Tenn. He was Knoxville District Auditor at the time of this appointment.

**Robert C. Lowe, Jr.**, Class of 1938, is in Palm Springs, Calif., for the meeting of the Board of Directors of the American Association of Advertising Agencies. Bob, who is serving another three year term on the Board of Directors of the Alumni Association, is Chairman of the Southeast Council of American Association of Advertising Agencies.

Another of our traveling alumni is Mrs. Margaret England Burks, Class of 1950, who, with her husband Jesse, is taking her vacation during this lovely season of the year. They plan to spend one week in St. Louis with Margaret's father, and return to Sea Island, for the second week. Margaret is the secretary of our Alumni Association Board of Directors.

You may have already heard that Emory A. Johnston, Class of 1947, has moved to Birmingham, Ala., where he is now Executive Vice-President of the Southern Steam Carpet Cleaning Company. We will miss having this very active member in the Atlanta area, but our best wishes go with him in his new position.

**BLOOD DONORS** — Members of Phi Alpha Fraternity here line up at a local blood bank for donations. The fraternity is answering a call for 30 pints of blood for a patient at Grady Hospital.

## Administrative People: News, Views and Clues

Signal Staff Writer  
 By JAN SWINT

We congratulate Mr. John Shuptrine, Assistant Registrar and Director of Machine Operations, upon his recent election as president of the Atlanta Chapter of the National Machine Accountants Association.

On Sept. 20, 1958, President and Mrs. Noah Langdale held open house for members of the faculty and staff.

Georgia State welcomes Dr. C. L. Grant as the new Assistant to the Dean of Arts and Sciences. Dr. Grant, a native of New York State, comes here from the University of Alabama, Birmingham Center. While there, he was Assistant to

## \$35,000 Spent On Biology Dept. Here

Dr. Reiber, head of the Biology Department, announced approximately \$35,000 has been spent on remodeling rooms and buying new equipment for the Biology Department.

Some of the improvements are: a microtone room for making slides, a slide room for filing the slides, and a microscope technique lab, where students learn to make slides. Three more new rooms are being used by the nurses. They are two labs and a lecture room. One of these labs will be used for higher biology courses next quarter. A library, for biology students only, also was added, and the General Zoology lab also was enlarged.

Plans have been submitted for more remodeling and construction of new labs that will occupy a 4500-square-foot area on the fourth floor. The cost will be between \$15,000 and \$20,000.

This area will include bacteriology, basic biology, invertebrate, and vertebrate labs, and a lecture room to serve these labs.

## 2nd Annual Credit Institute Held At Georgia State

More than 1220 persons registered for the Second Annual Georgia Credit Institute. The institute was presented in cooperation with the Georgia Credit Union League and was held here on Oct. 3 and 4. The Credit Union is an organization of employees who band together for saving and lending purposes.

The purpose of the Institute was to educate supervisory personnel of credit unions throughout Georgia State and surrounding states. Eight topics were discussed by prominent speakers, emphasizing the theme of the Institute—"meeting tomorrow's challenge to credit unions."

## Old Gymnasium Site Used for Faculty Parking

The old gymnasium site has been converted into a parking lot. It is primarily reserved for faculty only, but if there is extra space, it is used for student parking. Bob Todd, manager of the lot says that efforts are being made to buy the surrounding property and enlarge the school parking facilities, but so far, no progress has been made. An engineering survey is being made to erect buildings in this area with plans for underground parking provided.

## Faculty Standing Committees For 1958-59 Are Announced

The standing committees for 1958-59 were recently elected by the faculty. These committees and members of each committee are as follows.

The Administrative Council is C. Sutherland, and William T. Tucker.  
 \* \* \*  
**MEMBERS OF the Building and Grounds Committee** are: V. V. Lavroff, ex-officio; W. W. Broland, John W. Cook, Kenneth U. Flood, Joseph E. Perrin, and Charles A. Williams.  
**Members of the Registration Committee** are: J. D. Blair, ex-officio; Marion Gaertner, Hal Hulse, Fritz A. McCameron, Michael H. Mescon, Catherine E. Miles, and John B. Moore.

**Student Activities Committee members** are: William M. Suttles, ex-officio; Dozier C. Cade, Norman X. Dressel, Carol W. Ehlers, Stephen Paranka, Bascom O. Quillian, Bailey M. Wade, and Presidents of Day and Evening Student Body.  
**Members of the Raymond H. Dominick Fund Committee** are: Ernest W. Ogram, and Henry C. Edna C. Herren, Martha Johnson.

**Members of the Athletic Committee** are: Kenneth Black, Francis J. Bridges, Herbert Burgess, B. Jane Hart, and George L. Pate.  
**Members of the Library Committee** are: W. Wilson Noyes, ex-officio; Sue Atkinson, Ruth Bonner, Kenneth Flood, Stuart McFarland, John B. Oliver, and Raymond C. Sutherland.

**Members of the Standards Committee** are: J. D. Blair, ex-officio; J. C. Horton Burch, ex-officio; George E. Manners, ex-officio; W. Wilson Noyes, ex-officio; Jack Biles, chairman; Robert S. Christian, E. T. Eggers, H. C. Jones, David J. Schwartz, secretary; and Anthony Stampolis.

**The Faculty Manual Committee** consists of: John Alexander, James F. Crawford, William G. Scott, R.

**Members of the Student Discipline Committee** are: William M. Suttles, ex-officio; Zona Bennett, Robert K. Brown, secretary; Willys R. Knight, George Malanos, Gaines W. Walter, and Robert W. Walts, chairman.

**The Faculty Council members** are: J. D. Blair, ex-officio chairman; J. C. Horton Burch, ex-officio; William M. Grubbs, James E. Hibdon, Hal Hulse, Jack Blicksilver, Herman F. Kurtz, George E. Manners, ex-officio; and W. T. Tucker.

**Members of the ROTC Here Has Record Enrollment For Fall Quarter**  
 Two enrollment highs were set during this fall quarter in ROTC registration here at Georgia State. 497 men enrolled in ROTC classes to set this all time record which is an increase over the old record of 407 which was set Fall Quarter 1954-55.  
 Freshman registration also reached a new peak of 273 men which is an increase over the previous record of 215 which was set last year, said Major Hayes, assistant professor of military science and teaching.  
 "Our total enrollment was well over the 500 mark until approximately 20 freshmen failed physical tests," Major Hayes continued.  
 The number of advanced ROTC students was limited this year because the Army only awarded Georgia State 33 contracts to students who wish to obtain a commission in the Army Reserves. This quota created a problem because 40 students enrolled for the advanced class, seven of whom will not be able to get a commission unless there is an opening later this year.

**SIGNAL BEACON** — Sue Fann, 18 year old Freshman at Georgia State College, is the Signal's choice for this week's Beacon Girl. Sue is enrolled in the Arts and Science School here and is majoring in music. Her hobbies are swimming, singing, piano playing and just plain loafing. The 5' 8" brown-eyed brunette is currently taking singing lessons and has appeared on Freddy Miller's TV show. As for her future plans Sue says she is hoping for a professional singing career. Sue is currently employed in the Guidance Office here.

**PAY SCALE RAISED**

**Federal Service Entrance Examination Given Now**

This fall, the United States Civil Service announced a new Federal Service Entrance Examination. This is the examination through which the Federal government provides for its annual intake of college graduates into most occupational fields in the competitive civil service other than the engineering and scientific professions.

The new examination for the present academic year is available in the placement office. The announcement gives such details on the revised examination as how to apply, the written test dates, qualifications required, and the career fields open to students.

The last Congress increased the Federal pay scale, making it possible to pay higher starting salaries now than in the past. The starting salary for a student with a bachelor's degree and no experience will range from \$4,040 to \$4,980 per annum. Under this year's recruiting plan, students with a B average or who are in the upper 25 per cent of their class and who make higher scores on the written

examination, will be qualified for consideration by employing agencies at the higher salary.

All persons who attain final eligibility in the Management Intern portion of the examination will be qualified for consideration at \$4,980 per annum. Management Intern eligibles who, in addition to a bachelor's degree, have one year of graduate study or qualifying experience, will be qualified for consideration at \$5,985 per annum.

It is vital to our government that a representative number of the nation's most talented young people each year choose a career with the Federal civil service. Students who want more information about the employment opportunities offered through the Federal Civil Service Entrance Examination, should see their Placement Officer or write to the Regional Director, Fifth U.S. Civil Service Region, 275 Peachtree Street, N. E., Atlanta, Georgia.

**Almyda Places 2nd In Southeastern Art Exhibition**

Joseph G. Almyda, Georgia State Art instructor, who last year took third place in the Southeastern Art Exhibition, took second place in the same show this year.

His painting "Infanta," done in oil, is a non-objective work centered about realistic form and shape. The painting was characterized by strong color.

Mr. Almyda has received honorable mention in other Southeastern Art Exhibitions in previous years. He received his Master's of Arts degree from Florida State University and is now studying languages at Emory.

The show is sponsored by the Atlanta Art Association and is open to the public at the Art Association through Oct. 12 and will be shown at Davison-Paxon's downtown department store windows, Oct. 13-18.

**\$50,000 Prize Offered In "Share of America Contest"**

Some lucky student can be \$50,000 richer by next semester, and with a bit of skill, can work his way through graduate school by playing the stock market.

The Remington Rand Electric Shaver "Share of America" Contest's first prize with bonus is \$50,000 worth of stocks and bonds of the winner's choice from all the issues traded on the American or New York Stock Exchanges.

In addition to the grand prize, 407 other prizes will be awarded ranging from a \$30,000 investment portfolio to \$100 U.S. Savings Bonds. Remington Rand will pay all brokerage fees.

The contest starts Oct. 13 and lasts until Nov. 26. The contest simply calls for the completion of 25 words or less of the statement: "A Remington electric shaver is an ideal gift because . . ." Entry blanks are available everywhere Remington shavers are sold. If any winner has bought a Remington electric shaver during the contest period, a bonus will double the amount of his winnings.

Last year's winner used her stock dividends to finance a dream trip to Europe.

**TENNIS TEAM** — Members of last year's highly successful tennis team are shown with Coach Francis Bridges. The players kneeling left to right, are Bob Clark and Bryl Weiner. Standing left to right, the players are Pat McGlon, Don Hankinson, Wilt Straley and Al Griffith. Clark and McGlon return for this year's team.

**6 Players Return From Tennis Team**

The tennis team, after an outstanding season last year of winning 10 out of 13 games including a victory over the University of Alabama, returns with not such high expectations for this season, said Dr. Francis Bridges, team coach. The team loses Wilt Straley, Herbert Krumbine, and Captain Al Griffith from last year.

The team needs at least five additional people to back up the returning players are: Alternate Captain Bob Clark, Don Hankinson, Pat McGlon, Marcus Strickland, Roger Jones, and Mel Little, said Bridges.

Dr. Bridges said he is in the process of contacting the following schools for possible matches: University of Alabama, Clemson College, Furman University, Florida State University, Stetson University, Emory University, University of South Carolina, Oglethorpe University, Mercer University, and Howard College. The team never has had competition as strong as this and has never been to Florida before. This is the first year they will play Florida State and Stetson.

Formal practice begins soon after Christmas, but several informal practices will be held this fall. Anyone interested in playing may contact Dr. Francis J. Bridges in Room 444.

**Actuarial Science Program Begins Here This Quarter**

The Actuarial Science Program is being initiated this fall at Georgia State College by the Southeastern Actuaries Club.

Georgia State is one of a handful of colleges in the country and the first in the Southeast to offer this program.

It is designed to prepare students for executive positions in insurance companies.

Actuaries, the top mathematical experts in insurance, are in demand throughout the country.

An actuary must be a person of broad interests and general culture. He must be familiar with mathematical reasoning and the role of a business executive.

The Actuarial Science concentration will include many of the courses now required of insurance majors. In addition, there will be courses in algebra, trigonometry, geometry, calculus, finite differences, probability theory, statistics, and actuarial techniques and procedures.

The course is open to graduates and undergraduates.

**Grade Achievement Award Given 15 ROTC Cadets Here**

Fifteen cadets at Georgia State were awarded the Academic Achievement Award for having achieved an academic standing within the top ten percent of their respective military science class.

These awards were announced recently by Lt. Col. William P. David, professor of military science and tactics at GSC.

The cadets receiving these awards are as follows: Senior ROTC; Clifton G. Kemper, James R. Lumry, John P. Maguire; Junior Class, Don E. Germano, Frank T. Hannah, Mercer R. Peak; Sophomore Class, Jimmy E. Bowden, John D. Burns, Joel A. Butler, Leon Froshin, Stephen K. Fuller, William J. Ivey, N. Koves-Toronyi, James A. Liesendahl, and Harry W. Van Houten.

**PUBLISHED ANNUALLY Directory Lists How to Obtain Funds For Graduate Study**

Complete information on how to obtain graduate study funds, ranging from \$200 up to \$10,000, is now available in the second volume of the World-Wide Graduate Award Directory. Over 250 universities and foundations from almost every state, and over 100 foreign universities have sent information to be included in this new volume.

Among the awards are many that have gone begging in former years because qualified applicants didn't know about them. This guide to graduate study awards is published annually by The Advancement and Placement Institute to provide the needed communication link between administrators of assistance programs and potential candidates.

**THIS DIRECTORY** is the only comprehensive global compilation of graduate awards devoted entirely to American scholars, educators, librarians, scientists, and social scientists. Volume II presents completely new and additional data from Volume I which was published in 1957.

Current information about the fellowships, assistantships, scholarships, loans, prizes, and self-help programs includes candidates' pre-requisites, place of application and descriptions of the study programs.

Copies of both volumes of the World-Wide Graduate Award Directory may be examined at many graduate schools, university placement or dean's offices, libraries, or may be ordered from the Institute, Box 99H, Greenpoint Station, Brooklyn 22, N. Y. The price is \$3.00 for each volume or \$5.00 for the two volumes.

**Journalism Careers Workshop To Be Held Here Nov. 11**

The Careers in Journalism workshop will hold its second annual meeting at Georgia State College Nov. 11. The meeting will be held in the student lounge and will begin at 6:30 p. m.

Dr. Dozier C. Cade, head of the Journalism Department and director of Public Relations at Georgia State, announced that the principal speaker will be Furman Bisher, sports editor of the Atlanta Journal.

The workshop is sponsored by the Atlanta Professional Chapter of Sigma Delta Chi, national journalistic association.

Dr. Cade, who is also First Vice President of Sigma Delta Chi, is aiding in the program arrangement.

**3 Members of ROTC Here Get Award**

Three members of Senior ROTC at Georgia State have been chosen as Distinguished Military Students by Lt. Col. William P. David, professor of military science and tactics, and his staff.

These students are Cadet Colonel John H. Cowart, Battle Group Commander; Cadet Lt. Col. Edward L. Cartwright, Jr., Executive Officer; and Cadet Major Harold A. Lowe, Company Commander.

These three cadets are now eligible to apply for a commission in the regular Army if they continue to maintain the same high standards they have formerly achieved.

Lt. Col. David stated that these distinguished students were chosen for possessing outstanding qualities of leadership, high moral character and an aptitude for military service. They were also selected for an academic standing in the upper half of their class, leadership ability through their achievements while participating in campus activities, and academic standing in the upper third of their Senior ROTC class.

Last year Ron Crowley and John Vaughn were selected as distinguished military students at GSC and both accepted commissions in the Army after graduation.

**Cheer Leaders To Add 3 New Girls To Team This Fall**

Veteran cheerleaders at Georgia State will be joined by three new aspirants in a few weeks, according to team captain, Pooh Richardson.

Tryouts to select the three girls that will bring the team up to eight members will be conducted in the near future. During the next seven weeks of practice veteran cheerleaders and the Athletic Committee will narrow the field of prospects down to three.

Principal officers of this year's cheerleading team are: Jane Hart, sponsor; Pooh Richardson, captain; Carol Freeman, co-captain; Lucy Speth, secretary and treasurer; and Pepper Helms, poster chairman.

This season will be unique in that it will mark the first time the cheerleaders will leave home base for out-of-town games.

All girls interested in cheerleading should be in the Stone Mountain Room at 10 o'clock next Monday.

**5 Members of GSC Art Faculty To Show Works in Exhibit**

Five members of the Georgia State College Art Department faculty will display works at an exhibit to be held in the Art Gallery of the Atlanta Public Library in April, 1959.

Among those participating will be Joseph S. Almyda, whose works will be in painting and advertising design. He is formerly a member of the faculty of Florida State University and has worked as a fashion illustrator for leading department stores in California, Texas, and Miami, Florida. He is also a designer for Dolphin Greeting Cards.

Richard T. Palmer will feature articles in ceramics and crafts; Miss Virginia Sewell, painting, drawing, and Advertising Design; Mrs. Sue Langle painting and crafts, and Mr. Joseph S. Perrin, Head of the Department, painting and drawing. Mr. Perrin won the Annual Picture of the Year Award of the Exhibit last year with an oil painting called, "Still Life With Blue Vase".

The exhibit will also feature works of the advanced students of the Department.

**MR. LORD**

**Night Watchmen Stay Busy With Variety of Tasks at GSC**

By SHERRY NICHOLS  
Signal Staff Writer

Have you ever thought about a job that involves working from 6:00 p.m. to 7:00 a.m., making a complete round of a college campus every 45 minutes, escorting young girls to their cars, fixing flat tires, repairing car motors by the light of a match, securing brooms, and mops for sorority members, and giving advice to the love lorn? These are some of the various and interesting duties of Mr. Guy Lord, senior member of the night hatchman staff here.

A native of Athens, Mr. Lord, to the radio or just talk when they are not making the rounds said Mr. Lord.

Another reason Mr. Lord said he enjoys his job is because it enables him to spend a lot of time at home. He has been married 31 years and has two daughters and two grandchildren.

**Perrin Exhibits Paintings at Art Conference in SC**

Mr. Perrin, Head of the Art Department, recently exhibited one of his paintings at the Annual Conference of American Museum Directors at the Gibbs Art Gallery in Charleston, S. C.

Canadian and American museum directors assembled in the Gibbs Art Gallery in honor of the association.

Mr. Perrin was among fifty painters selected from the eastern United States who was invited to show one of his paintings at the conference.

The paintings were exhibited in the gallery during the three days of the conference and later taken on tour through Virginia and the southeastern states.

The Staff usually likes to listen.

**SAIL ON, SAIL ON!**

I suppose October 12 is just another day to you. You get up in the ordinary way and do all the ordinary things you ordinarily do. You have your breakfast, you walk your ocelot, you go to classes, you write home for money, you burn the dean in effigy, you watch Disneyland, and you go to bed. And do you give one little thought to the fact that October 12 is Columbus Day? No, you do not.

Nobody thinks about Columbus these days. Let us, therefore, pause for a moment and retell his ever-glorious, endlessly stirring saga.

Christopher Columbus was born in Genoa on August 25, 1451. His father, Ralph T. Columbus, was in the three-minute wash water. His mother, Eleanor (Swiftly) Columbus, was a sprinter. Christopher was an only child, except for his four brothers and eight sisters. With his father busy all day at the auto wash and his mother constantly away at track meets, young Columbus was left pretty much to his own devices. However, the lad did not sulk or brood. He was an avid reader and spent all his waking hours immersed in a book. Unfortunately, there was only one book in Genoa at the time—*Care of the Horse* by Aristotle—and after several years of reading *Care of the Horse*, Columbus grew restless. So when rumor reached him that there was another book in Barcelona, off he ran as fast as his fat little legs would carry him.

The rumor, alas, proved false. The only book in Barcelona was *Cuidar un Caballo* by Aristotle, which proved to be nothing more than a Spanish translation of *Care of the Horse*.

Bitterly disappointed, Columbus began to dream of going to India where, according to legend, there were thousands of books. But the only way to go to India was on horseback, and after so many years of reading *Care of the Horse*, Columbus never wanted to clap eyes on a horse again. Then a new thought struck him; perhaps it was possible to get to India by sea!

Fired with his revolutionary new idea, Columbus raced to the court of Ferdinand and Isabella on his little fat legs (Columbus was plagued with little fat legs all his life) and pleaded his case with such fervor that the rulers were persuaded.

On October 12, 1492, Columbus set foot on the New World. The following year he returned to Spain with a cargo of wonders never before seen in Europe—spices and metals and plants and flowers and—most wondrous of all—tobacco! Oh, what a sensation tobacco caused in Europe! The filter had long since been invented (by Aristotle, curiously enough) but nobody knew what to do with it. Now Columbus, the Great Discoverer, made still another great discovery: he took a filter, put tobacco in front of it, and invented the world's first filter cigarette!

Through the centuries filters have been steadily improved and so has tobacco, until today we have achieved the ultimate in the filter cigarette—Marlboro, of course! Oh, what a piece of work is Marlboro! Great tobacco, great filter, great smoke! And so, good friends, when next you enjoy a fine Marlboro Cigarette, give a thought to the plucky Genoese, Christopher Columbus, whose vision and perseverance made the whole lovely thing possible.

© 1958 Max Shulman

And thank Columbus too for Philip Morris Cigarettes, for those who want the best in non-filter smoking, Philip Morris joins Marlboro in bringing you these columns throughout the school year.

**VISITOR** — Major General Frank F. Bowen, Jr., is shown being greeted by President Noah Langdale, Jr., as he pays a visit to Georgia State College.
